Return Of The Quetzal

William Walter Hastings

Return Of The Quetzal:

Return of the Quetzal Margaret Gill, 2003-01-13 *Return of the Quetzal* is a ripping good yarn a wonderfully dramatic story based on the theme of faiths religious faith false faith faith in one s self in other people and in one s roots The teenage heroine Meg uprooted from her smug little middle class life in England struggles to find her place in the multi cultural broil of a small Central American country She stands alone in both her doubts about the strangely compelling and mysterious new teacher and in her search for her missing brother until she meets Tony her first friend in a strange country and her first love The quest for her brother in the heart of the Costa Rican Rain Forest is beautifully realized as is the terrific final climax to the book Bette Paul Children s Author and Winner of the Carnegie Medal

Liisa North, Alan Burtham Simmons, 1999 Includes statistics *Reports of Overseas Private Investment Corporation Determinations* Michael D. Nolan, 2011 This comprehensive two volume work is a collection of determinations from OPIC the US governmental political risk insurance provider in the form of its Memoranda of Determinations from 1966 through to 2010 An important part of international investment law and policy is the political risk insurance coverage provided to international investors by their home states and multilateral organizations such as the World Bank These programs are of crucial importance to the growth of international investment flows and the development of international investment law The insurance claim decisions and as a result this area of international law has received disproportionately little attention This reference work is the first to make the underlying primary material available to the investment law political risk and academic communities The authors have made the claims determinations more accessible with the inclusion of headnote summaries for all determinations The determinations reflect the decisions of OPIC under US and international law and therefore have a significant impact on its future claims determinations They reveal what types of claims have been honored for expropriation political violence or convertibility transferability restrictions Users of political risk insurance worldwide will find this collection invaluable in understanding what events are and are not in fact covered and deciding whether to obtain insurance coverage These OPIC determinations will also contribute to the development of arbitral jurisprudence regarding government actions that are alleged to be in violation of investment protections found in investment treaties and investment law They are additionally of interest in the context of the presentation and determination of future OPIC claims and decision making by other political risk insurance providers **The Pleiadian Mission** Randolph Winters, 2011-06-15 **Dawn on Kukulkan** Jock Whitehouse, 2011-08-01 In this exhilarating sequel to his acclaimed *Ledge of Quetzal* Whitehouse takes us to the sacred ballgame at Chichen Itza Kukulkan that will determine the fate of human life on earth In the tradition of Carlos
