Cooper,Adrienne Auslander Munich,Susan Merrill Squier,2000-11-15 Although the themes of women s complicity in and resistance to war have been part of literature from early times they have not been fully integrated into conventional conceptions of the war narrative Combining feminist literary criticism with the emerging field of feminist war theory this collection explores the role of gender as an organizing principle in the war system and reveals how literature perpetuates the ancient myth of arms and the man The volume shows how the gendered conception of war has both shaped literary texts and formed the literary canon It identifies and interrogates the conventional war text with its culturally determined split between warlike men and peaceful women and it confirms that women s role in relation to war is much more complex and

complicitous than such essentializing suggests The contributors examine a wide range of familiar texts from fresh perspectives and bring new texts to light Collectively these essays range in time from the Trojan War to the nuclear age The contributors are June Jordan Lorraine Helms Patricia Francis Cholakian Jane E Schultz Margaret R Higonnet James Longenbach Laura Stempel Mumford Sharon O'Brien Jane Marcus Sara Friedrichsmeyer Susan Schweik Carol J Adams Esther Fuchs Barbara Freeman Gillian Brown Helen M Cooper Adrienne Auslander Munich and Susan Merrill Squier

When Toys Come Alive Lois R. Kuznets, 1994-01-01 In this work the author studies the role of toy characters in works ranging from older classics such as Pinocchio and Winnie the Pooh to modern texts such as The Mouse and his Child and the comic strip Calvin and Hobbes science fiction with robots and cyborgs **The Theological and Miscellaneous Works.**

Brink, 2002 One cause of the behavioral emotional and mental torment in a person's life is the psychological trauma that results from the actions and words of parents and others This volume examines the effect of such trauma on a child's development and how the resulting torment eventually brings this child as an adult to psychotherapy

On Longing Susan Stewart, 1993 An analysis of the ways in which everyday objects are narrated to animate or realize certain versions of the world The Theological and Miscellaneous Works of Joseph Priestley Joseph Priestley, 1780 Louth, 1891 **Louth old corporation records, compiled by R.W. Goulding** Richard William Goulding, 1891 **The New York Times Book Review**, 1965-10 **Red, White, and True** Tracy

Crow, 2014-08-15 Even as we celebrate the return of our military from wars in the Middle East we are becoming increasingly aware of the struggles that await veterans on the home front Red White and True offers readers a collection of voices that reflect the experiences of those touched by war from the children of veterans who encounter them in their fathers recollections of past wars to the young men and women who fought in the deserts of Iraq and Afghanistan The diversity of perspectives collected in this volume validates the experiences of our veterans and their families describing their shared struggles and triumphs while honoring the fact that each person's military experience is different Leila Levinson's powerful essay recounts her father's experience freeing a POW camp during World War II Pulitzer Prize winning author Tracy Kidder provides a chilling account of being a new second lieutenant in Vietnam Army combat veteran Brooke King recounts the anguish of raising her young children by day while trying to distinguish between her horrific memories of IED explosions in Baghdad and terrifying dreams by night These individual stories of pain and struggle along with twenty nine others illustrate the inescapable damage that war rends in the fabric of society and celebrate our dauntless attempts to repair these holes
