**Fantasy** David P. Levine, 2018-03-26 Recent trends in politics culminating in the US with the election of Donald Trump both provoked and expressed a troubling intensification of emotion in the body politic Heightened levels of anger frustration and distrust the dismissal of the norms of politics and policy making and the prevalence of intractable conflict indicated an increase in the power of regressive forces The power of these forces takes the form of dark fantasies involving the loss indeed the destruction of safe space the prevalence of existential threat and the corrosion of the kinds of relationships that make living in the world tolerable This book explores the emotional meaning of regressive movements in contemporary politics with special reference to Trump and his supporters Its main hypothesis is that the primary goal of these movements is not to restore a lost world of safety and wellbeing as they claim it is but to make their members experience of the destruction and loss of that world universal **Alpha Maddox** Emilia Rose, 2022-03-10 A forbidden bond an unruly alpha

and a love that defies the Chaos Mates are supposed to last forever but I discovered mine with another man nine years ago Each night I plead for a second chance to find a mate who can love a callous alpha like me When the full moon ascends upon our dark valley I find myself staring at Jade my worst living enemy and that innate urge to mark her claims my wolf I despise the mate bond with her I've hated her for what her father did to my life But the relentless pull between us is undeniable and my wolf refuses to let her go Alpha Maddox is a standalone novel within the Wolves of Chaos Valley shared universe series Join us in a tale of forbidden love untamed alphas and a bond that defies the very essence of Chaos itself in this enemies to lovers age gap werewolf romance In Chaos Valley there is only one way for wolves to find their fated mates Once a year in the heat of summer the Chaos descends Seven days and seven nights for your animal instincts to run wild under the blood red moon One week to find the wolf or wolves who would make your lives complete But without warning it stopped Nine long years have passed since this essential magic bathed these territories And when it finally returns anarchy will reign What kind of madness and mayhem will abound when the wolves of Chaos Valley are finally let off their leash When their one shot at true and abiding love is finally set free Dive into the world of the Wolves of Chaos Valley and read eleven stories of fated mates steamy hot alphas and feisty heroines **Deleuze and Becoming** Samantha Bankston, 2017-11-16 Deleuze's concept

of becoming provides the key to his notoriously complex metaphysics yet it has not been systematized until now Bankston tracks the concept of becoming and its underlying temporal processes across Deleuze's writings arguing that expressions of becoming's appear in two modes of temporality an appropriation of Nietzsche's eternal return the becoming of the event and Bergsonian duration the becoming of sensation Overturning the criticisms launched by i ek and Badiou with conceptual encounters between Bergson Nietzsche Leibniz Borges Klossowski and Proust the newly charted concept of double becoming provides a roadmap to the totality of Deleuze's philosophy Bankston systematizes Deleuze's multi mirrored universe where form and content infinitely refract in a vital kaleidoscope of becoming      Heritage of Cyador L. E. Modesitt, Jr.,2014-11-18

Scarcely a year after the events of Cyador's Heirs Lerial uses his mastery of Order and Chaos the competing natural forces that shape his world and define the magic that exists within it to utterly destroy an Afritan military force crossing into Cigoerne Five years later Lerial now an overcaptain and a field commander of Cigoerne's Mirror Lancers must lead three companies of troops into Afrit on a mission of mutual interest neighboring Heldya is threatening to invade Afrit and if that nation falls Cigoerne is certain to be next The mission is both delicate and dangerous Lerial's value in the effort to repelling Heldya is undeniable but his troubled history against Afrit may reopen old wounds that will never truly heal      **The Survey** ,1922      **The Meaning of Modern Life as Sought for and Interpreted in a Series of Lectures and Addresses by the Leaders of Modern Thought and Modern Action** Charles Francis Horne,1907      **Complete Pocket-guide to Europe** Osgood, James R., and Co., publishers,1883
