de la Roche went on to the top of bestseller lists with a series of sixteen novels expanding the story of a Canadian family named the Whiteoaks living in a house called Jalna Her success allowed her to travel the world and live in a mansion near Windsor Castle Mazo created unforgettable characters who come to life for her readers but she was secretive about her own life and tried to escape the public attention her fame brought

Daughters of the Nile Samia Spencer, 2016-12-12 The history of ancient Egypt is filled with fascinating queens and goddesses portrayed side by side with their male counterparts as equal partners each playing a different and distinct role in society Anyone interested in their identity and achievements can go to popular or academic sources and find ample material on the subject How about their descendants contemporary Egyptian women Who are they What do we know about them or about their accomplishments Only scarce and limited information is available In recent years however since the ill named Arab Spring images of Egyptian women have flooded TV screens and print media showing them among crowds of shouting demonstrators Reports have focused on their trials and tribulations and their regressive condition This book seeks to highlight Egyptian women that the media have overlooked and ignored It focuses on a sample of 38 pioneers ground breakers and achievers in nearly all professions academe the arts banking development diplomacy economics engineering entrepreneurship finance government medicine public relations science and technology social services sports international relations and international organizations Their successes in Egypt and elsewhere have been recognized and honored by some of the highest national and international institutions and governments Forgotten or unknown habits practices and historical events occurring in the twentieth century both in Egypt and other parts of the globe are also discussed in these stories The objective of the book is three pronged It breaks the monolithic and unflattering stereotype of contemporary Egyptian women as victims uneducated and uncivilized dominated by men The second is to make the world aware of modern Egyptian champions who are improving the quality of life in the societies and broader environments in which they live and work The third purpose is to provide positive role models for new generations of women in Egypt and beyond to inspire them to set their goals very high despite the obstacles they may encounter and show them that the sky is not the limit

The Next Instalment Wendy Roy, 2019-11-28 What happens next That was the question asked of early twentieth century authors Nellie L McClung L M Montgomery and Mazo de la Roche whose stories and novels appeared serially and kept readers and publishers in a state of anticipation Each author answered through the writing and dissemination of further instalments McClung s Pearlle Watson trilogy 1908 1921 Montgomery s Anne of Green Gables books 1908 1939 and de la Roche s Jalna novels 1927 1960 were read avidly not just as sequels but as serials in popular and literary newspapers and magazines A number of the books were also adapted to stage film and television The Next Instalment argues that these three Canadian women writers all born in the same decade of the late nineteenth century were influenced by early twentieth century publication marketing and reading practices to become heavily invested in the cultural phenomenon of the continuing story A close look at their serials sequels and adaptations

reveals that rather than existing as separate cultural productions each is part of a cultural and material continuum that encourages repeated consumption through development and extension of the originary story This work considers the effects that each mode of dissemination of a narrative has on the other
