Sovereign Love Dené Logan, MFT, 2024-05-28 From couples therapist Den Logan comes a new perspective on understanding our inner masculine and feminine energetics as the key to experiencing fulfillment in our partnerships. Does something feel off about your intimate relationships? If you haven't been able to pin down exactly what you aren't alone in, while attempting to connect the dots of her own experience to the patterns she observes within the relationships of her clients, couples therapist Den Logan came to a vital understanding: in the search for relational fulfillment, the answer often lies in the inherent interplay of the masculine and feminine energy that everyone possesses. Both masculine and feminine polarities are present in every person and relationship. When we're out of touch with the energetics within ourselves and those around us, it can create an internal struggle and sense of disharmony in our partnerships. Understanding these dynamics is the key to ending the unspoken war of the sexes that plays out far too often in our relationships. Logan says, "Thankfully, we have the power to work with these polarities first within ourselves and then within our relationships." In *Sovereign Love*, Logan helps us understand how to integrate masculine and feminine energetics so we can move away from the codependent, transactional views of what relationships should be toward an interdependent, mutually balanced state where both partners are present, self-aware, and strong. In *Self Here*, you'll discover what energetics you've been operating from and why. The polarities that are being created in your partnerships? How to take personal responsibility for shifting your own energy to a more integrated place? Logan shares revelations and techniques to support you in experiencing the wholehearted, satiating kind of love that is rooted in self-awareness and interdependence. By unpacking the historical, cultural, and highly individual reasons why we love the way we do, she explains we can understand our motivations and consciously choose to love in a way that serves our growth, our values, and our personal sovereignty.

Building a Culture of Peace Paul R. Dekar, 2010-01-01 Around the world, thousands of grassroots movements are confronting issues like destruction of the environment, economic depression, human rights violations, religious fundamentalism, and war. This book tells the courageous story of one such group. Organizing in 1939, Northern Baptists formed the Baptist Pacifist Fellowship as part of the Fellowship of Reconciliation. Southern Baptists formed a parallel body. Like today, it was a time when sources of hope seemed hard to find. Discerning a need to support and connect Baptist conscientious objectors in the United States, members faced hostility in congregations and the nation. For the duration of the Second World War, the Korean War, war in Vietnam, and elsewhere, Baptists sustained a witness for peace and justice. By 1984, threat of nuclear weapons led to formation of a wider circle of resistance to the culture of war.

Subsequently the Baptist Peace Fellowship of North America has brought together Baptist peacemakers from around North America and the world. However small in numbers or reviled members have been building a culture of peace through an interracial and international community. This book is an invaluable resource for those seeking a new world of forgiveness, respect for human rights, nonviolence, and peace.
