

U.S. and Russian leaders met in Moscow to discuss the possibility of a new treaty on arms control. The treaty would limit the number of nuclear warheads each country could possess.

## Gorbachev Fills New and Less Powerful Politburo

MOSCOW, July 14 — Soviet President Mikhail Gorbachev today announced the formation of a new Politburo, the highest decision-making body in the Soviet Union. The new Politburo, which will consist of 15 members, is expected to be formed by the end of the month. Gorbachev said that the new Politburo would be responsible for the day-to-day running of the country, while the Supreme Soviet would continue to handle major legislative matters. The new Politburo is expected to include members from various political parties and government departments. Gorbachev's announcement came as part of a series of reforms aimed at strengthening democratic institutions in the Soviet Union.

## In Besieged Liberian Capital, Hunger and Sleepless Nights

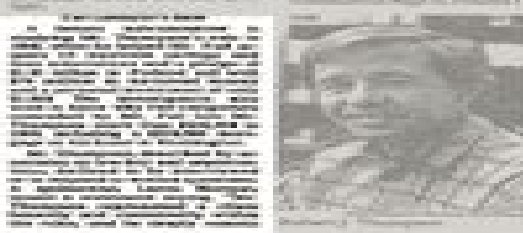

MONROVIA, Liberia, July 14 — In the heart of the Liberian capital, Monrovia, the situation is dire. Hunger and sleepless nights are the norm for many residents. The city is under a tight siege by rebel forces, and the government has been unable to provide adequate supplies. The situation has led to a severe shortage of food and medicine. Many people are suffering from malnutrition and disease. The government has called for international aid to help alleviate the crisis. The rebels have demanded the withdrawal of foreign troops from the country, but the government has refused to comply. The situation in Monrovia is expected to worsen if the siege continues.

## Dams May Be Razed So the Salmon Can Pass

PORTLAND, Ore., July 14 — A coalition of environmental groups and local residents today announced a plan to raise the Salmon River in Oregon. The plan calls for the removal of several dams that obstruct the river's flow. The coalition argues that the dams are harmful to the river's ecosystem and to the salmon population. They claim that the removal of the dams would allow the river to flow freely, which would benefit the salmon and the surrounding environment. The plan has been met with opposition from some local residents and businesses who fear that the removal of the dams would have negative economic impacts. The coalition is currently working to gain support for the plan and is planning to hold a public hearing soon.

## A Onetime Aide to Bush Shows a Lobbyist's Magic

WASHINGTON, July 14 — A former aide to President George H.W. Bush, who served as his press secretary, is now a powerful lobbyist. The lobbyist, who has worked for several high-profile clients, is credited with securing a major contract for a private company. The lobbyist's success is seen as a testament to the power of former government officials in the private sector. The lobbyist has been instrumental in securing the contract, which is expected to generate significant revenue for the company. The lobbyist's work has also helped to establish the company as a major player in the industry. The lobbyist's success is a reflection of the influence that former government officials can have in the private sector.

## Racing Faces New Drug Problem As Steroid Use Troubles Breeders

ANN ARBOR, Mich., July 14 — The world of horse racing is facing a new drug problem as the use of steroids becomes more widespread. The use of steroids has been found to be harmful to the health of horses and can lead to serious complications. The problem is particularly acute for breeders, who are often under pressure to produce winning horses. The use of steroids has also led to a decline in the quality of the racing. The racing industry is now working to address the problem and has implemented strict testing procedures. The industry is also working to educate breeders and trainers about the dangers of steroid use. The goal is to ensure that the racing remains a fair and safe sport.

## Addresses in Times Square Signal Prestige, if Not Logic

NEW YORK, July 14 — A series of addresses in Times Square today signaled a new era of prestige, if not logic. The addresses, which were given by several prominent figures, were seen as a sign of the city's return to its former glory. The addresses were given in a grand hall, which was filled with people. The addresses were well-received and were seen as a testament to the city's resilience. The addresses also signaled a new era of prestige for the city, as the speakers were some of the most prominent figures in the world. The addresses were also seen as a sign of the city's return to its former glory, as the city had been hit hard by the economic downturn. The addresses were a source of pride for the city and its residents.

## TUBERCULOSIS GERM RESURGING AS RISK TO PUBLIC HEALTH

### HIGHEST THREAT IN CITIES

### Re-emergence Same on Side of AIDS, Homelessness, Drugs and Alcoholism

NEW YORK, July 14 — Tuberculosis, once considered a disease of the past, is resurging as a major public health threat. The disease is now spreading more rapidly than ever before, and is a particular concern in cities. The resurgence of tuberculosis is linked to several factors, including the rise of AIDS, homelessness, drug use, and alcoholism. These factors have weakened the immune systems of many people, making them more susceptible to the disease. The disease is also spreading among people who are in close contact with each other, such as in prisons and homeless shelters. The health authorities are working to control the spread of the disease by testing and treating people who are at risk. They are also working to address the underlying social issues that are contributing to the problem.

### From Smoking to Fags

NEW YORK, July 14 — The fight against smoking has taken a new turn as the focus shifts from cigarettes to cigars. Cigars have long been considered a less harmful alternative to cigarettes, but recent studies have shown that they can be just as dangerous. The health authorities are now warning people to stop using cigars as well. The fight against smoking is still ongoing, and the health authorities are working to educate people about the dangers of all tobacco products. They are also working to provide support for people who are trying to quit smoking.

The Returns to Power Thomas F. Remington, 2023-05-16 An unconventional perspective on contemporary economic inequality in America and its dangers for democracy using comparisons with Russia China and Germany Since the economic liberalization wave that began in the late 1970s inequality around the world has skyrocketed In The Returns to Power Thomas F Remington examines the rise of extreme economic inequality in the United States since the late 1970s by drawing comparisons to the effects of market reforms in transition countries such as Russia China and Germany Employing an unconventional comparative framework he brings together the latest scholarship in economics and political science and draws on Russian Chinese and German language sources As he shows the US embraced deregulation and market based solutions around the same time that China and Russia implemented major privatization and liberalization reforms The long term result was increasing inequality in all three nations To illustrate why Remington contrasts the effects of these policies with the postwar economic recovery program in Germany which succeeded in protecting market competition within the framework of a social market economy that provides widely shared prosperity high growth and robust democracy The book concludes with an analysis of the political dangers posed by high inequality and calls for a new public philosophy of liberal capitalism and liberal democracy that would restore political equality and inclusive growth by strengthening political and market competition expanding the provision of public goods and broadening social insurance protection An ambitious account of why political and economic inequality has increased so much in recent times The Returns to Power s emphasis on policy variation across democracies also reminds us that it did not have to turn out this way **Air University Periodical Index** ,1958 Air University Library Index to Military Periodicals ,1958 Army ,1955 *Coming Home to the Third Reich* Grant W. Grams, 2021-09-14 During the 1930s Germany s industrialization rearmament and economic plans taxed the existing manpower forcing the country to explore new ways of acquiring Aryan German labor Eventually the Third Reich implemented a return migration program which used various recruitment strategies to entice Germans from Canada and the United States to migrate home It initially used the Atlantic Ocean to transport German speakers but after the outbreak of World War II German civilians were brought from the Americas to East Asia and then to Germany via the Trans Siberian Railway through the Soviet Union Germany s attack on the Soviet Union in June 1941 ended this overland route but some Germans were moved on Nazi ships from East Asia to the Third Reich until the end of 1942 This book investigates why Germans who had already established themselves in overseas countries chose to migrate back to an oppressive and authoritarian country It sheds light on some aspects of the Third Reich s administration goals and achievements associated with return migration while also telling the individual stories of returnees The Relations of Nations Frederick H.
