**Returning (to) Communities** , 2016-08-22 Returning to Communities offers an innovative collection of examples and case studies into what has become a hotly disputed topic The chapters present a wide ranging series of interventions into the new debates over the concepts and practices of community and the communal For this book scholars have been gathered from across Europe and Australia as well as from the United States and several contributors are involved in community practice Returning to Communities is essential reading to researchers and students in social policy sociology ethnic studies cultural analysis media studies and across all of the social sciences and humanities concerned with the communal and the collective

**Ambiguous Subjects** Jennifer Wawrzinek, 2008-01-01 In the history of ideas the aesthetic categories of the sublime and the grotesque have exerted a powerful force over the cultural imagination Ambiguous Subjects is one of the first studies to examine the relationship between these concepts Tracing the history of the sublime from the eighteenth century through Burke and Kant Wawrzinek illustrates the ways in which the sublime has traditionally been privileged as an inherently masculine and imperialist mode of experience that polices and abjects the grotesque to the margins of acceptable discourse and the way in which twentieth century reconfigurations of the sublime increasingly enable the productive situating of these concepts within a dialogic relation as a means of instating an ethical relation to others This book examines the articulations of both the sublime and the grotesque in three postmodern texts Looking at novels by Nicole Brossard and Morgan Yasbincek and the performance work of The Women s Circus Wawrzinek illuminates the ways in which these writers and performers restructure the spatial and temporal parameters of the sublime in order to allow various forms of highly contingent transcendence that always necessarily remain in relation to the grotesque body Ambiguous Subjects illustrates how the sublime and the grotesque can co exist in a manner where each depends on and is inflected through the other thus enabling a notion of individuality and of community as contingent but nevertheless very real moments in time Ambiguous Subjects is essential reading for anyone interested in aesthetics continental philosophy gender studies literary theory sociology and politics

### **Crossing Histories and Ethnographies**

Ricardo Roque,Elizabeth G. Traube,2019-06-20 The key question for many anthropologists and historians today is not whether to cross the boundary between their disciplines but whether the idea of a disciplinary boundary should be sustained Reinterpreting the dynamic interplay between archive and field these essays propose a method for mutually productive crossings between historical and ethnographic research It engages critically with the colonial pasts of indigenous societies and examines how fieldwork and archival studies together lead to fruitful insights into the making of different colonial historicities Timor Leste s unusually long and in some ways unique colonial history is explored as a compelling case for these crossings
