The Devil's Own War Herbert Hart, 2011-01-23 When Herbert Hart left his home town of Carterton in 1914 to serve as a major with the New Zealand Expeditionary Force he could not have imagined that he would return as a much decorated brigadier general His rise to leadership was swift as he commanded the Wellington Battalion during the closing stages of the Gallipoli campaign then went on to serve as a battalion and brigade commander on the Western Front between 1916 and 1918 During the whole of this period he kept a diary in which he recorded his experiences in the great battles on Gallipoli the Somme and Passchendaele Hart s diary is now widely regarded as one of the most important personal sources relating to the New Zealand Expeditionary Force His service on the Western Front is the principal focus of the diary Exceptionally well written it includes gripping descriptions of both combat and life behind the front line and on leave in France and the United Kingdom While Hart can appear remarkably detached at times he is also a very human observer of the events around him empathising with the plight of his men finding humour in the most unlikely situations and noticing unexpected details at moments of high tension This important book also has an introductory chapter on Hart s early life and a concluding chapter about his diverse and distinguished career after the war including his term as Administrator of Western Samoa from 1931 to 1935 *The Devil's Own War* John Crawford , 2009-09-01 The first hardback edition of this book sold out before its official publication date and public demand has been so great that a paperback edition will now be published Brigadier General Herbert Hart landed at Gallipoli on 26 April 1915 commanded the Wellington Battalion during the closing stages of that campaign then served as a battalion and brigade commander on the Western Front between 1916 and 1918 Throughout the war he kept a diary in which he recorded his experiences in the great battles on Gallipoli the Somme and Passchendaele Hart s diary is now widely regarded as one of the most important personal sources relating to the New Zealand Expeditionary Force Exceptionally well written it includes gripping descriptions of both combat and life behind the front line and on leave in France and United Kingdom While Hart can appear quite detached at times he is also a very human observer of the events around him understanding the plight of his men finding humour in the most unlikely situations and noticing unexpected details at moments of high tension As a first hand account of life in the firestorm of World War One *The Devil s Own War* is hard to beat *The Atlantic Monthly* , 1926

Colonization K. D. McAdams, 2019-02-24 Luck played a big part in getting them safely to a new planet Will the good fortune continue or is their luck about to run out Book 3 of *The Seamus Chronicles* As a scientist Seamus Robinson prefers facts over chance The harsh truth is that crashing into a planet that can support human life was never part of the plan it was just good luck His father has dubbed the new planet Locus Latin for opportunity and they are ready to put in the hard work to establish a human colony away from Earth The opportunity may be short lived as the planet is bombarded with poisonous radiation and home to an unknown alien species If the human race is going to survive Seamus will have to use his brains and take all the good luck he can get **Chicago Commerce** , 1918

Slaughter on the Somme 1 July 1916 Martin Mace, John Grehan, 2013-08-19 At 07 30 hours on 1 July 1916 the devastating cacophony of the Allied artillery fell silent along the front on the Somme The ear splitting explosions were replaced by the shrill sound of hundreds of whistles being blown At that moment tens of thousands of British soldiers climbed out from the trenches on their part of the Western Front and began to make their way steadily towards the German lines opposite It was the first day of the Battle of the Somme By the end of the day a number of the regiments involved had met with some degree of success others had suffered heavy losses for no gain whilst a few quite literally ceased to exist That day the old infantry tactics of the British Army clashed head on with the reality of modern warfare On what is generally accepted as the worst day in the British Armys history there were more than 60 000 casualties a third of them fatal In this publication the authors have drawn together for the first time ever all the War Diary entries for 171 British Regiments that went over the top that day a day that even now still touches so many families both in the United Kingdom and around the world The result will be a vital work of reference to the events of 1 July 1916 a valuable information source for not only for those interested in military history but genealogists and historians alike

As I Recall George H. Tsegeletos, 2003-12-29 AS I RECALL is a series of short stories recalling personal experiences of the author when a young Marine serving in Korea Unlike most memoirs describing the horrors of war Tsegeletos describes the sights sounds and what is most fascinating the thoughts that ran through his mind during each incident An occasional quip added while engaged in life threatening action brings to the reader lighthearted relief to what at the very least is serious business indeed At the age of 17 George along with many of his high school friends joined a Marine reserve unit located close to home 1950 and half way around the globe North Korea invaded South Korea but to these young Marines it seemed too far away to be of much concern Looking forward to their graduation summer vacation and beginning a new career whether college or work their world is suddenly turned upside down when they are rushed into a very uncertain military future From his first step on North Korean soil through each story that follows including the final narrative describing the experience of survival in the cold frozen environment during the epic Chosin Reservoir Campaign you will be taking each step with him Included are illustrations interspersed between stories and copies of actual letters sent home The book leaves you with a true picture of life in a foxhole as seen through the eyes of a young Marine Tsegeletos will hold the readers attention and win the hearts of all moms with a young son in the U S Marines

Whispering Death "tuag Nco Ntsoov" Robert Curry, 2004 Whispering Death is a shattering account of an eighteen year old aviator from the streets of America to Vietnam into the Macomb world of a Secret War run by the CIA fought with clandestine forces the Hmong hill people and a vast and varied air armada I highly recommend this book to be read for knowledge of how the Secret War in Laos was fought and why we owe the Hmong so much Brigadier General Harry C Aderholt USAF Ret A superb tale of aviation adventure in the combat skies of Southeast Asia woven with extraordinary skill This is a gripping personal story from a new perspective A must read for fans of military aviation during the Vietnam War era

Larry Sanborn Raven FAC call sign Sandy Whispering Death is one of the most comprehensive and fascinating books ever written about America's most covert war. It embodies the desperate fight for freedom these Americans and Hmong faced together bound as eternal brothers and sisters. And in the end how an American government left my people to die alone. Yang Chee President Lao Hmong American Coalition

A Squaddy's Tale John Hatchard, 2012-10-12 is the story of a young English lad still in his teens who between 1950 and 1952 underwent that rite of passage into adulthood called national service but with a difference. Half of it was spent with the Welch Regiment part of the Commonwealth Division of the United Nations forces in Korea. Luckily it was during the quieter middle phase of that war the Forgotten War and the last to be fought from trenches. He experienced moments of unexpected pleasure, ennui, abject terror, boredom, utter weariness and despair, sadness, joy, laughter and profound revelation, all of which are part of this tale. There is some blood and guts but through great good fortune none of his personal experiencing. This is a story of how it was for one reasonably well educated boy sent halfway across the world on His Majesty's business to an uncertain fate. He returned a man in one sense at least.

Dodger Richard Mousseau, 2018-01-04. History is filled with stories of the average, the heroic and with historical facts believed to be true depending on which side of the battle is favoured by individuals. Not only were human participants there by choice or by conscription, there were animals conscripted to assist their human benefactors. Arm animals gave of themselves as substance to nourish the armed forces. Horses were well imbedded as labour and their stories have been well documented. If given a choice would they believe in a cause and volunteer? What about the common pigeon, the birds of flight that delivered messages across the battle fields or every successful messenger there were countless ones that fell under the barrage of enemy fire. How protected the messenger pigeons? Meet Dodger, a breed of pigeon adept at tumbling, rolling and the majestic art of aerial displays for entertainment. Tumblers were not messengers or racers yet they held their part in the protection of messengers acting as rescuers and diversions to protect the messengers from harm. Meet Johnathon Dodger Wentworth Tumbler, a First World War Rescue Pigeon. cProvided by publisher

Newcastle-Upon-Tyne in the Great War Craig Armstrong, 2015-03-31. With the large number of troops stationed in and around the area and its position as a major industrial city which focused on armaments production, shipbuilding and heavy engineering, the realities of the war were always prominently felt in Newcastle upon Tyne. The city played a key role in the nation's war effort as it was a key port and the nation's major exporter of coal, a vital link in keeping the war effort going. The proud tradition of military service in the region was reflected in the huge numbers of Newcastle men and women who came forward to serve in the military or in roles such as nursing. The city was the recruitment centre and driving force for the formation of numerous Pals Battalions and the Northumberland Fusiliers which

raised more battalions than any other regiment during the war For many of those left behind the war was a time of fear and hardship This book documents the struggle that many suffering families faced in coping with rising wartime prices longer working hours endless worry wartime policies and severe shortages These issues are brought to light throughout with a view to how they affected the people of Newcastle and how with audacity and courage Newcastle s citizens overcame them By the end of the war so many Newcastle men had been killed and others faced an uncertain future in a shattered post war economy Despite this the workers of Newcastle continued to provide incredible charitable support until the end of the war in addition to their already momentous efforts These efforts are considered greatly in this enlightening book which is a testimony to the bravery self sacrifice and determination of the people of Newcastle upon Tyne during the Great War **Elihu Root**
