Revelation and Story Gerhard Sauter, John Barton, 2000 *Revelation and Story* explores the relationship between the theology of revelation and the theology of story or narrative theology Mediating between German systematic theology's concern for revelation and current Anglo Saxon interest in narrative theology and centrality of story this book illuminates both traditions Exploring revelation and story from both theological and philosophical perspectives this book connects these concepts with questions of the authority of religious and literary texts particularly the Bible Stanley Hauerwas contributes the Foreword This book offers a valuable new contribution to systematic theology hermeneutics and the study of the authority of Scripture as well as presenting insights into important overlaps between British and German theology This book will be of particular interest to scholars and students of philosophy and theology and to students of literature and literary theory with an interest in hermeneutics

The New Testament and the Theology of Trust Teresa Morgan, 2022-06-16 This study argues for the recovery of trust as a central theme in Christian theology and offers the first theology of trust in the New Testament Trust is the root meaning of Christian faith *pistis fides* and trusting in God and Christ is still fundamental to Christians But unlike faith and other aspects of faith such as belief or hope trust is little studied Building on her ground breaking study *Roman Faith and Christian Faith* and drawing on the philosophy and psychology of trust Teresa Morgan explores the significance of trust trustworthiness faithfulness and entrustedness in New Testament writings Trust between God Christ and humanity is revealed as a risky dynamic forward looking life changing partnership God entrusts Christ with winning the trust of humanity and bringing humanity to trust in God God and Christ trust humanity to respond to God's initiative through Christ and entrust the faithful with diverse forms of work for humanity and for creation Human understanding of God and Christ is limited and trust and faithfulness often fail but imperfect trust is not a deal breaker Morgan develops a new model of atonement showing how trust enables humanity's release from the power of both sin and suffering She examines the neglected concept of propositional trust and argues that it plays a key role in faith This volume offers a compelling vision of Christian trust as soteriological ethical and community forming Trust is both the means of salvation and an end in itself because where we trust is where we most fully live

Human Experience and the Triune God Bernhard Nausner, 2008 The overarching aim of this work is to develop a new account of the doctrine of the

Trinity The author proposes that such an approach is overdue because contemporary trinitarian theology pays insufficient attention to the fact that theology as linguistic discourse is inescapably embedded in human experience Hence the critical analysis of existing trinitarian constructions Gunton LaCugna Moltmann is impressively sharp In response Nausner develops an interstitial methodology working between experience and revelation refusing both revelational and experiential positivisms In dialogue with contemporary novels the human sciences Frankl Weizsäcker philosophy Levinas and biblical narratives he offers an imaginative original and contemporary way of conceiving the doctrine of the Trinity in relation to human life

A Radical Pluralist Philosophy of Religion Mikel Burley, 2020-01-23 This book is a unique introduction to studying the philosophy of religion drawing on a wide range of cultures and literary sources in an approach that is both methodologically innovative and expansive in its cross cultural and multi religious scope Employing his expertise in interdisciplinary and Wittgenstein influenced methods Mikel Burley draws on works of ethnography and narrative fiction including Dostoevsky's *The Brothers Karamazov* and Soyinka's *Death and the King's Horseman* to critically engage with existing approaches to the philosophy of religion and advocate a radical pluralist approach Breaking away from the standard fixation on a narrow construal of theism topics discussed include conceptions of compassion in Buddhist ethics cannibalism in mortuary rituals divine possession and animal sacrifice in Hindu Goddess worship and animism in indigenous traditions Original and engaging Burley's synthesis of philosophical anthropological and literary elements expands and diversifies the philosophy of religion providing an essential introduction for anyone interested in studying the radical plurality of forms that religion takes in human life

Within the Love of God Anthony Clarke, Andrew Moore, 2014 David C Parker looks at how new methodology changes what an edition is for and how we use it using the example of the New Testament texts

The Word John Barton, 2023-05-02 From a distinguished Oxford scholar and the author of *A History of the Bible* an examination of how biblical translation works and why it matters Throughout history most Jewish and Christian believers have understood scripture not in the languages in which it was first written but rather in their own in translation In *The Word* acclaimed Bible scholar John Barton explores how saints and scholars have negotiated the profound challenges of translating the Bible while remaining faithful to the original In addition to considering questions of literal versus free translation literary style inclusive language and more Barton draws out scriptural translation's role at critical junctures in religious history Far from a mere academic exercise biblical translation has shaped how we answer faith's most enduring questions about the nature of God the existence of the soul and the possibility of salvation

Distance in Preaching Michael Brothers, 2014-09-22 Based on several years of teaching and careful observation in preaching classes this book by Michael Brothers explores the benefits of distance in preaching and listening to sermons Having noticed that sermon listeners generally want to be given room for their own interpretations and experiences Brothers argues that critical and aesthetic distance as a hermeneutical tool is vital to hearing the gospel today and should be intentionally employed in sermon construction and delivery He explains this distance in the field of homiletics equips teachers and students of preaching to evaluate the function of distance in sermons and encourages preachers to practice the use of distance in their preaching

The Bible in Worship Victoria Raymer , 2018-02-27 Biblical proclamation is central to Christian worship The Bible witnesses to the foundational experiences of the Church Its proclamation invites worshippers into encounter with Christ the living Word The Bible in Worship seeks to make visible how the Bible is encountered in the worship of mainstream Western churches Focusing in turn on the Roman Catholic Reformed and Anglican traditions Victoria Raymer offers a detailed and lively consideration of the contemporary practices of proclamation in each considers their respective patterns of reading the Bible as part of public worship and reflects on the place the Bible takes in daily prayer Raymer also draws our attention towards the role the psalms play in contemporary formal liturgy and offers a chapter on how the Bible is weaved into less formal forms of worship including contemporary sung worship Offering a truly holistic study of the scripture in worship the book will resource readers to reflect on how proclamation invites response in understanding and resolve and to consider how it might do so more effectively

Shaping a Global Theological Mind Darren C. Marks, 2017-11-28 Theological thinkers are placed into contexts which inform their theological tasks but that context is usually limited to a European or North American centre usually ignoring minorities and lesser mainstream theologies even in that context This work focuses on the shift of Christian theological thinking from the North Atlantic to the Global South even within the North Atlantic Church and Academy It gives a Global perspective on theological work method and context Theologians from North America Great Britain and Europe Africa Asia Central and South America comment on how their specific context and methodology manifests organizes and is prioritized in their thought so as to make Christian theology relevant to their community By placing the Global South alongside the newly emerging presence of non traditional Western forms such as Pentecostal Aboriginal and Hispanic theologies and theologians a clearer picture of how Christian theology is

both enculturated and still familial is offered **Christian Hope among Rivals** Michael W. Zeigler, 2017-08-29 Hope is a widespread if not a universal human experience For centuries followers of Jesus of Nazareth have ordered their lives around a central hope How is their experience similar to or different from others who live by hope This book seeks an answer in the idea that living by hope involves living within a peculiar story of the world an incomplete story The stories that shape these hopes are threatened by evil however it may be defined The hopeful struggle as characters caught up in plots that move toward resolution They exercise an as yet unverified hope that evil will not prevail In this regard the hope of Christians is similar to others Yet it is different because they wait for the God of Jesus to transform the world to match the promise he made to Abraham To arrive at this conclusion this book takes a detour through four model life organizing stories Christians and participants in other stories of the world may not agree on the ultimate ground for hope However taking a detour into the hopeful experience of another may help uncover a place where rivals can stand together long enough to talk *Letter and Spirit* Scott Hahn, 2005-11-08 The bestselling author of *The Lamb's Supper* continues his thoughtful exploration of the complex relationship between the Bible and the Catholic liturgy in a revelatory work that will appeal to all readers Scott Hahn has inspired millions of readers with his perceptive and unique view of Catholic theology and worship becoming one of the most looked to contemporary authorities in these areas In *Letter and Spirit* Hahn extends the message he began in *The Lamb's Supper* offering far reaching and profound insights into what the Bible teaches us about living the spiritual life For both Christians and Jews the texts of the Bible are not simply records of historical events They are intended through public recitations in churches and synagogues to bring listeners and readers into the sweeping story of redemption as it unfolds in the Bible Focusing on the Catholic Mass Hahn describes how God's Word is meant to open our eyes to the life giving power of the sacraments and how the liturgy brings about the actualization of the saving truths of Scripture *Letter and Spirit* is a stunningly original contribution to the field of biblical studies and will help Hahn's many loyal and enthusiastic readers understand the relationship between the Bible and the Mass in a deeper way **God and Difference** Linn Marie Tonstad, 2015-10-05 *God and Difference* interlaces Christian theology with queer and feminist theory for both critical and constructive ends Linn Marie Tonstad uses queer theory to show certain failures of Christian thinking about God gender and sexuality She employs queer theory to dissect trinitarian discourse and the resonances found in contemporary Christian thought between sexual difference and difference within the trinity Tonstad critiques a broad swath of prominent Christian theologians who either use queer theory in their work or affirm the validity of same sex relationships arguing that their work inadvertently promotes gendered hierarchy This volume contributes to central debates in Christianity over divine and human personhood gendered relationality and the trinity and provides original accounts of God sexual difference and Christian community that are both theologically rich and thoroughly queer *Performing Habakkuk* Jeanette Mathews, 2012-06-01 Scripture like any performance aims for transformation of its audience In this new study Jeanette Mathews demonstrates

how literature from the diverse field of performance studies can be applied to the prophetic book of Habakkuk in order to draw out themes and features that are common to both Mathews offers a fresh new translation of Habakkuk that emphasizes and celebrates its intrinsic dramatic features This translation provides the script for the performance of Habakkuk The attitudes and actions of the actors in the performance become models for their audience such that the audience members are drawn into the performance and do not remain impartial spectators The context of crisis that forms the book s setting is of crucial importance ensuring that genres such as complaint and lament are taken seriously as expressions of faith in the midst of traumatic experience The open ended script makes explicit the drama of faithfulness in the midst of cultural trauma and public crises a faithfulness that is ready to be reenacted in our own settings The Oxford Handbook of the Reception History of the Bible Michael Lieb, Emma Mason, Jonathan Roberts, 2013-01-10 This wide ranging volume looks at the reception history of the Bible s many texts Part I surveys the outline form and content of twelve key biblical books that have been influential in the history of interpretation Part II offers a series of in depth case studies of the interpretation of particular biblical passages or books
