**The End of the Church** Ephraim Radner, 1998 In this first serious assessment of the meaning of church division Ephraim Radner provides a theological rationale for today s divided church in the Christian West that goes far beyond the standard socio historical explanations of denominationalism Through an examination of controversial post Reformation discussions about the church Radner offers a significant theory that describes the relation between Christian division and the work of the Holy Spirit within Western modernity Radner s description of the church is based on the traditional notion that a divided church is in a significant sense a dead church after the figure of the pneumatically abandoned dead Christ who himself suffers redemptively the disintegration and restoration of divided Israel in his physical and spiritual passion The hermeneutical basis for the usefulness of this figure lies deep in the scriptural practice of the undivided church and was common up through the Reformation Radner s recovery of this figural perspective is applied to the cluster of pneumatological issues that define ecclesial life

**Koinonia and the Quest for an Ecumenical Ecclesiology** Lorelei F. Fuchs,2008  
 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communiality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought Koinonia and the Quest for an Ecumenical Ecclesiology provides a broad thoughtful framework for realizing Christ's prayer that all may be one so that the world may believe

Priest of the Church or Priest of a Church? Noel Cox,2021-03-25 The development of new forms of ministry lay and ordained has included worker priests now found in the Anglican Communion in a related form variously called Self Supporting Ministry SSM or Non Stipendiary Ministry NSM This book focuses on one of the most recent developments the creation of Ordained Local Ministry After chapters that consider preliminary questions of the nature of ministry such as authority in the church and Holy Orders Noel Cox argues that the crucial distinction between these and other forms of ministry is that the Ordained Local Minister OLM is overtly ordained specifically for a given locality variously defined they are a deacon or priest for a specific church parish benefice or deanery rather than of the universal church Their introduction inevitably raises difficult ecclesiological questions which Cox examines     Malines: Continuing the Conversations Thomas Pott,James Hawkey,Keith Pecklers,2023-12-13 The Malines Conversations are often described as a precursor to the theological dialogue between the Catholic Church and the Anglican Communion initiated after the Second Vatican Council The fruit of a friendship between a French priest and an English aristocrat Cardinal Mercier s initial invitation in 1921 to a group of thinkers from both communions led to several rounds of discussion focused on issues that have long divided Catholics and Anglicans Since 2013 an informal and international group of Anglican and Catholic friends known as the Malines Conversations Group has been meeting annually for discussion and fellowship This volume represents the fruit of some of these conversations The informal nature of the group allows for wide ranging interrogation of diverse topics The

discussions acted as a kind of theological laboratory enabling us to explore afresh some of the issues at stake both between and within our churches This volume of essays includes contributions from sacramental theologians liturgists ecclesiologists historians and philosophers Most are actively involved in Christian ministry Interspersed throughout are very short reflections from other theologians and Church leaders who have participated in the conversations as guests over the last decade In the words of Rowan Williams epilogue the hope and prayer of the contributors is that this celebration and exploration of the heritage of Malines might give us again the grace of being surprised by the gift of Catholic communion

**Sacrificing the Church** Eugene R. Schlesinger, 2019-10-01 In a context of scandal and decline the Christian church cannot afford to do business as usual It must regain its bearings and clarify its nature and purpose Sacrificing the Church provides this clarity by returning to the church's foundation Jesus Christ and him crucified It presents an ecclesiological vision in which every aspect of the church's life flows from and expresses the one sacrifice of Christ This sacrifice is the basis of every ecclesial experience the form and content of the church's life a life which shares in the eternal Trinitarian life of God By and as Christ's sacrifice we are introduced into the divine life This participation plays out in three key areas which set the church's agenda in the contemporary world its worship of God Mass mission to the world mission and efforts toward the unity of all people beginning with divided Christians ecumenism

**Growing Consensus** Joseph A. Burgess, 1995 Pro Ecclesia, 1994

**The Sacrifice** William Kienzle, 2013-03-12 The clever plot the subtle clues and above all the ideas make this well worth reading West Coast Review of Books From William X Kienzle author of the classic mystery The Rosary Murders When Father George Wheatley decided to convert from the Anglican Church to the Roman Catholic he thought he had painstakingly considered the sacrifices he would have to make He knew his celebrity status as a beloved Anglican priest evidenced by his newspaper column and radio show would be in jeopardy He understood the strain the change would put on his wife and children and the challenges he would face to be accepted as a married Roman Catholic priest He even acknowledged that reactionaries in both camps would oppose such a spiritual changeover But he never dreamed that his decision would breed such waves of ambition jealousy and hatred that the ultimate human sacrifice murder would be the result Nor did he appreciate how much of a sacrifice would be asked of him In his twenty third appearance Father Robert Koesler a Detroit parish priest with a penchant for being involved in murder accompanies his friend Father Wheatley through his tortured path to conversion and helps him seek resolution of a crime With his compassion knowledge of human nature and experience Father Koesler is able to not only resolve a murder mystery but also to give true understanding to the concept of sacrifice

**Ruptured Bodies** Eugene R. Schlesinger, 2024-05-28 The divided church is withering on the vine Crises of its own making ranging from clergy sexual abuse and its cover up to the church's complicity in colonialism empire and patriarchy coupled with societal shifts beyond the church's control have eroded its credibility A much deserved decline is well underway And yet churches remain content to continue with business as usual The causes of this state of crisis are

manifold and complex and no one solution could resolve them all But so long as the church remains in a state of division no solutions will be forthcoming Division is no mere regrettable shortcoming or inconvenience it is a contradiction of the church's foundation After all Jesus prayed that his followers would be one so the world could believe he was sent by God Faced with a crisis of credibility the church finds no way forward because a divided church renders the gospel message not credible Ruptured Bodies is a systematic theological account of the divided church It argues that no adequate ecclesiology can ignore division because in doing so it will fail to describe the church that actually is Such an understanding must integrate the reality of division while also refusing to blunt its sharp edge neither dismissing excusing nor minimizing it What must the church be given the fact of its division Schlesinger presents a systematic ecclesiology of the divided church despite that idea's seeming impossibility because such an ecclesiology is precisely what we need **The American Catholic Quarterly**

**Review** James Andrew Corcoran, Patrick John Ryan, Edmond Francis Prendergast, 1916 Reforming Rome Donald W. Norwood, 2015-01-16 Few people realize that Karl Barth one of the twentieth century's greatest Protestant theologians was among a select group of non-Catholic guests who were invited to the Second Vatican Council 1962-65 to assist in the reform and renewal of the Roman Catholic Church In Reforming Rome Donald Norwood offers the first book-length study of Barth's involvement with Vatican II and his significant impact on the reform of the Catholic Church Norwood examines Barth's critical engagement with the Roman Catholic Church from his time at the Catholic University of Munster to his connection with Vatican II his conversations with Pope Paul VI and seminars and interviews he gave about the Council afterward On the basis of extensive research Norwood amplifies Barth's own very brief account of Vatican II Barth himself often felt that he was better understood by Roman Catholics such as Hans Kng Hans Urs von Balthasar and Joseph Ratzinger than he was by his own Reformed colleagues This study written by a fellow Reformed theologian helps us to see why
