The Democratic Revolution in the Philippines Ferdinand Edralin Marcos, 1974 From the John Holmes Library collection **Revolution in the Philippines** Frederick King Poole, Max Vanzi, 1984 **The Philippine Revolution** Jose Maria Sison, Rainer Werning, 1989 Jose M Sison the most prominent leader of the Philippine Left otherwise known as the National Democratic Movement unfolds Philippine history and contemporary circumstances the political economic and social crisis of Philippine society and the Philippine revolutionary movement in an interview with Dr Rainer Werning Sison candidly discusses his life times and ideas Since the fall of Marcos and the rise of Mrs Aquino the fundamental problems of the Philippines have remained unsolved In years to come the Philippine situation and the revolutionary process will have a dramatic effect on all of society **The Philippine Republic** Leandro Heriberto Fernández, 1926 **Revolution** Rosemary H. T. O'Kane, 2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more *The War of 1898, and U.S. Interventions, 1898-1934* Benjamin R. Beede, 1994 A fascinating encyclopedic survey of the Spanish Cuban American War the Philippine War and the small wars between 1899 and the end of the occupation of Haiti in 1934 The name changes themselves are instructive The usage of Spanish American War ignores the fact that the war in Cuba had been largely won by the Cuban revolutionaries before US intervention hence the new title Spanish Cuban American War The use of Philippine Insurrection is replaced by Philippine War since the Philippine forces had taken much of the islands from Spain before US ground forces arrived And guerillas or revolutionaries have replaced bandits the term used by the US to discredit oppositional forces Annotation copyright by Book News Inc Portland OR **Philippine Society and Revolution** Amado Guerrero, 1979 **World History** Gregorio F. Zaide, 1994 **Philippine Yearbook** , 1979 *Library of Congress Subject Headings* Library of Congress, 2010 *Library of Congress Subject Headings* Library of Congress. Cataloging Policy and Support Office, 2009 *Philippine Labour Migration* Joaquin Lucero Gonzalez, 1998 There are currently more than six million Filipino workers in over 120 countries in jobs ranging from maids to managers The Philippine Government has encouraged the manpower exodus to absorb the country's surplus labour and to bring foreign exchange earnings into the Philippine economy However non governmental organizations have argued that social dysfunctions associated with working abroad have not been adequately addressed Using an analytical framework that blends multiple stakeholders perspectives the author assesses the historical demographic economic social and political dimensions of Philippine labour migration policy from the early 1900s to the late 1990s Focusing on recent issues he provides an integrated evaluation from a public policy perspective balancing both state and societal viewpoints A separate soft cover edition is available from De La Salle University Press for

customers in the Philippines only *History of the Philippines and the Life and Achievements of Admiral George Dewey* Marshall Everett, 1899 **Historical Dictionary of the Philippines** Artemio R. Guillermo, 2012 The Historical Dictionary of the Philippines Third Edition contains a chronology an introductory essay an extensive bibliography and several hundred cross referenced dictionary entries *No Right Under the Constitution to Hold Subject States* George Frisbie Hoar, 1900

The Philippine Review Gregorio Nieva, 1916 **Philippine Journal of Education** , 1920 **A History of the Philippines** Renato Constantino, Letizia R. Constantino, 1975 Unlike other conventional histories the unifying thread of A History of the Philippines is the struggle of the peoples themselves against various forms of oppression from Spanish conquest and colonization to U S imperialism Constantino provides a penetrating analysis of the productive relations and class structure in the Philippines and how these have shaped and been shaped by the role of the Filipino people in the making of their own history Additionally he challenges the dominant views of Spanish and U S historians by exposing the myths and prejudices propagated in their work and in doing so makes a major breakthrough toward intellectual decolonization This book is an indispensable key to the history of conquest and resistance in the Philippine
