Law, Registration, and the State Jess Smith, 2023-07-28 This book provides an original and compelling analysis of registration as a dynamic process which makes and unmakes legal identities Critical legal and socio legal scholarship tends to assume that registration is a textually mediated act of statecraft which governs through the technology of writing Taking a different approach this book develops movement as socio legal method to illustrate the legal social and bureaucratic layers of movement which unfold in everyday engagements with the law The book presents empirical

and theoretical analysis of historical contemporary and future oriented places of registration a community hub a city of pilgrimage and the General Register Office Drawing from diverse perspectives across anthropology geography sociology architecture and mobility studies the book argues for an understanding of registration as evolving socially constructed and shaped by spatial imaginaries which are materialised in its architecture This mobile understanding of registration expands conceptual discussions of legal materiality whilst opening up possibilities for legal identities unconstrained by the assumed desirability of stability or endurance This interdisciplinary book will appeal primarily to a sociolegal critical legal and legal geography readership but it will also be of interest to those in other disciplines concerned with materiality movement and statecraft **Jewish Book World** ,2008 The Oxford Handbook of Prevention in Counseling Psychology Elizabeth

includes best practices in the prevention of a variety of psychological problems in particular populations **Hart Crane** Clive Fisher,2002-01-01 Malcolm Cowley Hart Crane s life was notoriously turbulent persistently nonconformist and tragically short This new biography presents for the first time a full frank portrait of the real Hart Crane a poet attractive both for his flamboyance and passion for life and for the magnificent sonorities of his work 18 illustrations **A**

Sociological Perspective on Blood Plasma Donation During the Pandemic Jae-Mahn Shim,Seung-Hyun Baek,2024-07-31 Shim and Baek examine the evolving existential meanings of gift making by interviewing donors of convalescent blood plasma during the Covid 19 pandemic The book reveals what plasma donation means for their efforts to reassemble their lives from being liminal moments to livable experiences through interviews with convalescent donors in South Korea It shows it is the very multiplex meanings of plasma donations that enabled people to effectively maneuver through the challenging liminality in life during COVID 19 by expanding the existing literature of gifts and donation that highlights the rich complex meanings of the body parts donated It presents a vivid dialogue between liminality and gift making from varied narratives A vital read for scholars students of sociology anthropology and public health and those interested in how subjects reconstitute their agency amid uncertainty inside and outside the pandemic so that we appreciate the voices of donors and learn from the lived experiences of those in this book **North Riding Records** North Riding record society, London,1885 **Round the world on a wheel, the narrative of a bicycle ride** John Foster Fraser,1899

Le-David Maskil Richard Elliott Friedman,William Henry Propp,2004 For the past half century David Noel Freedman has had an enormous impact on the study of the Bible both as an author and as an editor of the writings of others As his colleagues note in their comments at the beginning of this volume You are quintessentially the man of the book And perhaps what impresses us most is that your bibliography of hundreds of books is not limited to the extraordinary number of important books that you ve written yourself It also contains the books that you ve edited for others And we know what it

means to have David Noel Freedman as one's editor. For every page of manuscript that the author sends you, you send back almost an equal number of pages of advice, criticism, corrections, and improvements. You can make a bad book good and a good book better. And you can make its author a better scholar and a better writer. In this volume, his compatriots at the University of California, San Diego, contribute eight varied essays in celebration of his impact on them and in honor of his varied contributions to biblical studies. **Quill & Quire**, 2003 **When Heroes Love** Susan Ackerman, 2005. Toward the end of the Mesopotamian Epic of Gilgamesh, King Gilgamesh laments the untimely death of his comrade Enkidu, my friend whom I loved dearly. This book examines the stories' sexual and homoerotic language and suggests that its ambiguity provides fresh ways of understanding ideas of gender and sexuality in the ancient Near East. **The Philosophy of Symbolic Forms, Volume 2** Ernst Cassirer, 2000-09-24. The Philosophy of Symbolic Forms is one of the landmarks of twentieth-century philosophy. Drawing from the influential work of Wilhelm Dilthey, it transformed neo-Kantianism into a new, robust philosophy of culture. The second volume on Mythical Thinking analyzes the fundamental layers of perception and expression as well as the articulations with religion and the dialectic with other forms, essentially language and art. The intellectual breadth of the volume is remarkable. It initiated the debate with Martin Heidegger and prompted a long-lasting meditation by Hans Blumenberg. We are only beginning to recognize its importance for our understanding of the power of images in the construction of aesthetics, the self, and the socio-political world. It initiated a discussion within French sociology, like Durkheim, Marcel Mauss, that ultimately resurfaced in Pierre Bourdieu, while today it is considered as a resourceful path for cultural and critical theory. Drucilla Cornell and Kenneth M. Panfilio. Finally, this volume also offers solid grounds for a political critique of Nazism, specifically Alfred Rosenberg's *Myth of the 20th Century* and Adolf Hitler's *Mein Kampf*, as well as the new emerging totalitarian ideologies. Fabien Capeilleres, Professor of Philosophy, editor of the French edition of Cassirer's Works. This new translation makes Cassirer's seminal work available to a new generation of scholars. Each volume includes a translator's introduction by Steve G. Lofts, a foreword by Peter E. Gordon, a glossary of key terms, and an index. **Scientific and Technical Aerospace Reports**, 1995 **In Extremis** Deborah Baker, 2000-11. *In Extremis* is the first major biography of a major 20th-century modernist. *Report on the High Speed Ground Transportation Act*, 1970.
