## **Secrets Of Western Tantra:**

*Secrets of Western Tantra* Christopher S. Hyatt, 1989 So many books on Tantra are obscure obtuse and of little real use especially for the Western Practitioner But finally SECRETS OF WESTERN TANTRA is a book which provides a direct honest pragmatic no holds barred approach to the most powerful methods for personal growth and spiritual attainment Sex is one of the most powerful forces on the planet and until it is transformed the people and the planet will remain asleep **Tantra** Hugh B. Urban, 2012 Bhadriraju Krishnamurti 1928 is Professor and Head of the department of Linguistics at Osmania University Hyderabad He received a B A Hons Degree 1948 in Telugu language and literature at Andhra University Waltair and an M A 1955 and Ph D 1957 in linguistics from the university of Pennsylvania U S A **Hidden Intercourse** Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries **Allow Me to Introduce** Lon Milo DuQuette, 2020-02-01 DuQuette s enthusiastic recommendations and heartfelt analyses will inspire any reader interested in the occult Publishers Weekly A guided tour to the occult and esoteric worlds from a beloved author and scholar For over 30 years Lon Milo DuQuette has written incisively about the tarot magick Qabalah and divination and provided introductory material for the most renowned authors on these topics such as Aleister Crowley Israel Regardie John Dee Frater Achad Rodney Orpheus H P Lovecraft Phyllis Seckler John Michael Greer Susan Montag Donald Michael Kraig and many others Considered as a whole this collection of writings provides an invaluable introduction to many aspects and personalities of the occult and esoteric worlds by one of the foremost authorities on such arcane subjects Collected here are Lon s best writings each crafted with an eye toward the importance and immortality of the work with his studied insight and scholarship along with his renowned sense of humor **Secrecy** Hugh B. Urban, 2021-01-12 The powers of political secrecy and social spectacle have been taken to surreal extremes recently Witness the twin terrors of a president who refuses to disclose dealings with foreign powers while the private data of ordinary citizens is stolen and marketed in order to manipulate consumer preferences and voting outcomes We have become accustomed to thinking about secrecy in political terms and personal privacy terms In this bracing new work Hugh Urban wants us to focus these same powers of observation on the role of secrecy in religion With *Secrecy* Urban investigates

several revealing instances of the power of secrecy in religion including nineteenth century Scottish Rite Freemasonry the sexual magic of a Russian born Parisian mystic the white supremacist Br derSchweigen or Silent Brotherhood movement of the 1980s the Five Percenters and the Church of Scientology An electrifying read Secrecy is the culmination of decades of Urban s reflections on a vexed ever present subject     *Tarot and the Path of Initiation* Henry Ho,2013-11-18 This book came into being from the authors exasperation at the ignorance of many users of the Thoth tarot deck They prefer to go by their intuition rather than study Crowleys companion book to the deck The Book of Thoth Its too dense they cry Im not interested in these philosophies I just want to read Tarot The above sentence is the greatest insult to Aleister Crowley the creator of the Thoth deck For the decks purpose was to convey the higher mysteries to the diviner Crowley intended for the deck never to be sold separately from the Book of Thoth And so heart full of elitist snobbery and sense of obligation to Crowley the author of this book set out to spoon feed this dense material to the masses without watering down its contents In the spirit of Crowley who sought to enlighten the world the author has added his own contribution to Crowleys legacy out of duty It was due to Crowleys belief in freedom of information during an era of politics and secrecy that the author was able to get his own hands on the gem of all spiritual writing the Book of Thoth     *Religions of the East* Stephen Hunt,2017-05-15 Under the rubric of Religions of the East which includes Buddhism Hinduism Sikhism Janiism and a myriad of Chinese religio philosophies are a vast range of views concerning human sexuality These contrasting attitudes are mapped through this volume on Religions of the East in The Library of Essays on Sexuality and Religion series Part 1 presents previously published articles that explore several Eastern Religions in the way they construct sexuality through expressions of their pertinent holy writings and belief systems as applied in differing historical and cultural contexts Part 2 takes sexual renunciation and asceticism as its focus through the traditions of Hinduism Jainism and the Chinese religious systems Part 3 explores the connection between sexuality gender and sexuality in Hindu and Buddhist customs in varied social settings The final part of the volume includes articles examining Eastern religions in their attitudes towards sexual variants including bi sexuality trans sexuality and contested sexual categories     *The Journey Across Forever* Wayne Saalman,2023-06-30 A Magical Mystery Ride through the Prism of History in a Search for the Answers to Humanity s Highest Dreams The Journey Across Forever is a powerful collection of writings detailing the author s metaphysical insights and paranormal experiences over the decades as he traveled the world in a quest for truth and enlightenment Topics under discussion include the profound mysteries of consciousness precognition karma reincarnation the Phenomenon UAPs the Dreamtime of the Aborigines Hermeticism alchemy and the secret knowledge shamanism psychotropics and the three forms of magic Saalman reveals what the physicist the mystic and all seekers of truth have in common and explains why climate change the power of social media the threat of apocalyptic politics and the nefarious appeal of the dark web are a spiritual challenge for each of us Above all The Journey Across Forever deeply explores why it is crucial that we heed the words here and now of those who

have had a near death experience if we genuinely believe in the reality of spiritual immortality and wish to make our way to higher dimensions upon our own exit from this planet In the meantime the author argues a Brave New Aquarian Age of promise is ours for the making if we really want it and are prepared to do what it takes to secure it *By Names and Images* Peregrin Wildoak,2012 The Golden Dawn GD system of magic is the main source of the esoteric and magical wisdom and techniques practiced in the West today While the rituals and bare teachings of the tradition have been published for sixty years the inner workings and esoteric keys that empower those rituals have largely remained unpublished or unexplored in contemporary works *By Names and Images* remedies this lack by providing detailed and clear instructions for the visualisations spiritual connections and energetic practices required for every major GD practice and ritual as well as several unpublished techniques Focusing on the meanings and use of sacred names and practical techniques of visualisation the book thoroughly explores meditation and divination purification ritual invocation and evocation grades of initiation and direct experience of the inner realms Also covered is an explanation of the Qabalah and its use as a magical framework While the book is sufficiently practical and clearly explained to be of huge benefit to a newcomer to magic its primary aim is to allow people already practicing the Golden Dawn system to do so more effectively and to be touched by the amazing spiritual blessings the rituals offer **Feral Magick** Denny Sargent,2025-07-07 Find and hone the innate feral spirit within and discover your own inner animal self Feral Magick is about returning to an ancient deeper way of being centered on the primordial world that too many of us find ourselves cut off from To return to this way of being we need to reconnect with the animistic world of the spirits and the powers of nature that have been patiently waiting for us to return Once we become open to this reality the spirits of nature will welcome us bond with us and help us In Feral Magick Sargent widely known as the Wolf Man teaches readers to locate and work with their own inner animal selves as well as with personal animal spirits including many sacred deities The book includes spells rituals and meditations for working with assorted animal spirits as well as instructions for crafting an animal spirit shrine Featured animals include snakes wolves lions crows and ravens Practicing feral magick will lead you to form deeper intuitive bonds with your animal allies and to find the power already inherent within you Denny Sargent offers the operating principles of intuitive spiritual animistic practices which enable you to better acknowledge and engage with all sorts of woodland spirits It will remind you that you too are a spirit of nature
