Security, Identity and Nation Building Demetrios A. Theophylactou, 1995 Cyprus And Its People Vangelis

Calotychos, 2021-11-28 This edited volume of interdisciplinary essays considers the aspects of nation identity and collective experience in the notoriously divided island of Cyprus. The contributors examine the role of international politics particularly the involvement of Greece and Turkey and examine the changing relationship between the Greek and Turkish Cypriot communities since 1955. The book challenges prevailing assumptions about political and cultural identity in Cyprus and theorizes on the prospects for mobilizing more multi-dimensional and workable formations of community on Cyprus. The result is a tightly conceived volume divided into sections of national identity, political possibilities, the location of culture and social and psychological perspectives.

Women and Change in Cyprus Maria Hadjipavlou, 2010-05-05 Following its entry into the EU in 2004, Cyprus has become a major migrant destination. The influx of migrant workers has introduced a more complex ethnic dynamic into a country traditionally considered in light of its history of conflict between its Greek and Turkish ethnic nationals. Maria Hadjipavlou argues that the focus on Cyprus national problem has long prevented Cypriot women to challenge Cyprus largely patriarchal and militaristic order to pursue women's rights and public visibility. While many Cypriot women are now liberated from the home, this is often due to female migrant domestic workers in effect reproducing patriarchal practices. Hadjipavlou here examines the experiences of women from Greek, Turkish, Armenian, Maronite and Latin communities and migrant domestic workers in the context of ethno-national conflict, ethnic divisions, nationalism and militarism and argues for a multi-communal feminist movement in Cyprus to better promote women's rights.

Reporting Conflict and Peace in Cyprus Sanem Şahin, 2022-03-25 This book studies journalism in Cyprus to understand how journalists negotiate their roles and responsibilities in conflict-affected societies. In Cyprus, journalism has navigated through the pressures and challenges of intercommunal and political tensions. The book outlines a historical context of the conflict also known as the Cyprus problem and discusses the news media's involvement in it. However, the primary concern is journalists' perceptions of their professional roles and external forces affecting their work. It examines the impact of political, economic and organisational influences, media ownership and technological developments on their work through interviews conducted with journalists. It studies professional and ethical challenges journalists experience especially when reporting intercommunal relations. Finally, it explores the impact of digital media on journalism and the public debate on the Cyprus problem.
