Seeds Of Change Reflections S:

Seeds of Change Priscilla Leder, 2010-09-01 Barbara Kingsolver's books have sold millions of copies. The Poisonwood Bible was nominated for the Pulitzer Prize and her work is studied in courses ranging from English as a second language classes to seminars in doctoral programs. Yet until now there has been relatively little scholarly analysis of her writings. *Seeds of Change: Critical Essays on Barbara Kingsolver* edited by Priscilla V Leder is the first collection of essays examining the full range of Kingsolver's literary output. The articles in this new volume provide analysis, context, and commentary on all of Kingsolver's novels, her poetry, her two essay collections, and her full-length nonfiction memoir *Animal Vegetable Miracle: A Year of Food Life*. Professor Leder begins *Seeds of Change* with a brief critical biography that traces Kingsolver's development as a writer. Leder also includes an overview of the scholarship on Kingsolver's oeuvre. Organized by subject matter, the 14 essays in the book are divided into three sections that deal with recurrent themes in Kingsolver's compositions: identity, social justice, and ecology. The pieces in this ground-breaking volume draw upon contemporary critical approaches: ecocritical, postcolonial, feminist, and disability studies to extend established lines of inquiry into Kingsolver's writing and to take them in new directions. By comparing Kingsolver with earlier writers such as Joseph Conrad and Henry David Thoreau, the contributors place her canon in literary context and locate her in cultural contexts by revealing how she reworks traditional narratives such as the Western myth. They also address the more controversial aspects of her writings, examining her political advocacy and her relationship to her reader, in addition to exploring her vision of a more just and harmonious world. Fully indexed with a comprehensive works-cited section, *Seeds of Change* gives scholars and students important insight and analysis which will deepen and broaden their understanding and experience of Barbara Kingsolver's work.

Women's Higher Education in Comparative Perspective G.P. Kelly, S. Slaughter, 1991 Focuses on women's access to higher education but also discusses women in the academic workforce.

Passionate Women Paul Ropp, Paola Zamperini, Harriet Zurndorfer, 2021-07-26 This is a collection of original essays which focuses on the causes, meanings, and significance of female suicides in Ming and Qing China. It is the first attempt in English language scholarship to revise earlier views of female self-destruction that had been shaped by the May Fourth Movement and anti-Confucian critiques of Chinese culture and to consider the matter of female suicide in the wider context of more recent scholarship on women and gender relations in late imperial China. The essays also reveal the world of tensions, conflicting demands, and expectations and a variety of means by which both women and men made moral sense of their lives in late imperial China. The volume closes with an extensive bibliography of relevant and important Chinese, Japanese, and Western publications related to female suicide in late imperial China.

Lost Bodies: Prostitution and Masculinity in Chinese Fiction Paola Zamperini, 2010-06-28 This important contribution to the study of early modern Chinese fiction and representation of gender relations focuses on literary representations of the prostitute produced in the Ming and Qing periods. Following her heavily symbolic body, the present

work maps this fictional heroine's journey from innocence to sex work and beyond. This crucial angle allows the author to paint a picture of gender identity, sexuality, and desire that is at once unitary and multi-layered and that comes to illuminate some of the major themes in the construction of Chinese modernity. *Flowering in the Shadows* Marsha Smith Weidner, 1990-01-01. For well over a thousand years Chinese and Japanese women created, commissioned, collected, and used paintings, yet until recently this fact has scarcely been acknowledged in the study of East Asian art by Westerners.

Feminism and the Body Londa L. Schiebinger, 2000. This collection of classic essays in feminist body studies investigates the history of the image of the female body from the medical discovery of the clitoris to the body politic of Queen Elizabeth I to women deprecated as Hottentot Venuses in the nineteenth century. The text looks at the way in which coverings bear cultural meaning, clothing reform during the French Revolution, Islamic veiling, and the invention of the top hat, as well as the embodiment of cherished cultural values in social icons such as the Statue of Liberty or the Barbie doll. By considering culture as it defines not only women but also men, this volume offers both the student and the general reader an insight into the interdisciplinary and cross-cultural study involved in feminist body studies. Men and Women in Qing China Edwards, 2021-09-13. Men and Women in Qing China is an analysis of Chinese prescriptions of gender as represented in Cao Xueqin's famous eighteenth-century Chinese novel of manners, *The Red Chamber Dream* or *The Story of the Stone*. Drawing on feminist literary critical methods, it examines Qing notions of masculinity and femininity, including themes such as bisexuality, motherhood, virginity, and purity, and gender and power. Its central aim is to challenge the common assumption that the novel represents some form of early Chinese feminism by examining the text in conjunction with historical data. The book will be especially important to those interested in issues of gender in China, the history of Chinese literary criticism, and the application of feminist theory to the Asian text. True to Her Word Weijing Lu, 2008. This book is a comprehensive study of faithful maidenhood in late imperial China from the vantage points of state policy, local history, scholarly debate, and the faithful maiden's own subjective point of view. **Sisterhood Is Global** Robin Morgan, 2016-03-08. A powerful and essential anthology that sheds light on the status of women throughout the world. Hailed by Alice Walker as one of the most important human documents of the century, this collection of groundbreaking essays examines the global status of women's experiences from oppression to persecution. Originally published in 1984, the compilation features pieces written by a diverse set of powerful women: journalists, politicians, grassroots activists, and scholars from seventy countries. Author Robin Morgan, a champion of women's rights, herself expertly weaves these inspiring essays into one comprehensive feminist text. These compelling herstories contain thoroughly researched statistics on the status of women throughout the world. Each chapter focuses on a different country and includes data on education, government, marriage, motherhood, prostitution, rape, sexual harassment, and sexual preference. *Sisterhood Is Global* transcends political systems and geographical boundaries to unite women and their experiences in a way that remains unequalled even decades after its first publication. **Clothing, Food,**

and Travel Liu Xiaoyi, 2023-09-15 This book explores the material and cultural history of the Ming Dynasty based on the Chinese magnum opus *Xingshi Yinyuan Zhuan* literally *The Story of a Marital Fate to Awaken the World* written under the pseudonym of the seventeenth century writer Xizhou Sheng. The novel weaves into its narrative through the characters' personalities and the events it illustrates important details of Ming material life. Through the literary snapshot of the Ming material culture as reflected in *Xingshi Yinyuan Zhuan*, this work investigates the practices and customs of clothing, food, and travel—three of the four major concerns of the people's livelihoods known as *yishizhuxing* in Chinese. While frequenting economic dimensions and probing the impact that Ming politics had on the ethos and social economy of the period, it sheds significant light on folk customs, legal and religious practices, and the status of women among other issues. This work aims to enrich the current Western scholarship done primarily by Timothy Brook, Craig Clunas, and Glen Dudbridge on Ming material culture. The book will be of great value to students and scholars of East Asian Studies, Chinese literature, and those interested in the history of material culture in general.
