Seedtime For Fascism The Disintegration Of Austrian Political Culture 1867 1918:

Seedtime for Fascism George V. Strong, 2016-09-16 This study examines the political culture in Austria Hungary in the latter half of the 19th century It analyzes the centrifugal forces that arose from growing ethnic nationalism in the empire and that ultimately overpowered the centripetal forces which held the Austrian Hungarian state idea together The analysis is applied further to provide an historical explanation of analogous developments in post 1989 Europe **The First World War and German National Identity** Jan Vermeiren, 2016-07-18 An innovative study of the impact of the wartime alliance between Imperial Germany and Austria Hungary on German national identity Schubert in the European Imagination Scott Messing, 2006 The concept of Schubert as a feminine type began in 1838 This work examines the historical reception of Franz Schubert as conveyed through the gendered imagery and language of 19th and early 20th century European culture The figures discussed include Musset Sand Nerval Maupassant George Eliot and others *Revolution and Political Violence in Central Europe* Eliza Ablovatski, 2021-07-01 In the wake of the First World War and Russian Revolutions Central Europeans in 1919 faced a world of possibilities threats and extreme contrasts Dramatic events since the end of the world war seemed poised to transform the world but the form of that transformation was unclear and violently contested in the streets and societies of Munich and Budapest in 1919 The political perceptions of contemporaries framed by gender stereotypes and antisemitism reveal the sense of living history of fighting the world revolution which was shared by residents of the two cities In 1919 both revolutionaries and counterrevolutionaries were focused on shaping the emerging new order according to their own worldview By examining the narratives of these Central European revolutions in their transnational context Eliza Ablovatski helps answer the question of why so many Germans and Hungarians chose to use their new political power for violence and repression Hitler's Germany Roderick Stackelberg, 2002-01-22 This book provides a comprehensive history of Nazi Germany and sets it in the wider context of 19th and 20th century German history It analyses how a culture of such creativity and achievement could generate such barbarism and destructivity **Modernizing Europe's Imperial Monarchies** Heidi Hein-Kircher, Frederik Frank Sterkenburgh, 2025-05-28 Up until recently Europe's three imperial monarchies the German Austrian and Russian Empires were seen as moribund political entities unable to accommodate the forces of political social economic and cultural modernization and as a result collapsed collectively during or shortly after the First World War More recently scholars have underlined the viability of these polities including as frameworks for democratic experiments and fixed points for supra national identification notwithstanding the suppression of minorities and colonial undertakings of these empires This book takes a different approach it demonstrates that these three imperial monarchies were capable of and willing to initiate and steer the modernization of their institutions and polities Rather than understanding modernization as a linear and teleological process this contributed volume draws instead on Samuel Eisenstadt's notion of multiple modernities to demonstrate how these empires sought to modernize on their own

terms By drawing on this concept it becomes possible to challenge notions of inevitable decline and instead demonstrate how these imperial monarchies sought to forge modernization on their own terms in the nineteenth and early twentieth century

Teaching the Empire Scott O. Moore, 2020-05-15 Teaching the Empire explores how Habsburg Austria utilized education to cultivate the patriotism of its people Public schools have been a tool for patriotic development in Europe and the United States since their creation in the nineteenth century On a basic level this civic education taught children about their state while also articulating the common myths heroes and ideas that could bind society together For the most part historians have focused on the development of civic education in nation states like Germany France and the United Kingdom There has been an assumption that the multinational Habsburg Monarchy did not or could not use their public schools for this purpose Teaching the Empire proves this was not the case Through a robust examination of the civic education curriculum used in the schools of Habsburg from 1867 1914 Moore demonstrates that Austrian authorities attempted to forge a layered identity rooted in loyalties to an individual's home province national group and the empire itself Far from seeing nationalism as a zero sum game where increased nationalism decreased loyalty to the state officials felt that patriotism could only be strong if regional and national identities were equally strong The hope was that this layered identity would create a shared sense of belonging among populations that may not share the same cultural or linguistic background Austrian civic education was part of every aspect of school life from classroom lessons to school events This research revises long standing historical notions regarding civic education within Habsburg and exposes the complexity of Austrian identity and civil society deservedly integrating the Habsburg Monarchy into the broader discussion of the role of education in modern society

Jewish Intellectuals and the University M. Morris, 2006-12-11 Marla Morris explores Jewish intellectuals in society and in the university using psychoanalytic theory Morris examines Otherness as experienced by Jewish intellectuals who grapple with anti-Semitism within the halls of academia She claims that academia breeds uncertainty and chaos

Twilight of Empire Greg King, Penny Wilson, 2017-11-14 On a snowy January morning in 1889 a worried servant hacked open a locked door at the remote hunting lodge deep in the Vienna Woods Inside he found two bodies sprawled on an ornate bed blood oozing from their mouths Crown Prince Rudolf of Austria Hungary appeared to have shot his seventeen year old mistress Baroness Mary Vetsera as she slept sat with the corpse for hours and when dawn broke turned the pistol on himself A century has transformed this bloody scene into romantic tragedy star crossed lovers who preferred death together than to be parted by a cold unfeeling Viennese Court But

Mayerling is also the story of family secrets incestuous relationships and mental instability blackmail venereal disease and political treason and a disillusioned morphine addicted Crown Prince and a naive schoolgirl caught up in a dangerous and deadly waltz inside a decaying empire What happened in that locked room remains one of history's most evocative mysteries What led Rudolf and mistress to this desperate act Was it really a suicide pact Or did something far more disturbing take place at that remote hunting lodge and result in murder Drawing interviews with members of the Habsburg family and archival sources in Vienna Greg King and Penny Wilson reconstruct this historical mystery laying out evidence and information long ignored that conclusively refutes the romantic myth and the conspiracy stories
