Face to Face Seiichi Furuya, Christine Goessler, 2020-11-13

In the Face of History Barbican Art Gallery, 2006 In the Face of History brings together 22 photographers whose work is rooted in a sense of time and place and who collectively map out a century of European experience Some are caught up in moments of epic conflict while others reflect subtler currents of social change Intensely personal chronicles of community family and love sit alongside and at times overlap with documents of historical record The images range from the trenches of the First World War to the Jewish ghetto of Lodz from the Paris of Atget Brassa and Doisneau to the Berlin of Michael Schmidt and Wolfgang Tillmans and from

cities and suburbs to tiny villages They document a vast range of experience but all are distinguished by the photographers compulsion to record the world as they find it a world refracted through the prism of their own experience Page 4 of cover
