Selected Readings from Soren Kierkegaard Soren Kierkegaard, Robert Van De Weyer, 1991-10-01 **Selected Readings from Søren Kierkegaard** Søren Kierkegaard, 1991 **Kierkegaard Bibliography** Peter Šajda, Jon Bartley Stewart, 2016

Søren Kierkegaard's Little Book of Selected Quotes Quotable Wisdom, 2021-10-31 A fire broke out backstage in a theatre. The clown came out to warn the public; they thought it was a joke and applauded. He repeated it; the acclaim was even greater. I think that's just how the world will come to an end: to the general applause of wits who believe it's a joke. Søren Kierkegaard. Selected quotes by Søren Kierkegaard now at your fingertips. Perfect for casual reading, taking ideas and inspiration. Makes for a unique gift idea. I divide my time as follows: half the time I sleep, the other half I dream. I never dream when I sleep, for that would be a pity. For sleeping is the highest accomplishment of genius. Søren Kierkegaard **Job 38-42, Volume 18B**

David J. A. Clines, 2017-12-12 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation. This series emphasizes a thorough analysis of textual, linguistic, structural, and theological evidence. The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology. These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor, the seminary or university student, the working minister, and everyone concerned with building theological understanding from a solid base of biblical scholarship. Overview of Commentary Organization. Introduction covers issues pertaining to the whole book, including context, date, authorship, composition, interpretive issues, purpose, and theology. Each section of the commentary includes Pericope Bibliography, a helpful resource containing the most important works that pertain to each particular pericope. Translation: the author's own translation of the biblical text, reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words, phrases, and tenses, yet in reasonably good English. Notes: the author's notes to the translation that address any textual variants, grammatical forms, syntactical constructions, basic meanings of words, and problems of translation. Form/Structure: Setting, a discussion of redaction, genre, sources, and tradition as they concern the origin of the pericope, its canonical form, and its relation to the biblical and extra-biblical contexts in order to illuminate the structure and character of the pericope. Rhetorical or compositional features important to understanding the passage are also introduced here. Comment verse by verse: interpretation of the text and dialogue with other interpreters, engaging with current opinion and scholarly research. Explanation brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels: 1. within the context of the book itself; 2. its meaning in the OT or NT; 3. its place in the entire canon; 4. theological relevance to broader OT or NT issues. General Bibliography: occurring at the end of each volume, this extensive bibliography contains all sources used anywhere in the commentary. **Volume 19, Tome II: Kierkegaard Bibliography** Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars

to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies
