Short Short Short Stories:

Micro Fiction Jerome H. Stern, 1996 Ten years ago Jerome Stern director of the writing program at Florida State initiated the World's Best Short Short Story Contest Stories were to be about 250 words long first prize was a check and a crate of oranges Two to three thousand stories began to show up annually in Tallahassee and National Public Radio regularly broadcast the winner But more important the Micro form turned out to be contagious stories of this lack of length now dot the literary magazines The time seemed right then for this anthology presenting a decade of contest winners and selected finalists In addition Stern commissioned Micros persuading a roster of writers to accept the challenge of completing a story in one page Jesse Lee Kercheval has a new spin on the sinking of the Titanic Virgil Suarez sets his sights on the notorious Singapore caning George Garrett conjures up a wondrous screen treatment pitch and Antonya Nelson invites us into an eerie landscape Verve and nerve and astonishing variety are here with some wild denouements How short can a Micro be you wonder Look up Amy Hempel's contribution and you'll see Short! Kevin Crossley-Holland, 1998 The longest of the stories in this book is short and the shortest is just one sentence long Which means there are lots of stories a whole bookful to make you think laugh Shiver and think again Collected Short Stories: Volume 1 W. Somerset Maugham, 1992-09-01 These 30 short stories comprising Somerset Maugham's first collection are set in locations ranging from England France and Spain to the silver sands of the South Pacific They include Rain The Three Fat Women of Antibes The Voice of the Turtle and Before the Party For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **Short Stories** David Owens Short Stories, 2019-08-27 If you can't decide which new novel or nonfiction book to pick up here's another idea try reading a short story collection Rather than focus on a singular narrative these unique options weave together the voices of several writers or focus on multiple stories by an author you know and love Short stories are tiny windows into other worlds and other minds and other dreams They are journeys you can make to the far side of the universe and still be back in time for dinner *A Little Book of Great Short Stories* Bettye Favors, 2021-02-02 Short stories can be enjoyable entertaining as well as stimulating for the mind When short stories are read and discussed in a group session or a classroom they generate discussion open communication and various opinions amongst the group Each story has its own moral lesson but each reader may discover that their ideas may differ vastly from what the writer intended Short stories can be read in less than 10 minutes but the moral of the story can linger in the mind for a lifetime Don't underestimate the power of short stories When you share a short story the listener may identify with aspects of the story and experience a moment of an emotional change Your story can serve as a seed that will bring forth good fruit in its season **Books and Beyond**

Kenneth Womack, 2008-10-30 There is a strong interest in reading for pleasure or self improvement in America as shown by the popularity of Harry Potter and book clubs including Oprah Winfrey's. Although recent government reports show a decline in recreational reading the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories such as cyberpunk fantasy literature flash fiction GLBTQ literature graphic novels manga and anime and zines. Each entry is written by an expert contributor and provides a definition of the genre an overview of its history a look at trends and themes a discussion of how the literary form engages contemporary issues a review of the genre's reception a discussion of authors and works and suggestions for further reading. Sidebars provide fascinating details and the set closes with a selected general bibliography. Reading in America for pleasure and knowledge continues to be popular even while other media compete for attention. While students continue to read many of the standard classics new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today including the growth of new genres such as cyberpunk zines flash fiction GLBTQ literature and other topics. Companion to the Short Story in English Paul Delaney, 2018-02-01 Provides a clear introduction to the key terms and frameworks in cognitive poetics and stylistics. **You've Got to Read this** Ron Hansen, Jim Shepard, 1994 An exciting new anthology of short fiction chosen by thirty-five of this country's most distinguished and popular fiction writers. You've Got to Read This offers readers an unusually intimate glimpse into how accomplished writers experience literature. Here are stories that inspired today's leading novelists and short story writers to embark on their own writing careers stories that took their breath away and changed them or the way they responded to literature forever. Oscar Hijuelos confesses his debt to the great Argentine writer Jorge Luis Borges whose brilliant story *The Aleph* inspired him to become a writer himself. Mary Gordon stands in awe of what James Joyce wrought in *The Dead* and wonders how writers who come after him can equal it. Robert Coover writes movingly of Angela Carter and her mysterious story *Reflections* while Kenneth A. McClane says that *Sonny's Blues* by James Baldwin literally saved his life. Some of the stories presented here are classics like Anton Chekhov's *Gooseberries* introduced by Eudora Welty or Flannery O'Connor's *A Good Man Is Hard to Find* selected by Sue Miller. Some are less well known like Lars Gustafsson's *Greatness Strikes Where It Pleases* introduced by Charles Baxter or John Updike's

Packed Dirt Churchgoing a Dying Cat a Traded Car whose beauty stunned Lorrie Moore All were critically important to some of our finest contemporary writers among them Annie Dillard John Irving Amy Tan Louise Erdrich Russell Banks Jane Smiley Bobbie Ann Mason Tobias Wolff and their comments about the selections offer fascinating entrances into the stories For lovers of fiction You ve Got to Read This is a treasure trove a dazzling collection of stories passionately and imaginatively chosen
