**The Texts of Keats's**

**Poems** Jack Stillinger, 1974 Jack Stillinger's concern is with the words of Keats's texts I wish he says to get rid of the wrong ones and to suggest how to go about constructing texts with a greater proportion of the right ones He finds that in the two best modern editions of Keats one third of the texts have one or more wrong words Modern editors have sometimes based their texts on inferior holograph transcript or printed versions sometimes combined readings from separate versions sometimes retained words added by copyists and early editors who frequently made improvements when they thought the poems needed them and sometimes of course introduced independent errors of their own The heart of this book is a systematic account of the textual history of each of the 150 poems that can reasonably be assigned to Keats In each history Stillinger dates the work as closely as it can be dated gives the details of first publication specifies the existing variant readings and their sources and suggests what might be the basis for a standard text
