Live offers a rare look at the unique grassroots African American religious institutions called the Singing and Praying Bands. This folksong and ring shout tradition began in Chesapeake Bay country in the early nineteenth century with a fusion of Methodist prayer meeting worship and African religious danced song traditions. Although scholars have assumed ring shouts died out long ago, Jonathan C. David shows otherwise, ushering us inside tidewater communities of Maryland and Delaware where they continue to thrive. A traditional band service represents a cultural commitment to mutual aid called help, operating as a system of social reciprocity, as a performance aesthetic, and as the foundation of community spirituality. The book's nine chapters tell the story of the Singing and Praying Bands at these services through oral histories, each told by a different member of a group. Seventy-eight photographs along with various song notations bring the spirit of the culture to life. The author's introduction provides the historical and ethnographic context needed to understand the bands and their tradition. An accompanying CD of original field recordings provides an opportunity to hear the service as if you were there. A volume in the series *Music in American Life*. **The New Encyclopedia of Southern Culture: Folklife** Charles Reagan Wilson, 2006. Volume 4. Myth, manners, and memory. This volume addresses the cultural, social, and intellectual terrain of myth, manners, and historical memory in the American South. Evaluating how a distinct southern identity has been created, recreated, and performed through memories that blur the line between fact and fiction, this volume paints a broad, multihued picture of the region seen through the lenses of belief and cultural practice. **Acquisitions List, African-American Collection** University of Pittsburgh.
