War on Film: Military History Education, Video Tapes, Motion Pictures, and Related Audiovisual Aids ,1987 This bibliography is a listing of selected unclassified government and commercially produced motion picture films videotapes and related audiovisual materials that support the teaching of American military history It is designed to serve as a resource tool to assist instructors within the TRADOC Military History Education Program Partial contents General Military history Military technology Military Commanders and personalities Unit histories Colonial America to 1861 Civil War and Spanish American War World War I and between the wars World War II Korean War and the Cold war Vietnam War to the Present Hollywood Films '*Boredom is the Enemy*' Amanda Laugesen,2016-04-15 War is often characterised as one percent terror 99 per cent boredom Whilst much ink has been spilt on the one per cent relatively little work has been directed toward the other 99 per cent of a soldier s time As such this book will be welcomed by those seeking a fuller understanding of what makes soldiers endure war and how they cope with prolonged periods of inaction It explores the issue of military boredom and investigates how soldiers spent their time when not engaged in battle work or training through a study of their creative imaginative and intellectual lives It examines the efforts of military authorities to provide solutions to military boredom and the problem of discipline and morale through the provisioning of entertainment and education but more importantly explores the ways in which soldiers responded to such efforts arguing that soldiers used entertainment and education in ways that suited them The focus in the book is on Australians and their experiences primarily during the First World War but with subsequent chapters taking the story through the Second World War to the Vietnam War This focus on a single national group allows questions to be raised about what might or might not be exceptional about the experiences of a particular national group and the ways national identity can shape an individual s relationship and engagement with education and entertainment It can also suggest the continuities and changes in these experiences through the course of three wars The story of Australians at war illuminates a much broader story of the experience of war and
