Shred Of Honour:

A Shred of Honour J. K. Mayo, 1993 With a consignment of British made germ warfare running loose across Africa Whitehall is in a condition of close lipped ferment Nefarious old one legged Sir John Arkely of MI6 and MI5 s Harry Seddall once again find themselves at the heart of an international intrigue Corpus Approaches to Evaluation Susan Hunston, 2010-10-04 This book applies a set of corpus investigation techniques to the study of evaluation or stance or affect in naturally occurring discourse Evaluative language indicates opinions attitudes and judgments It is an important part of activities such as persuading someone that a particular viewpoint is correct or in constructing knowledge from a different number of theories This book argues that phraseology regularities or patterns in language identifiable from corpus studies is important to the study of evaluative language It makes a number of more specific arguments that modal meaning is expressed through particular phrases and not only through modal verbs that figurative phrases are used to intensify evaluation and that patterns of use may be exploited to achieve an automatic identification of evaluations It also builds on the author s previous work in exploring how films and journalism use language and images to build knowledge from ideas

The Lost Domain Martin Hocke, 2019-05-14 Since time immemorial the Tawny owls have formed the privileged aristocratic class among the nocturnal birds far superior to the Barn owls and Little owls Yoller the son of the leader of a Tawny owl dynasty also grew up with this belief However when the impetuous young Tawny owl is attacked by buzzards during a messenger mission to remote forest areas his aristocratic origins do not help him one bit Yoller is saved from certain death by the owl May Blossom at the last minute Yoller and his lifesaving heroine fall in love but conflicting life plans separate them again Thus Yoller follows his intended purpose as a Tawny owl and returns to his homeland where he finds himself confronted with the eternal struggle for supremacy in the forests But the experience with May makes him doubt the old rules A relentless system regulates the coexistence of Barn owls Tawny owls and Little owls In the land of the owls violations of these ancient rules are punished with death But a new era has begun former enemies inevitably become allies in the fight against a common old enemy With poetic wit and captivating powers of observation Martin Hocke has woven this fantastic trilogy of novels which revolves around owls and other nocturnal birds into a parable that stands in the tradition of *Watership Down* and *Wind in the Willows* Individual volumes *Ancient Solitary Reign* *The Lost Domain* *Am an Owl* **To Be Continued** Hope Apple, Merle L. Jacob, 2000-10-10 Keeping track of prolific authors who write fiction series was quite challenging for even the most ardent fan until *To Be Continued* debuted in 1995 Now readers will be happy that the soon to be released second edition has added 1 600 new books and 400 new series *To Be Continued* Second Edition maintains the first volume s successful formula that featured concise A to Z entries packed with useful information including titles publishers publication dates genre categories annotations and subject terms Among the genre categories that can be found in *To Be Continued* are romance science fiction crime novel horror adventure fantasy humor western war Christian fiction

and others **Unbroken Promise** Meg de Patrick, 2015-11-02 Olivier LeBlanc the UN Special Adviser on Nuclear Disarmament and Dawn Saks a former Deputy Director of the National Clandestine Service of the CIA set out to decipher a parchment to unravel the motive and identity of the murderers of a double killing in New York *All or Nothing* Jonathan Steinberg, 2003-09-02 German and Italian fascist armies in the Second World War treated the Jews quite differently Jews who fell into the hands of the German army ended up in concentration camps none of those taken by the Italians suffered the same fate Yet the protectors of the Jews were no philo Semites nor were they often great respecters of human life Some of those same officers had sanctioned savage atrocities against Ethiopians and Arabs in the years before the war Jonathan Steinberg uses this remarkable and poignant story to unravel the motives and forces underpinning both Fascism and Nazism As a renowned historian of both Germany and Italy he is uniquely placed to answer the underlying question why *Fictional Minds and Interpersonal Relationships in George Eliot's The Mill on the Floss* Karam Nayeypour, 2018-10-01 George Eliot 1819-1880 is known for her psychoanalysis of the majority of her characters in her literary works In her second novel *The Mill on the Floss* 1860 she focuses on the fictional minds subjective first thoughts and intentions She shows how their unsympathetic workings cause private and collective tragedy by the end of narrative The novel has frequently been acclaimed by critics and readers alike However this book presents a re evaluation of the text with the help of terminologies borrowed from cognitive narratology in order to shed new light on the significance of one track minds in this narrative The book explores the mental functioning of the individual fictional minds and examines how different modes of mental activities influence the interpersonal relationships between and among the characters Accordingly the study argues that the main cause of tragedy in *The Mill on the Floss* stems from at least two factors First the central fictional minds primarily function on the basis of their self centered thoughts and emotions over which they usually do not have control Second the tragedy is an effect of the social minds or public opinion's unforgetting unforgiving and unsympathetic perspectives of any unconventional behavior *Mummies, Cannibals, and Vampires* Richard Sugg, 2011 *Mummies Cannibals and Vampires* charts in vivid detail the largely forgotten history of European corpse medicine when kings ladies gentlemen priests and scientists prescribed swallowed or wore human blood flesh bone fat brains and skin against epilepsy bruising wounds sores plague cancer gout and depression One thing we are rarely taught at school is this James I refused corpse medicine Charles II made his own corpse medicine and Charles I was made into corpse medicine Ranging from the execution scaffolds of Germany and Scandinavia through the courts and laboratories of Italy France and Britain to the battlefields of Holland and Ireland and on to the tribal man eating of the Americas *Mummies Cannibals and Vampires* argues that the real cannibals were in fact the Europeans Medicinal cannibalism utilised the formidable weight of European science publishing trade networks and educated theory For many it was also an emphatically Christian phenomenon And whilst corpse medicine has sometimes been presented as a medieval therapy it was at its height during the social and scientific revolutions of early

modern Britain It survived well into the eighteenth century and amongst the poor it lingered stubbornly on into the time of Queen Victoria This innovative book brings to life a little known and often disturbing part of human history **A Study in Murder** Robert Ryan,2015-01-01 A stunning Dr Watson thriller perfect for all fans of Sherlock The year is 1917 and Doctor John Watson is held in a notorious POW camp deep in enemy Germany there as Medical Officer for the British prisoners With the Allied blockade food is perilously short in the camp and when a new prisoner is murdered all assume the poor chap was killed for his Red Cross parcel Watson though isn't so sure Something isn't quite what it seems and a creeping feeling of unease tells Watson there is more to this than meets the eye And when an escape plot is apparently uncovered in his hut and he is sent to solitary confinement he knows he has touched a nerve If Watson is to reveal the heinous crimes that have occurred at the camp he must escape before he is silenced for good All he needs is some long distance help from his old friend Sherlock Holmes Robert Ryan is the key heir apparent to Conan Doyle Barry Forshaw Financial Times Praise for Dead Man's Land A hugely powerful depiction of wartime horror a cunning murder mystery and a brilliant re-invention of Dr John Watson Conan Doyle would most definitely approve Mark Billingham A vivid account of life in the trenches this is a genuinely fascinating and finely researched piece of war fiction Daily Express A page turning read Daily Mail Praise for The Dead Can Wait Seriously good very readable well researched novel The Times A cracking fulfilling utterly satisfying read Manda Scott A clever and interesting period piece Literary Review **English/German Dictionary of Idioms** Professor Hans

Schemann,2013-04-15 This dictionary is the ideal supplement to the German English Dictionary of Idioms which together give a rich source of material for the translator from and into each language The dictionary contains 15 000 headwords each entry supplying the German equivalents variants contexts and the degree of currency rarity of the idiomatic expression This dictionary will be an invaluable resource for students and professional literary translators Not for sale in Germany Austria or Switzerland **Cases Decided in the Supreme Court of the Cape of Good Hope During the Years 1880-?-1909 ...** Cape of Good Hope. Ten years after : a reminder Philip Gibbs,2025-03-02 In Ten Years After A Reminder Philip Gibbs captures the lingering echoes of the First World War intertwining personal narratives with historical reflection Written with a blend of poignant prose and lyrical depth the work serves as both a memoir and a commentary on the complexities of post war society Gibbs employs a rich tapestry of imagery and anecdotal evidence underscoring the psychological scars and societal shifts wrought by the conflict The text navigates the themes of memory loss and the dichotomy of hope and despair encapsulating the zeitgeist of the 1920s as the world grappled with the consequences of a brutal past Philip Gibbs was a prominent British journalist and novelist whose first hand experiences and wartime reporting significantly shaped his perspective His intimate knowledge of the trenches and the human cost of war armed him with a unique lens to explore the intricacies of recovery and
