*Applied Ballardianism* Simon Sellars, 2019-01-15 An existential odyssey weaving together lived experience and theoretical insight this startling autobiographical hyperfiction surveys and dissects a world where everything connects and global technological delirium is the norm The mediascapes of late capitalism reconfigure erotic responses and trigger primal aggression under constant surveillance we occupy simulations of ourselves private estates on a hyperconnected globe fictions reprogram reality memories are rewritten by the future Fleeing the excesses of 1990s cyberculture a young researcher sets out to systematically analyse the obsessively reiterated themes of a writer who prophesied the disorienting future we now inhabit The story of his failure is as disturbingly psychotropic as those of his magus J G Ballard prophet of the post postmodern voluptuary of the car crash surgeon of the pathological virtualities pulsing beneath the surface of reality Plagued by obsessive fears defeated by the tedium of academia yet still certain that everything connects to Ballard his academic thesis collapses into a series of delirious travelogues deranged speculations and tormented meditations on time memory and loss Abandoning literary interpretation and renouncing all scholarly distance he finally accepts the deep assignment that has run throughout his entire life and embarks on a rogue fieldwork project *Applied Ballardianism* a new discipline and a new ideal for living Only the darkest impulses the most morbid obsessions and the most apocalyptic paranoia can uncover the technological mutations of inner space An existential odyssey inextricably weaving together lived experience and theoretical insight this startling autobiographical hyperfiction surveys and dissects a world where everything connects and global technological delirium is the norm a world become unmistakably Ballardian **Studies in Short Fiction**, 1993

Walker, 1973 Jeroboam's Wife Dr. Robin Gallaher Branch, 2018-04-24 Much has been written about prominent women of the Bible such as Sarah Ruth and Esther But little attention has been paid to the obscure or unnamed women of the Old Testament whose words are not recorded Yet even while mute these women often played critical roles in the unfolding of God's plan at times signaling the emergence of great events In *Jeroboam's Wife* Robin Gallaher Branch introduces seven of these obscure yet noteworthy women and girls Through her careful examination of the literary contours of the biblical narratives she highlights their unique challenges and indelible contributions Drawing from contemporary biblical psychological and sociological scholarship Branch brings these women and their stories to life in fresh ways Thoughtful questions for personal reflection or group discussion help

contemporary readers ponder how these women's lives are still relevant

Post-Jungian Psychology and the Short Stories of Ray Bradbury and Kurt Vonnegut Steve Gronert Ellerhoff, 2016-02-22 In this book Steve Gronert Ellerhoff explores short stories by Ray Bradbury and Kurt Vonnegut written between 1943 and 1968 with a post Jungian approach Drawing upon archetypal theories of myth from Joseph Campbell James Hillman and their forbearer C G Jung Ellerhoff demonstrates how short fiction follows archetypal patterns that can illuminate our understanding of the authors their times and their culture In practice a post Jungian methodology is shown to yield great insights for the literary criticism of short fiction Chapters in this volume carefully contextualise and historicize each story including Bradbury and Vonnegut's earliest and most imaginatively fantastic works The archetypal constellations shaping Vonnegut's early works are shown to be war and fragmentation while those in Bradbury's are family and the wholeness of the sun Analysis is complemented by the explored significance of illustrations that featured alongside the stories in their first publications By uncovering the ways these popular writers redressed old myths in new tropes and coined new narrative elements for hopes and fears born of their era the book reveals a fresh method which can be applied to all imaginative short stories increasing understanding and critical engagement Post Jungian Psychology and the Short Stories of Ray Bradbury and Kurt Vonnegut is an important text for a number of fields from Jungian and Post Jungian studies to short story theories and American studies to Bradbury and Vonnegut studies Scholars and students of literature will come away with a renewed appreciation for an archetypal approach to criticism while the book will also be of great interest to practising depth psychologists seeking to incorporate short stories into therapy

*American Women Writing Fiction* Mickey Pearlman, 2014-10-17 American literature is no longer the refuge of the solitary hero Like the society it mirrors it is now a far richer many faceted explication of a complicated and diverse society racially culturally and ethnically interwoven and at the same time fractured and fractious Ten women writing fiction in America today Toni Cade Bambara Joan Didion Louise Erdrich Gail Godwin Mary Gordon Alison Lurie Joyce Carol Oates Jayne Anne Phillips Susan Fromberg Schaeffer and Mary Lee Settle represent that geographic ethnic and racial diversity that is distinctively American Their differing perspectives on literature and the American experience have produced

Erdrich's stolid North Dakota plainswomen Didion's sun-baked dreamers and screamers the urban ethnics Irish Jewish and black of Gordon Schaeffer and Barbara Oates's small town often violent neurotics Lurie's intellectual sophisticates and the southern survivors and victims male and female of Phillips Settle and Godwin The ten original essays in this collection focus on the traditional themes of identity memory family and enclosure that pervade the fiction of these writers The fictional women who emerge here as these critics show are often caught in the interwoven strands of memory perceive literal and emotional space as entrapping find identity elusive and frustrating and experience the interweaving of silence solitude and family in complex patterns Each essay in this collection is followed by bibliographies of works by and about the writer in question that will be invaluable resources for scholars and general readers alike Here is a readable critical discussion of ten important contemporary novelists who have broadened the pages of American literature to reflect more clearly the people we are
