Shrubs Of The Great Basin A Natural History:

Trees of the Great Basin Ronald M. Lanner, 1983 *Shrubs Of The Great Basin* Hugh N. Mozingo, 1987-07-01 Mozingo presents the life histories of more than sixty species of both common and unusual shrubs and discusses how shrubs grow reproduce and adapt to the extreme weather conditions that are part of daily life in the Great Basin Drawings by Christine Stetter *Trees of the Great Basin* Ronald M. Lanner, 1984-01-01 *A Natural History of Oregon's Lake Abert in the Northwest Great Basin Landscape* Ron Larson, 2023-12-12 A beautifully detailed exploration of flora and fauna Author Ron Larson offers a natural history of a Great Basin landscape that focuses on the northern region including Lake Abert and Abert Rim and the adjacent area in southcentral Oregon Although the jewel of this landscape is a lake the real story is the many plants and animals from the very primitive reddish bacteria like archaea that thrive only in its high salinity waters to the Golden Eagles and ravens that soar above the desert The untold species in and around the lake are part of an ecosystem shaped by ageless processes from massive lava flows repeated drought and blinding snowstorms It is an environment rich with biotic and physical interconnections going back millions of years The Great Basin and in particular the Lake Abert region is special and needs our attention to ensure it remains that way We must recognize the importance of water for Great Basin ecosystems and the need to manage it better and we must acknowledge how rich the Great Basin is in natural history Salt lakes wherever they occur are valuable and provide critically important habitat for migratory water birds which are unfortunately under threat from upstream water diversions and climate change Larson s book will help people understand that the Great Basin is unique and that wise stewardship is necessary to keep it unspoiled The book is an essential reference source drawing together a wide range of materials that will appeal to general readers and researchers alike SP035: A Geologic and Natural History Tour Through Nevada and Arizona Along U.S. Highway 93 Joseph V.
