Sibelius A Personal Portrait:

Sibelius Santeri Levas,1972 *Jean Sibelius* Santeri Levas,1986 *Jean Sibelius: Muistelmia Suuresta Ihmisestä.*
Sibelius: a Personal Portrait ... Translated by Percy M. Young Santeri LEVAS,1972 **Sibelius, a Personal Portrait** Santeri
Levas,1972 *Sibelius* Santeri Levas,1973 *Jean Sibelius's Legacy* Tim Howell,Anna Krohn,Veijo Murtomäki,2017-08-21
In 2015 at the 150th anniversary of Jean Sibelius birth research about his music and personality is more active than ever
Recent discoveries about the musical literary artistic political and social life around him have decisively widened the scope of
scholarly discussion As part of the anniversary celebrations a great number of Sibelius scholars gathered in H meenlinna his
birth town for a conference leading up to his birthday on December 8 This volume draws upon the most current
achievements of Sibelius research It brings together the diverse and sometimes even divergent viewpoints that emerged
from this international meeting These studies cover all of the genres in Sibelius production orchestral works incidental music
piano and chamber music and songs including both well known works and rarities and even some fresh discoveries The
chapters in this book are also a welcome reminder of the manifold sources of inspiration the music of his contemporaries
nature literature and visual art The versatility of Sibelius output and the richness of his creative imagination are presented
here to any reader interested to learn more about the music of the Finnish master **Jean Sibelius's Violin Concerto** Tina
K. Ramnarine,2020 Jean Sibelius s Violin Concerto is the story of Sibelius as performer and composer of violin performing
traditions of histories of musical transmission and of virtuosity itself It investigates the history and legacy of one of the most
recorded concertos in the violin repertoire Sibelius a celebrated and influential composer of the late 19th and 20th centuries
was an accomplished violinist whose enduring interest in the instrument has been paralleled by the broad success of the only
concerto in his oeuvre his violin concerto premiered in 1904 and revised in 1905 Considering how violinists engage with the
work author Tina K Ramnarine discusses technology s central role in the concerto s transmission from Jascha Heifetz s
seminal 1935 recording to contemporary online performances gender issues in violin solo careers and nature based musical
aesthetics that lead to thinking about the ecology of virtuosity in an era of environmental crisis Beginning with Sibelius s
early training as a violinist and his aspirations as a performer Ramnarine traces the dramatic historical context of the violin
concerto It was composed as Finland underwent a period of heightened self determination nationalism and protest against
Russian imperial policies and it heralded intense political dynamics relating to Europe s East West border that have extended
to the present This story of the violin concerto points to the notion of Sibelius and the virtuoso more generally as a political
figure *Sibelius* Andrew Barnett,2007-01-01 Informed by a wealth of information that has come to light in recent years this
engaging biography tells the complete story of the life and musical work of Finnish composer Jean Sibelius 1865 1957
Drawing on Sibelius s own correspondence and diaries contemporary reviews and the remarks of family and friends the book
presents a rich account of the events of the musician s life In addition this volume is the first to set every work and

performable fragment by Sibelius in its historical and musical context Filling a significant gap the biography also provides the first accurate information about much of the composer's early music Writing for the general music lover Andrew Barnett combines his own extensive knowledge of Sibelius's music with the insights of other scholars and musicians He lays to rest a number of myths and untruths that Sibelius wrote no chamber music of value for example and that he stopped composing in 1926 and didn't need to compose to earn a living Barnett completes the volume with the most thorough worklist available and an authoritative chronology of Sibelius's entire output *A History of Twentieth-Century Music in a Theoretic-Analytical Context* Elliott Antokoletz, 2014-03-14 A History of Twentieth Century Music in a Theoretic Analytical Context is an integrated account of the genres and concepts of twentieth century art music organized topically according to aesthetic stylistic technical and geographic categories and set within the larger political social economic and cultural framework While the organization is topical it is historical within that framework Musical issues interwoven with political cultural and social conditions have had a significant impact on the course of twentieth century musical tendencies and styles The goal of this book is to provide a theoretic analytical basis that will appeal to those instructors who want to incorporate into student learning an analysis of the musical works that have reflected cultural influences on the major musical phenomena of the twentieth century Focusing on the wide variety of theoretical issues spawned by twentieth century music A History of Twentieth Century Music in a Theoretic Analytical Context reflects the theoretical analytical essence of musical structure and design **Four Last Songs** Linda Hutcheon, Michael Hutcheon, 2015-05-22 Aging and creativity can seem a particularly fraught relationship for artists who often face age related difficulties as their audience's expectations are at a peak In *Four Last Songs* Linda and Michael Hutcheon explore this issue via the late works of some of the world's greatest composers Giuseppe Verdi 1813-1901 Richard Strauss 1864-1949 Olivier Messiaen 1908-1992 and Benjamin Britten 1913-1976 all wrote operas late in life pieces that reveal unique responses to the challenges of growing older Verdi's *Falstaff* his only comedic success combated Richard Wagner's influence by introducing young Italian composers to a new model of national music Strauss on the other hand struggling with personal and political problems in Nazi Germany composed the self-reflexive *Capriccio* a life review of opera and his own legacy Though it exhausted him physically and emotionally Messiaen at the age of seventy-five finished his only opera *Saint Franois d'Assise* which marked the pinnacle of his career Britten meanwhile suffering from heart problems refused surgery until he had completed his masterpiece *Death in Venice* For all four composers age far from sapping their creative power provided impetus for some of their best accomplishments With its deft treatment of these composers' final years and works *Four Last Songs* provides a valuable look at the challenges and opportunities that present themselves as artists grow older Ferruccio Busoni and His Legacy Erinn E. Knyt, 2017-05-22 An analysis of the composer's unconventional teaching style and philosophy his relationship with his students and his effect on twentieth century music Many students of renowned composer conductor and teacher Ferruccio Busoni had illustrious

careers of their own yet the extent to which their mentor's influence helped shape their success was largely unexplored until now. Through rich archival research including correspondence, essays and scores, Erinn E. Knyt presents an evocative account of Busoni's idiosyncratic pedagogy focused on aesthetic ideals rather than methodologies or techniques and how this teaching style and philosophy can be seen and heard in the Nordic-inspired musical works of Sibelius, the unusual soundscapes of Varèse, the polystylistic meldings of music and technology in Louis Gruenberg's radio operas and film scores, the electronic music of Otto Luening and the experimentalism of Philip Jarnach. Equal parts critical biography and interpretive analysis, Knyt's work compels a reconsideration of Busoni's legacy and puts forth the notion of a Busoni School as one that shaped the trajectory of twentieth-century music. Erinn Knyt's *Ferruccio Busoni and His Legacy* is a most welcome addition to the literature on Busoni as a fine example of research based on primary sources. *Bach – Schenker Studies 2* Hedi Siegel, 1999-04-22. Second volume of studies based on the work of Heinrich Schenker. **Self-Portrait of Percy Grainger** Malcolm Gillies, David Pear, Mark Carroll, 2006-06-29. Shortly before his death, Percy Grainger (1882–1961) lodged over twenty unpublished sketches in his Australian Museum. *Self-Portrait of Percy Grainger* draws exclusively from these sketches, revealing for the first time an illuminating portrait of the composer's life. With such titles as *The Aldridge Grainger*, *Strom Saga*, *Thunks*, *Ere I Forget The Love*, *Life of Helen and Paris* and *Anecdotes*, these manuscripts were intended as precursors to Grainger's autobiography *My Wretched Tone Life*, which he only commenced in his final years. Expertly shaping these sketches, the editors have created a self-portrait along the lines that Grainger himself had intended. The volume first introduces Grainger's forebears, parents, friends, wife and himself before moving on to his views on composition, performance and the musical world. In these sketches, Grainger addresses such topics as racial and national identity, the meaning of work, physical culture, language reform, sexual practice and artistic patronage. Grainger also probes the nature of musical genius, discussing a broad range of composers including Igor Stravinsky, Thomas Beecham, Frederick Delius, Edvard Grieg, Charles Stanford, Cyril Scott, Fritz Kreisler, Donald Tovey, Ferruccio Busoni and Balfour Gardiner. Among the works of his own that Grainger most featured are his *The Warriors*, *Music for an Imaginary Ballet*, *Colonial Song*, the *Lincolnshire Posy* series of band pieces, his greatest hit *Country Gardens* and his many settings of English folk music. Written in Grainger's own self-created Nordic English as well as translated from Danish, the language of his most intimate confessions, *Self-Portrait of Percy Grainger* sheds light on some of the most revealing details of the composer's life. The sketches trace Grainger's changing self-perception from the romantically tinged, even lustful views of his forties and fifties through a period of wistfulness in his sixties to the bitterness and self-loathing of his old age. The volume also includes several of Grainger's own drawings as well as both public and private photographs. A fascinating and revealing collection of vignettes, this extraordinary book will appeal to instructors, students and enthusiasts in musicology, music history, cultural studies and Australian, British and American history. **The Rest Is Noise** Alex Ross, 2007-10-16. Winner of the 2007 National Book Critics Circle Award for Criticism. A

New York Times Book Review Top Ten Book of the Year Time magazine Top Ten Nonfiction Book of 2007 Newsweek Favorite Books of 2007 A Washington Post Book World Best Book of 2007 In this sweeping and dramatic narrative Alex Ross music critic for The New Yorker weaves together the histories of the twentieth century and its music from Vienna before the First World War to Paris in the twenties from Hitler's Germany and Stalin's Russia to downtown New York in the sixties and seventies up to the present Taking readers into the labyrinth of modern style Ross draws revelatory connections between the century's most influential composers and the wider culture The Rest Is Noise is an astonishing history of the twentieth century as told through its music

Ten Masterpieces of Music Harvey Sachs, 2021-10-26 Some pieces of music survive Most fall into oblivion What gives the ten masterpieces selected for this book their exceptional vitality In this penetrating volume Harvey Sachs acclaimed biographer and historian of classical music takes readers into the hearts of ten extraordinary works of classical music in ten different genres showing both the curious novice and the seasoned listener how to recognize appreciate and engage with these masterpieces on a historical and compositional level Far from what is often thought classical music is neither dead nor dying As a genre it is constantly evolving its pieces passing through countless permutations and combinations yet always retaining that essential life force The works collected here composed in the years between 1784 and 1966 are a testament to this fact As Sachs skillfully demonstrates they have endured not because they were exceptionally well made or interesting but because they were created by composers Mozart and Beethoven Schubert Schumann Berlioz Verdi and Brahms Sibelius Prokofiev and Stravinsky who had a particular genius for drawing music out of their deepest wellsprings Through music Sachs writes they universalized the intimate In describing how music actually sounds Ten Masterpieces of Music seems to do the impossible animating the process of composing as well as the coming together of disparate scales and melodies trills and harmonies It tells us too how particular compositions came to be often revealing that the pieces we now consider classic were never intended to be so In poignant exquisite prose Sachs shows how Mozart a former child prodigy under constant pressure to produce new music hastily penned Piano Concerto No 17 in G major one of his finest piano concertos for a teenage student and likewise demonstrates how Goethe's Faust Part One became a springboard for the musical imagination of the French composer Berlioz As Sachs explains these pieces are not presented as candidates for a new Top Ten They represent neither the most well known nor the most often performed works of each composer Instead they were chosen precisely because he had something profound to say about them about their composers about how each piece fits into its composer's life and about how each of these lives can be contextualized by time and place In fact Sachs encourages readers to form their own favorites and teaches them how to discern special characteristics that will enhance their own listening experiences With Ten Masterpieces of Music it becomes evident that Sachs has lived with these pieces for a veritable lifetime His often soaring descriptions of the works and the dramatic lives of the men who composed them bring a heightened dimension to the musical perceptions of all listeners

communicating both the sheer improbability of a work becoming a classic and why certain pieces these ten among them survive the perilous test of time

The Disappointed Bridge Richard Pine, 2014-06-02 This original study is the first major critical appraisal of Ireland's post colonial experience in relation to that of other emergent nations The parallels between Ireland India Latin America Africa and Europe establish bridges in literary and musical contexts which offer a unique insight into independence and freedom and the ways in which they are articulated by emergent nations They explore the master servant relationship the functions of narrative and the concepts of nationalism map making exile schizophrenia hybridity magical realism and disillusion The author offers many incisive answers to the question What happens to an emerging nation after it has emerged

A Brahms Reader Michael Musgrave, 2000-01-01 Johannes Brahms 1833 1897 was prominent not only as a composer but as a pianist conductor editor scholar collector and friend of many notables He was also in private an articulate critic connoisseur of other arts and traveler In this enlightening book the eminent Brahms scholar Michael Musgrave presents a comprehensive and original account of the composer's private and professional lives Drawing on an array of documentary materials Musgrave weaves together diverse strands to illuminate Brahms's character and personality his outlook as a composer his attitudes toward other composers his activities as pianist and conductor his scholarly and cultural interests his friendships with Robert and Clara Schumann and others his social life and travel and critical attitudes toward his music from his own time to the present The book quotes extensively from Brahms's own words and those of his circle Musgrave mines the composer's letters reminiscences of his contemporaries early biographies reviews and commentary by friends critics and scholars to create an unparalleled source of information about Brahms The author sets the materials in context identifies sources in detail includes a glossary of information on principal individuals and notes recent research on the composer This engaging biographical work with a gallery of illustrations will appeal to general music lovers as well as to scholars with a special interest in Brahms

The Cambridge Companion to Mozart Simon P. Keefe, 2003-05-22 The Cambridge Companion to Mozart paints a rounded yet focussed picture of one of the most revered artists of all time Bringing the most recent scholarship into the public arena this volume bridges the gap between scholarly and popular images of the composer enhancing the readers appreciation of Mozart and his extraordinary output regardless of their prior knowledge of the music Part I situates Mozart in the context of late eighteenth century musical environments and aesthetic trends that played a pivotal role in his artistic development and examines his methods of composition Part II surveys Mozart's works in all of the genres in which he excelled and Part III looks at the reception of the composer and his music since his death Part IV offers insight into Mozart's career as a performer as well as theoretical and practical perspectives on historically informed performances of his music

The Lives and Times of the Great Composers Michael Steen, 2011-07-01 A glorious plum pudding of a book to be consulted with pleasure and profit over and over again Sir Jeremy Isaacs Michael Steen's Great Composers was originally published in 2003 A lifetime's work and almost 1000 pages long it

has since become the reference point and key read on the biographical backgrounds to classical music's biggest names. Authoritative and hugely detailed but nonetheless a joy to read, this new edition will expand its readership further and capitalise on a newfound popular interest in classical music. Steen's book helps you explore the story of Bach, the respectable burgher, much of whose vast output was composed amidst petty turf disputes in Lutheran Leipzig; or the ugly, argumentative Beethoven in French-occupied Vienna, obsessed by his laundry; or Mozart, the over-exploited infant prodigy whose untimely death was shrouded in rumour. Read about Verdi, who composed against the background of the Italian Risorgimento; or about the family life of the Wagners; and Brahms, who rose from the slums of Hamburg to become a devotee of beer and coffee in fin de siècle Vienna, a cultural capital bent on destroying Mahler and much, much more.

Architectures Andrew Ballantyne, 2008-04-15

Architectures: Modernism and After surveys the history of the building from the advent of industrialization to the cultural imperatives of the present moment. Brings together international art and architectural historians to consider a range of topics that have influenced the shape, profile and aesthetics of the built environment. Presents crucial moments in the history of the field when the architecture of the past is made to respond to new and changing cultural circumstances. Provides a view of architectural history as a part of a continuing dialogue between aesthetic criteria and social and cultural imperatives. Part of the New Interventions in Art History Series, which is published in conjunction with the Association of Art Historians.
