## **Sichos Mussar Reb Chaim's Discourses:**

*Sichos Mussar* Hayim Shemu'elevits, 1998      The Mussar Torah Commentary Rabbi Barry Block, 2019-11-01 This mussar based commentary is a vital resource for Torah study offering a thoughtful analysis of each of the 54 weekly parashot Each essay in this anthology brings a parashah into juxtaposition with one of the mussar middot character traits as described within the Jewish school of ethics called mussar thereby providing an applied lens of mussar teachings that helps us to delve deeper into our tradition with increased mindfulness and intention      **Reb Chaim's Discourses** Hayim Shemu'elevits, 1989 You are in the Mirror Beis Midrash in Jerusalem one of a thousand people leaning forward to hear a classic shmues by the great Mirror Rosh Yeshivah The topic is timely the insights illuminating Translated by people who know the shmues intimately under the supervision of the Rosh Yeshivah's sons complete with a moving biographical essay      Be A Mensch, 2008 Character development requires time energy and commitment Why bother Learn from the authors of Be a Mensch Rabbi Dr Abraham J Twerski MD Menschlichkeit is the key to happiness Howard Jonas Good character is good business Professor Robert J Aumann PHD Game Theory proves that good character builds stable positive relationships Yakir Kaufman MD Good character traits are the key to good health Rabbi Dovid Gottlieb PHD Character development is essential to tapping our maximum potential Judith Mishell PhD Good character leads to greater happiness and self esteem Editor Moshe Kaplan MD has assembled people who have achieved society's most wanted list of financial and professional goals and they are telling us that the most important achievement in life is character development Let this book change your life      Ethics, Exegesis and Philosophy Richard A. Cohen, 2001-07-02 The reputation and influence of Emmanuel Levinas 1906-96 has grown powerfully Well known in France in his lifetime he has since his death become widely regarded as a major European moral philosopher profoundly shaped by his Jewish background A pupil of Husserl and Heidegger Levinas pioneered new forms of exegesis with his post modern readings of the Talmud and as an ethicist brought together religious and non religious Jewish and non Jewish traditions of contemporary thought Richard A Cohen has written a book which uses Levinas work as its base but goes on to explore broader questions of interpretation in the context of text based ethical thinking Levinas reorientation of philosophy is considered in critical contrast to alternative contemporary approaches such as those found in modern science psychology Nietzsche Freud Husserl Heidegger Sartre Merleau Ponty Derrida and Ricoeur Cohen explores a manner of philosophizing which he terms ethical exegesis      **Psychology for the Other** Edwin E. Gantt, Richard N. Williams, 2002 This book the first of its kind is a systematic and broad based attempt to bring to psychology the intriguing work of French phenomenologist Emmanuel Levinas Because contemporary psychology in its adherence to the philosophical and methodological underpinnings of naturalistic science too often abandons questions about morality and ethical obligation Levinas's writings about the experience of the face of the Other and the ethical obligation therein become particularly relevant In ten original essays by distinguished scholars some philosophers some clinicians and some academic psychologists

the potential and the experiential impact of Levinas's work in the understanding of our fundamental human nature and the practice of psychotherapy are explored. Ultimately the intention is to create a new discipline of psychology namely a science of the ethical.
