Side Show Tales For The Imagination:

Sideshow U.S.A. Rachel Adams, 2001-12 A staple of American popular culture during the 19th and early 20th centuries the freak show seemed to vanish after World War II This book reveals the image of the freak show with its combination of the grotesque horrific and amusing specimens *Venus in the Afternoon* Tehila Lieberman, 2012 Winner of the Katherine Anne Porter Prize in Short Fiction 2012 The short stories in this rich debut collection embody in their complexity Alice Munro's description of the short story as a world seen in a quick glancing light In chiseled and elegant prose Lieberman conjures wildly disparate worlds A middle aged window washer mourning his wife and an estranged daughter begins to grow attached to a young woman he sees through the glass a writer against his better judgment pursues a new relationship with a femme fatale who years ago broke his heart and the daughter of a Holocaust survivor struggles with the delicate decision of whether to finally ask her aging mother how it was that she survived It is all here the exigencies of love of lust the raw unlit terrain of grief Whether plumbing the darker depths or casting a humorous eye on a doomed relationship these stories never force a choice between tragedy and redemption but rather invite us into the private moments and crucibles of lives as hungry and flawed as our own *Mythic Imagination Today* Terry Marks-Tarlow, 2021-01-18 Mythic Imagination Today is an illustrated guide to the interpenetration of mythology and science throughout the ages This monograph brings alive our collective need for story to guide the rules roles and relationships of everyday life Whereas mythology is born primarily of perception and imagination science emerges from systematic observation and experimentation Both disciplines arise from endless curiosity about the workings of the Universe combined with creative urges to transform inner and outer worlds Both disciplines are located within open neural wiring that gives rise to uniquely human capacities for learning memory and metaphor Terry Marks Tarlow explores the origins of story within the social brain mythmakers and myths from multiple cultures and how contemporary sciences of chaos and complexity theories and fractal geometry dovetail with ancient wisdom The ancient Greek myth of Psyche and Eros is unpacked in detail origins of the very concepts of psyche and psychology *The Hydra's Tale* R. Rawdon Wilson, 2002-05 Imagine a disgusting experience Now think about your response What was it about the moment that made you turn your head that led your lip to curl and nose to wrinkle Disgust has many triggers some obvious others less so What disgusts us is never irrevocably fixed and certain It changes from culture to culture and even at times within a culture This fluidity makes the term disgust at once deadly simple and extremely complex In *The Hydra's Tale* Robert Rawdon Wilson treats the experience of disgust not from the perspective of the disgusting object in the world but from its representation Disgust marks either a slip over the border of the socially sanctioned or a struggle to keep someone or something from crossing that border Working through the spectrum of human response culture and art Wilson teases out the assumptions that underpin the disgust response *Wilson's Historical, traditional, and imaginative tales of the Borders* John Mackay Wilson, 1834 **Dreams of Dragons and Fairies: Bedtime Tales for Young Imaginations** Elena

The Creature
Prasanta Chakravarty, 2021-09-30 The Creature is an invitation to follow the mechanics between power and pain which begets the creature Creatures confront power in and through conjunctures of radical contingency The casual use of power is an exercise in distraction It is an abiding conundrum that those who endure affliction also exert it as a force over other living bodies in equal measure not as acts of vengeance or bad faith but through deeds of forgetful randomness To ensure social indemnity and security creatures exercise force over kindred embodiments through a process of collective mimicry In the bargain creatures begin to disfigure and distort each other The line between mutual slaughter and mutual embrace begins to blur Each transgresses its own soul At other times power is an opaque magisterial and disdainful style of conveyance It reveals itself out of nowhere But the steadfast creature is as resilient as it is vulnerable The more it endures the greater its perdurance Perduring creatures may sometimes gain a second sight forged out of a sense of lyricality love and abdication But is abdication or taking refuge in the wondrous sufficient to release all creatures from the fatal loop of power and pain Or will they have to slowly shed creaturely affliction by a rigorous process of decreation Sifting through the writings of Giambattista Vico Niccol Machiavelli Gabriel Tarde Miguel de Unamuno Jibanananda Das Lev Shestov Raymond Geuss Jean Starobinski Ernst Bloch Simone Weil Simon Critchley Sarah Kane and others this volume explores the creaturely predicament and its

possibilities of freedom The five chapters in Book I lay down fundamental questions for the creaturely condition the question of mimicry the relationship between taking initiative and being hounded the bridge between senses and destitution and the vehemence of radical contingency Book II posits the question of skepticism fideism and their connection to resilience and generosity in creatures Book III is entirely devoted to various ways of conceiving the aesthetic through the tragic the epiphanic the catastrophic and through militant material eruptions Book II and III essentially delve into the sites of freedom that lurk within the condition of the creaturely Book IV is constituted of a single chapter on the subject of decreation it grapples with questions of attention anonymity and abdication Imaginations and Reveries George William

Russell,2019-11-25 In Imaginations and Reveries George William Russell under the pen name A E explores the intersection of the human spirit and the divine through a collection of lyrical prose and vibrant poetry This work exemplifies Symbolism and serves as a tapestry of mystical experiences reflecting the cultural and spiritual currents of early 20th century Ireland The verses invite readers into a world where nature and the ethereal intertwine presenting an intimate dialogue between the self and the universe with rich imagery and philosophical undertones George William Russell was not only a significant figure in the Irish Literary Revival but also a prominent nationalist and editor deeply shaped by his involvement in the arts and politics of his era His background as a painter and his commitment to theosophy influenced his literary creations allowing him to blend mystical insight with artistic expression Russell's quest for a deeper understanding of existence and spirituality served as a foundation for this collection imbuing it with profound emotional resonance Imaginations and Reveries is a must read for those interested in the spiritual dimension of literature and the potency of imagery within poetry Russell's exquisite craftsmanship elevates the text offering readers a contemplative space to reflect on their own realities while traversing themes of the unseen and the sublime Descriptive List[s] of Novels and Tales William McCrillis Griswold,1891
