The Adaptation Industry Simone Murray, 2012-03-12 Adaptation constitutes the driving force of contemporary culture with stories adapted across an array of media formats However adaptation studies has been concerned almost exclusively with textual analysis in particular with compare and contrast studies of individual novel and film pairings This has left almost completely unexamined crucial questions of how adaptations come to be made what are the industries with the greatest stake in making them and who the decision makers are in the adaptation process The Adaptation Industry reimagines adaptation not as an abstract process but as a material industry It presents the adaptation industry as a cultural economy of six interlocking institutions stakeholders and decision makers all engaged in the actual business of adapting texts authors agents publishers book prize committees scriptwriters and screen producers and distributors Through trading in intellectual property rights to cultural works these six

nodal points in the adaptation network are tightly interlinked with success for one party potentially auguring for success in other spheres But marked rivalries between these institutional forces also exist with competition characterizing every aspect of the adaptation process This book constructs an overdue sociology of contemporary literary adaptation never losing sight of the material and institutional dimensions of this powerful process The Stranger from Omaha Jason Sperb, 2025 Alexander Payne's directorial career began with the satiric hit *Citizen Ruth* and continued with other successes such as *Election* *About Schmidt* *The Descendants* *Nebraska* and most recently *The Holdovers* Jason Sperb here provides the first monographic study on Payne's career and auteurship focusing on the theme of travel through his films Drawing on theories of tourism whiteness masculinity nostalgia and class Sperb structures his book using typical filmic plot points moving from Payne's backstory to the status quo his characters find themselves in before a catalyst spurs them to begin a journey that leads to a crisis and then of course resolution He uses each point to explore various of Payne's films such as exploring how the characters status quo in *About Schmidt* *The Descendants* and *Downsizing* lead them to a white savior mentality to help others with less privilege Through the characters journeys Sperb is able to focus on the Midwesternness of Payne's films even those that are located elsewhere based on Payne's roots in Omaha and his love of Westerns He concludes by examining the ways in which Payne's characters finish their journeys not necessarily by addressing past crises or having a moment of growth but with fleeting moments of emotional release or experiencing moments of grace from others *Alexander Payne* Julie Levinson, 2014-10-07 Since 1996 Alexander Payne b 1961 has made seven feature films and a short segment of an omnibus movie Although his body of work is quantitatively small it is qualitatively impressive His movies have garnered numerous accolades and awards including two Academy Awards for Best Adapted Screenplay As more than one interviewer in this volume points out he maintains an impressive and unbroken winning streak Payne's stories of human strivings and follies alongside his mastery of the craft of filmmaking mark him as a contemporary auteur of uncommon accomplishment In this first compilation of his interviews Payne reveals himself as a captivating conversationalist as well The discussions collected here range from 1996 shortly after the release of his first film *Citizen Ruth* to the 2013 debut of his film *Nebraska* He also mentions the long process of bringing to fruition his most recent film *Downsizing* Over his career he muses on many subjects including his own creative processes his commitment to telling character centered stories and his abiding admiration for movies and directors from across decades of film history Critics describe Payne as one of the few contemporary filmmakers who consistently manages to buck the current trend toward bombastic blockbusters Like the 1970s director driven cinema that he cherishes his films are small scale character studies that manage to maintain a delicate balance between sharp satire and genuine poignancy **She's Just That Into You!** Linda Sunshine, 2012-11-06 A book for both women and men *She's Just That Into You* hilariously explains the naked truth about women's obsessions with men If you're obsessing over a man if you're the object of an obsession if you have a friend in either camp you need this book For him she's just that into you If she spends

more than six hours a day waiting for you to call If her therapist wants to meet you If she wants to kill herself only to hurt you For her some early warning signs you re obsessed Are you spending more than fourteen hours a day in bed Do you go to church or temple only to pray that he will come back to you Are you frequently misplacing your keys your wallet your children and or your sense of humor Ex girlfriend and author Linda Sunshine will keep you laughing as she divulges the secrets of obsessive love
