**Engineering News and American Railway Journal** ,1894 *China's Foreign Places* Robert Nield,2015-03-01 During the nineteenth and early twentieth centuries the imperial powers principally Britain the United States Russia France Germany and Japan signed treaties with China to secure trading residence and other rights in cities on the coast along important rivers and in remote places further inland The largest of them the great treaty ports of Shanghai and Tientsin became modern cities of international importance centres of cultural exchange and safe havens for Chinese who sought to subvert the Qing government They are also lasting symbols of the uninvited and often violent incursions by foreign powers during China s century of weakness The extraterritorial privileges that underpinned the treaty ports were abolished in 1943 a time when much of the treaty port world was under Japanese occupation China s Foreign Places provides a historical account

of the hundred or more major foreign settlements that appeared in China during the period 1840 to 1943 Most of the entries are about treaty ports large and small but the book also includes colonies leased territories resorts and illicit centres of trade Information has been drawn from a wide range of sources and entries are arranged alphabetically with extensive illustrations and maps China's Foreign Places is both a unique work of reference essential for scholars of this period and travellers to modern China It is also a fascinating account of the people institutions and businesses that inhabited China's treaty port world **Pillar of Fire**, 1928 Envisioning Africa Peter Edgerly Firchow, 2021-03-17 For one hundred years Heart of Darkness has been among the most widely read and taught novels in the English language Hailed as an incisive indictment of European imperialism in Africa upon its publication in 1899 more recently it has been repeatedly denounced as racist and imperialist Peter Firchow counters these claims and his carefully argued response allows the charges of Conrad's alleged bias to be evaluated as objectively as possible He begins by contrasting the meanings of race racism and imperialism in Conrad's day to those of our own time Firchow then argues that Heart of Darkness is a novel rather than a sociological treatise only in relation to its aesthetic significance can real social and intellectual historical meaning be established Envisioning Africa responds in detail to negative interpretations of the novel by revealing what they distort misconstrue or fail to take into account Firchow uses a framework of imagology to examine how national ethnic and racial images are portrayed in the text differentiating the idea of a national stereotype from that of national character He believes that what Conrad saw personally in Africa should not be confused with the Africa he describes in the novel Heart of Darkness is instead an envisioning and a revisioning of Conrad's experiences in the medium of fiction *The Rebellion Record* Frank Moore, 1867 *The WPA Guide to Iowa* Federal Writers' Project, 2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country's shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state's unique flavor The rolling hills between the Mississippi and Missouri Rivers are home to the Midwest's Hawkeye State faithfully cataloged in the WPA Guide to Iowa Stressing the agricultural roots and varied crops grown throughout the state this guide includes many pictures depicting the lives of Iowa farm workers in the 1930s
