## **Sierra Story Yosemite Adventures Amp Reflections:**

**Sierra Story** Henry B. Stark, 2000      *Reflections* Sharon M. Johnson, 2018-10-03 The quote book is a collection of words of wisdom from history's greatest influential minds. The quotes are accompanied with breathtaking pictures of the world renowned Yosemite National Park and the Sierra Nevada taken by award winning photographer Sharon M. Johnson. The book is full of positive inspirational and uplifting words that make it the perfect gift for graduates, creative minds or anyone looking for a little lift. It is a feel good book to keep and reflect back on over and over again.      **Inspiring Generations** Anniversary Story Book Committee, 2014-05-13 On June 30, 1864, amidst the Civil War, President Abraham Lincoln signed the Yosemite Grant Act to protect Yosemite Valley and Mariposa Grove of Giant Sequoias. This act that set aside the first public parkland for future generations was a legacy for our nation and an inspiration to the world. To honor the 150th anniversary of this milestone, a call went out inviting the public to celebrate in prose and poetry the national park they love. The 150 pieces in this book were selected from hundreds of submissions from people who have visited, lived in or worked in Yosemite National Park. These collected reflections feature among other things treks up Half Dome, escapades at The Ahwahnee, revels at the long gone firefall and yes encounters with those bears and range from the hilarious to the historical, the enlightening to the uplifting. Inspiring Generations will encourage many journeys to the park filled with family, friends and the stuff memories are made of.      Mountains of Light R. Mark Liebenow, 2012-03-01 The environment may surround us but when that environment is a natural wonder like Yosemite National Park it also reaches what's inside us. For Mark Liebenow, Yosemite did just that and did so when he needed it most. In *Mountains of Light*, winner of the River Teeth Literary Nonfiction Prize, Liebenow takes us deep into the heart of this wilderness, introducing us to its grand and subtle marvels and to the observations, reflections and insights its scenery evokes. Acting as our guide, Liebenow calls on the spirit and legacy of naturalist John Muir to rediscover nature and recover his own exuberance for life. Whether celebrating the giant sequoias, massive granite mountains and wild untamed rivers or losing himself on an unmarked trail, Liebenow is always accompanied by thoughts of his wife of eighteen years, whose recent and sudden death tempers and informs his journey. Interwoven with his experiences are the stories of the Native Americans who lived in the valley for thousands of years and of the early settlers who followed. Melding documentary with introspection, environmental reportage with a search for meaning, Liebenow's work draws on the lore of geology, botany, biology and history to show how each aspect of the environment is connected to the rest. Watch the *Mountains of Light* book trailer on YouTube.      *The Sierra Adventure Coloring Book*, 2013-03-19 This is a perfect backseat or restaurant companion for families with young children traveling in California's gold country and Yosemite National Park. Crisp images invite crayons and markers while child friendly text sheds light on things kids may be wondering about along the way. What's the Mother Lode? How does gold come out of the ground? Which animals live in a giant sequoia grove? Where can one see a moonbow? Art, sightseeing, beginning science and California history blend seamlessly in *The Sierra Adventure*.
