*Sierra's Homecoming* Linda Lael Miller,2018-09-10 Sometimes coming home is only the beginning Don't miss this reader favorite McKettrick tale from 1 New York Times bestselling author Linda Lael Miller Sierra McKettrick felt like a fraud She might be moving to her family's ancestral ranch with her son but being a McKettrick by blood wasn't enough to make her fit in To make matters worse from the moment she'd met the Triple M's ranch hand he'd gotten under Sierra's skin With his rugged body and tender compassion Travis Reid was a temptation she didn't need or want But as Sierra began to form a connection to one of her ancestors Hannah McKettrick also a woman with a young son and an inconvenient attraction to the wrong man Sierra started to realize that there were some bonds that even time couldn't break And there were some charmed places where even the loneliest of people could find home and love Originally published in 2006 *Road to Nowhere* Chris Donnelly,2023 Named a Best Baseball Book of 2023 by Sports Collectors Digest *Road to Nowhere* is the story of New York City baseball from 1990 to 1996 describing in intimate detail the collapse of both the Mets and the Yankees in the early nineties the Yankees then reclaiming of the city and the Mets attempts to rebuild from the ashes After the chaos of the 1980s the New York Yankees finally bottomed out in 1990 The team finished in last place enduring one of their worst seasons ever Their best player Don Mattingly was suffering from a debilitating back injury Manager after manager had been fired The

clubhouse was a miserable place to be with moody egocentric players making life difficult for up and coming talent. It looked like New York would remain a Mets town well into the twenty first century. Then Yankees owner George Steinbrenner was banished from baseball. Without their manic meddling owner, the Yankees fell into the hands of Gene Michael. Setting out to rebuild the franchise, Michael made shrewd trades and free agent signings and he allowed the team's prospects to develop in the Minor Leagues before getting to the Bronx. Meanwhile, the Mets, beloved for their intensity and hard partying ways in the 1980s, became everything that had driven fans away from the Yankees. They made bad trades and questionable signings, fired managers seemingly every year, and were a powder keg of never ending controversy. The Mets bottomed out in 1993, perhaps their worst season ever, when they not only lost 103 games but officially lost the heart of the city to the Yankees. But by 1996, despite their record, the Mets were already making moves that would return them to relevance and set them on a path to the ultimate showdown with the Yankees. *Road to Nowhere* tells the story of how two teams that had swapped roles in the 1980s swapped them right back in the early 1990s. While playing through several difficult seasons, both teams were making moves that would return them to prominence in just a few years. *Beyond State Failure and Collapse* George Klay

Kieh, 2007-01-01. There is a general consensus in the scholarly literature that the post colonial state in Africa has failed. Some states, Liberia, Rwanda, Sierra Leone, Somalia, have collapsed. Various arguments have been proffered to explain this dynamics of African state failure and collapse. However, the literature on state reconstitution is inchoate and minimal. This edited volume focuses on prescriptions for reconstituting the post colonial state in Africa. Essays on nine African states: Burundi, the Democratic Republic of the Congo, Ethiopia, Kenya, Nigeria, Sierra Leone, Somalia, South Africa, and Uganda, are preceded by an introduction to the political economy of the African state. *Struggle in the Andes* Howard Handelman, 2014-11-06. A

massive land seizure movement first erupted in Peru in 1958 and spread across the Andean highlands in 1963-1964. Several hundred peasant communities in the Peruvian Andes occupied neighboring haciendas in an attempt to retake lands they felt had been stolen from them over the years. Hacienda peasants also participated in this movement, forming peasant sindicatos, unions to improve their labor conditions. The land seizure movement brought with it an upsurge in community political mobilization. Throughout the highlands, village leaders banded together in regional federations, often allying themselves with progressive or radical urban groups. Radical activists from labor unions and university student groups joined with indigenous peasant leaders, breaking down the highland peasantry's traditional isolation from the political system. *Struggle in the Andes* is an analysis of the causes and consequences of extensive social and political mobilization among Peru's peasant population in the 1960s. In addition to describing the growth of the peasant land movement, Howard Handelman investigates the social and economic conditions that contributed to rural unrest. Using data that he collected in forty-one diverse highland communities, Handelman examines the correlates of peasant political activity, concluding that land seizures in the traditional southern sierra had different origins and political implications than did unrest in the more socioeconomically modernized

central highlands The data suggest a model of peasant mobilization that calls into question prevailing scholarly hypotheses on the relationships between modernization peasant political mobilization and radicalization Handelman discusses the land reform program and the accompanying rural mobilization that was being implemented by Peru's reformist military regime Using his model of peasant mobilization he speculates on the possible effects of the government's contemporary programs on future peasant political behavior *Power, Suffering, and the Struggle for Dignity* Alicia Ely Yamin, 2016 *Power Suffering and the Struggle for Dignity* provides a solid foundation for comprehending what a human rights framework implies and the potential for greater justice in health it entails **The American Struggle for the British West India Carrying-trade, 1815-1830** Frank Lee Benne, 1923 **Momstrong 365** Heidi St. John, 2023-09 Have you ever wished you had a Christ centered veteran mom who could encourage you through the daily ups and downs of motherhood In *MomStrong 365* mother and popular author Heidi St John does just that *MomStrong 365* will encourage you in one of the most important roles you can ever have being a mom For each day of the year Heidi provides a Bible verse a reflective devotion and an encouraging takeaway that every mom needs to hear In *MomStrong 365* you will find devotions that include reassurance of God's love for mothers during uncertain times ways to strengthen the precious relationships within your family tips on how to regain perspective and keep your joy when the days are long Scripture to keep in mind when it feels like God is staying silent and much more We all need God's love and mercy to meet us amid the unprecedented challenges of modern motherhood Let Heidi come alongside you as you navigate the ups and downs of mom life and point you in the right direction God's direction along the way **Beyond the Fields** Randy Shaw, 2008 Much has been written about Cesar Chavez and the United Farm Workers heyday in the 1960s and 70s but the story of their profound ongoing influence on 21st century social justice movements has until now been left untold This book unearths this legacy **The Struggle for Maize** Elizabeth Fitting, 2010-12-31 Argues that maize biodiversity in central and southern Mexico is threatened as much by rural out migration as by the flow of genes from genetically modified to local corn varieties **Inequalities of Love** Averil Y. Chronicles from the Environmental Justice Frontline J. Timmons Roberts, Melissa M. Toffolon-Weiss, 2001-09-24

Chronicles from the Environmental Justice Frontline first published in 1991 provides a rare glimpse of the environmental justice movement as it plays out in four landmark struggles at the end of the twentieth century The book describes the stories of everyday people who have decided to take to the streets to battle what they perceive as injustice the unequal exposure of minorities and the poor to the bads produced by our industrial society In these struggles residents and local state and national environmental and social justice groups are on one side pitted against local and state government representatives and industry on the other By employing historical and theoretical lenses in viewing these struggles the book reveals how situations of environmental injustice are created and how they are resolved These cases bear great similarity to battles occurring across the nation and are setting precedents for national and state agencies as they handle these cases
