Sifra An Analytical Translation Iii Ahare Mot Qedoshim Emor Behar And Behuqotai:

De-demonising the Old Testament Judit M. Blair, 2009 Judit M Blair challenges the common view that azazel lilith deber qeteb and reshef are names of demons in the Hebrew Bible claiming that major works on the subject proceed from the assumption that these terms were demons in the ancient Near East and or later or that they were deities who became demonised by the authors of the Hebrew Bible Without questioning the validity of traditional methods she supplements the existing works by making an exegesis based on a close reading of all the relevant texts of the Hebrew Bible in which these five terms occur Close attention is paid to the linguistic semantic and structural levels of the texts The emphasis is on a close examination of the immediate context in order to determine the function of each term The author notes different signals within the texts especially the use of the various poetical rhetorical devices personification parallelism similes irony and mythological elements **Choice** ,1988 **Books in Print Supplement** ,1988 1992, □□□ □□□□ **Books in Print** ,1994 **Sifra** Jacob Neusner, 1988
