Long The Riverrun:

Silence, Music, Silent Music Nicky Losseff, Jennifer Ruth Doctor, 2007-01-01 The contributions in this volume focus on the ways in which silence and music relate contemplate each other and provide new avenues for addressing and gaining understanding of various realms of human endeavour The book maps out this little explored aspect of the sonic arena with the intention of defining the breadth of scope and to introduce interdisciplinary paths of exploration as a way forward for future discourse The contributions reveal that unexpected concepts and ways of thinking emerge from looking at sound in relation to its antithesis encompassing not just Western art traditions but the relationship between music silence the human psyche and sociological trends ultimately providing deeper understanding of the elemental places both music and silence hold within world philosophies and fundamental states of being

James Joyce Patrick Parrinder, 1984-11 This book is an original and well informed survey of the whole of Joyce's work It offers close readings of his early writings such as *Dubliners* *A Portrait of the Artist as a Young Man* and an extended examination of his masterpiece *Ulysses*

Text, Body and Indeterminacy Anna Budziak, 2009-03-26 The nature of the self is an important point at which philosophy and literature intersect *Text Body and Indeterminacy* acknowledges this connection by forging a link between the philosophical concept of the self and the category of the literary character The philosophical horizon of *Text Body and Indeterminacy* is delineated by the neo pragmatist debate on selfhood The book entwines the ideas of Richard Rorty and Richard Shusterman by stressing similarity in their aestheticizing of ethics and by showing the difference in their understanding of the self as textual or bodily The characters created by Pater and Wilde are freshly assessed within this dual philosophical perspective Their doppelgangers are seen as the forerunners of postmodernist concepts the cerebral fl neur is reflected in Rorty's model ironist and the sensuous aesthete returns through Shusterman's notion of the somatic self *Text Body and Indeterminacy* establishes how Pater renders his protagonists through discursive patterns tropes of Decadence philosophical theorems and myths only to subvert these vocabularies and to emphasize the reality of the body the extra textual dimension of the self It also shows how Wilde's sensuous personae both bodily and indeterminate transcend the vocabularies available to the Wildean fl neurs Through its interpretations *Text Body and Indeterminacy* uniquely combines literary portraits by Pater and Wilde highlights interlocking themes and in every reading points to the ethical gains of tilting the idea of selfhood into the somatic realm

River Run J. S. into her new job Delia finds the body of a hunter washed up on the bank of the Willamette River missing his trigger finger Soon more bodies are found all hunters without their trigger fingers Waterfowl season often means clashes between hunters and animal rights activists but could someone be killing to make a statement Petrified but invigorated by the opportunity Delia dives head first into the case Soon she catches a whiff of something foul and it's not the dead bodies man or bird What starts off looking like a simple case of a ruthless vigilante quickly devolves into something much more complex Facing evasive killers who stop at nothing to conceal their crimes Delia must bring the criminals to justice because everyone knows if you're not the predator you're prey
