Daniel C. Williamson

Longest War Northern Irelands Troubled History:

The Longest War Marc Mulholland, 2023 The troubles in Northern Ireland have proved to be one of the most intractable conflicts in Europe since World War II This exploration of the issues debates about Northern Ireland sets them in the historical context of hundreds of years of conflict

The Longest War Marc Mulholland, 2002 The Troubles in Northern Ireland have proved to be one of the most intractable conflicts in Europe since the Second World War consistently attracting international attention particularly from the United States This highly readable exploration of the central issues and debates about Northern Ireland sets them in the historical context of hundreds of years of conflict It introduces all the key figures and organizations involved in current violent and political conflicts and tackles many questions such as What accounts for the perpetuation of ethnic and religious conflict in Ireland Why has armed violence proven so hard to control Who are the major figures and issues in the conflict Can we expect more Northern Irelands in the future A concise reliable introduction to the historical and current situation this book is ideal reading for anyone wanting to know more about the political climate of Northern Ireland

The Routledge Handbook of the Northern Ireland Conflict and Peace Laura McAtackney, Máirtín Ó Catháin, 2023-11-13 The Routledge Handbook of the Northern Ireland Conflict and Peace is the first multi authored volume to specifically address the many facets of the 30 year Northern Ireland conflict colloquially known as the Troubles and its subsequent peace process This volume is rooted in opening space to address controversial subjects answer key questions and move beyond reductive analysis that reproduces a simplistic two community theses The temporal span of individual chapters can reach back to the formation of the state of Northern Ireland with many starting in the late 1960s to include a range of individuals collectives organisations understandings and events at least up to the Good Friday Belfast Agreement in 1998 This volume has forefronted creative approaches in understanding conflict and allows for analysis and reflection on conflict and peace to continue through to the present day With an extensive introduction preface and 45 individual chapters this volume represents an ambitious expansive interdisciplinary engagement with the North of Ireland through society conflict and peace from a wide range of disciplinary perspectives theoretical frameworks and methodological approaches While allowing for rich historical explorations of high level politics rooted in state documents and archives this volume also allows for the intermingling of different sources that highlight the role of personal papers memory space materials and experience in understanding the complexities of both Northern Ireland as a people place and political entity

The Northern Ireland Troubles Aaron Edwards, 2011-08-20 The British campaign in Northern Ireland remains one of the most controversial actions in recent history This book by Aaron Edwards considers the strategic operational and tactical aspects of what become the longest ever campaign embarked upon by British troops The 38 year campaign codenamed Operation Banner went through a number of phases It began as a peacekeeping operation morphed into a counter insurgency operation and ending as a policing and counter terrorism force Banner was massive in scale No less than 10 000 troops were on active service

throughout the campaign and at one point as many as 30 000 men and women were deployed on Ulster s streets Drawing on extensive up to date research this book presents an authoritative introduction to the Troubles providing a strategic analysis of the successes and failures of the campaign Anglo-Irish Relations in the Early Troubles Daniel C. Williamson,2016-12-01 In 1969 the once peaceful Catholic civil rights movement in Northern Ireland degenerated into widespread violence between the nationalist and unionist communities The conflict known as the Troubles would last for thirty years The early years of the Troubles helped to define the nature of the conflict for years to come This was the period in which unionism divided into moderate and extreme wings the Provisional IRA emerged amidst the resurgence of violent republicanism and British military and governmental responsibility for Northern Ireland culminated in direct rule Based on extensive research in British Irish and American archives Anglo Irish Relations in the Early Troubles examines the diplomatic relationship between the key players in the formative years of the Northern Ireland conflict It analyses how the Irish government attempted to influence British policy regarding Northern Ireland and how Britain sought to affect Dublin s response to the crisis It was from this strained relationship of opposition and co operation that the long term shape of the Troubles emerged A History of Counterinsurgency Gregory Fremont-Barnes,2015-05-05 This two volume history of counterinsurgency covers all the major and many of the lesser known examples of this widespread and enduring form of conflict addressing the various measures employed in the attempt to overcome the insurgency and examining the individuals and organizations responsible for everything from counterterrorism to infrastructure building How and when should counterinsurgency be pursued as insurgency is growing in frequency and conversely while conventional warfare continues to decline as a means by which political rivals seek to impose their will upon each other What lessons from the past should today s policymakers strategists military leaders and soldiers in the field keep in mind while facing off against 21st century insurgents This two volume set offers a comprehensive history of modern counterinsurgency covering the key examples of this widespread and enduring form of conflict It identifies the political military social and economic measures employed in attempting to overcome insurgency examining the work of the individuals and organizations involved demonstrating how success and failure dictated change from established policy and carefully analyzing the results Readers will gain valuable insight from the detailed assessments of the history of counterinsurgency that demonstrate which strategies have succeeded and which have failed and why After an introductory essay on the subject each chapter provides historical background to the insurgency being addressed before focusing on the specific policies pursued and actions taken by the counterinsurgency force Each section also provides an assessment of those operations including in most cases an analysis of lessons learned and where appropriate their relevance to counterinsurgency operations today The set s coverage spans modern counterinsurgencies from Europe to Asia to Africa since 1900 and includes the ongoing counterinsurgency operations in Afghanistan today Its wide international approach to the subject makes the set a prime resource for readers seeking specific information on a particular conflict or a

better understanding of the general theories and practices of counterinsurgency Who Was Responsible for the Troubles? Liam Kennedy, 2020-09-23 The Troubles claimed the lives of almost four thousand people in Northern Ireland most of them civilians forty five thousand were injured in bombings and shootings Relative to population size this was the most intense conflict experienced in Western Europe since the end of the Second World War The central question posed in this book is fundamental yet it is one that has rarely been asked Who was primarily responsible for the prosecution of the Troubles and their attendant toll of the dead the injured and the emotionally traumatized Liam Kennedy who lived in Belfast throughout most of the conflict was long afraid to raise the question and its implications After years of reflection and research on the matter he has brought together elements of history politics sociology and social psychology to identify the collective actors who drove the conflict onwards for more than three decades from the days of the civil rights movement in the late 1960s to the signing of the Good Friday Agreement in 1998 The Troubles in Northern Ireland are a world class problem in miniature The combustible mix of national ethnic and sectarian passions that went into the making of the conflict has its parallels today in other parts of the world Who Was Responsible for the Troubles is an original and controversial work that captures the terror and the pain but also the hope of life and the pursuit of happiness in a deeply divided society The Troubles claimed the lives of almost four thousand people in Northern Ireland most of them civilians forty five thousand were injured in bombings and shootings Relative to population size this was the most intense conflict experienced in Western Europe since the end of the Second World War The central question posed in this book is fundamental yet it is one that has rarely been asked Who was primarily responsible for the prosecution of the Troubles and their attendant toll of the dead the injured and the emotionally traumatized Liam Kennedy who lived in Belfast throughout most of the conflict was long afraid to raise the question and its implications After years of reflection and research on the matter he has brought together elements of history politics sociology and social psychology to identify the collective actors who drove the conflict onwards for more than three decades from the days of the civil rights movement in the late 1960s to the signing of the Good Friday Agreement in 1998 The Troubles in Northern Ireland are a world class problem in miniature The combustible mix of national ethnic and sectarian passions that went into the making of the conflict has its parallels today in other parts of the world Who Was Responsible for the Troubles is an original and controversial work that captures the terror and the pain but also the hope of life and the pursuit of happiness in a deeply divided society International Law and the Classification of Conflicts Elizabeth Wilmschurst, 2012-08-02 This book comprises contributions by leading experts in the field of international humanitarian law on the subject of the categorisation or classification of armed conflict It is divided into two sections the first aims to provide the reader with a sound understanding of the legal questions surrounding the classification of hostilities and its consequences the second includes ten case studies that examine practice in respect of classification Understanding how classification operates in theory and practice is a precursor to identifying the relevant rules that govern parties to hostilities With changing

forms of armed conflict which may involve multi national operations transnational armed groups and organized criminal gangs the need for clarity of the law is all important The case studies selected for analysis are Northern Ireland DRC Colombia Afghanistan from 2001 Gaza South Ossetia Iraq from 2003 Lebanon 2006 the so called war against Al Qaeda and future trends The studies explore the legal consequences of classification particularly in respect of the use of force detention in armed conflict and the relationship between human rights law and international humanitarian law The practice identified in the case studies allows the final chapter to draw conclusions as to the state of the law on classification Overcoming Intractable Conflicts Miriam F. Elman,, Catherine Gerard,, Galia Golan,Louis Kriesberg,2019-09-26 Despite considerable progress in research and practice in the constructive transformation of intractable conflicts beginning in the 1970s many terribly destructive conflicts have recently erupted New circumstances have emerged that have resulted in regressions The contributions in this book examine many of the new challenges and obstacles to the transformation of intractable conflicts It also offers an array of new and promising opportunities for constructive transformations The book brings together analyses of U S based conflicts with those from many regions of the world International intra state and local conflicts are explored along with those that have been violent and non violent The diversity in disciplines among the authors provides a wide range of theoretical approaches to explaining how a variety of intractable conflicts can be transformed Case studies of local national and transnational conflicts serve to illustrate this new landscape These analyses are complemented by conceptual discussions relating to new conflict systems actors dynamics and strategies Policy implications of findings are also presented

Global Crises and the Challenges of the 21st Century Thomas Reifer,2015-10-23 Despite prognostications of the end of history the 21st century has posed new challenges and a host of global crises This book takes up the current global economic crisis in relation to new and changing dynamics of territory authority and rights in today s global system The authors explore long simmering conflicts in comparative perspective including settler colonialism in South Africa Northern Ireland and Israel Palestine They discuss indigenous struggles against environmental land grabs and related destruction of indigenous lands by the US nuclear weapons complex The book uniquely considers the sacred in the context of the global system including struggles of Latina o farm workers in the U S for social justice and for change in the Catholic Church Other chapters examine questions of civilizations and identity in the contemporary global system as well as the role of world regions
