Longmans Economics Our American Economy:

Longman's Economics E. L. Schwartz, 1994 *Economics* E. L. Schwartz, 1990 *The American Economy* Cynthia Clark, 2011-03-11 A compelling compilation of short entries longer topical essays and primary source documents that chronicles the historical development of the United States from an economic perspective Based on a work originally published in 2003 *The American Economy A Historical Encyclopedia* has been thoroughly updated with information on the accounting scandals of the early 2000s and the recession of 2008 including the government stimulus and bailout programs and the recession's impact on key markets With more than 600 short entries 31 longer essays and 32 primary source documents the encyclopedia spans American history from colonial times to the present Researchers will discover detailed information on people events and government actions that have shaped our economy with entries on such seminal issues as slavery migration patterns the welfare state the rise of the city and the development of financial institutions Throughout special attention is paid to the interdependence of economics with political social and cultural forces Covering everything from the national debt to monetary policy law unemployment inflation and government business relations this work is the ideal go to resource for quick answers in depth analysis or direction for further research **The American Catalog, 1900-1905** ,1905 **The American Catalogue** ,1905 *The American Economy in Transition* Carol J. Mehlhaff, United States Air Force Academy. Library, 1983 **The Annual American Catalogue Cumulated 1900-1901** ,1902 The American Catalogue ... July 1, 1876-Dec. 31, 1910 ,1908 *The Annual American Catalogue Cumulated* ,1902 **The American Catalogue** ,1900 **The Publishers Weekly** ,1908 *Chicago Fundamentalism* Craig Freedman, 2008 Cold war ideology infected the development of economics in ways its practitioners were often not fully aware The Chicago counter revolution against the dominant post war triumph of Keynesian analysis had an essential subtext a perceived struggle between freedom and collective slavery ideological objectives subsequently influenced methodological concerns pushing economists to adopt the zero sum tactics of the courtroom rather than the mutually beneficial manners of the senior common room In these ideologically charged times economists stopped reading opposing views carefully seeking instead to dismiss out of hand uncongenial ideas In this collection of previously published and new material Craig Freedman examines the problem of ideology through the reflection cast by the architects of the Chicago counter revolution George Stigler and Milton Friedman The second half of the volume demonstrates the legacy of these ideological fires namely a profession where the methodology of careless reading and zero sum exchanges have persisted and come to dominate **BOOK JACKET** Arthur Spiethoff and the German Historical School of Economics Vitantonio Gioia, 2024-04-02 Arthur Spiethoff 1873 1957 an economist of the German Historical School of Economics is best known for his theory of the business cycle Despite Spiethoff calling for a unified reading of his work his epistemological thinking has received less attention This book addresses that gap by analysing Spiethoff's theory of the business cycle in the light of his epistemological views Putting Spiethoff's work in

context the book also investigates the most significant features of the evolution of the research programme of the German Historical School of Economics with particular reference to the relationships between Schmoller Sombart Weber and Spiethoff In addition Spiethoff s work is compared with some of the scientific orientations of the current debates on the epistemological side the book examines the relationship between Spiethoff s views and some contemporary thinking on scientific realism as well as methodological pluralism in social sciences And more broadly it emphasises the analytical relevance of the historical approach in explaining the economic imbalances of contemporary capitalism questioning the idea widespread in the neoclassical approach that taking historical specificities into account makes it hard to achieve a theoretically effective attitude This book is a significant addition to the literature on the German Historical School of Economics and the history of economic thought business cycle theory and macroeconomics more broadly

A Bibliography of Social and Political Economy, Law and Education William Swan Sonnenschein,1897

The Longman Companion to America in the Era of the Two World Wars, 1910-1945 Patrick Renshaw,2014-07-10 Between 1910 and 1945 the United States transformed itself into a Super Power By 1945 with rivals in Europe and Asia shattered by world war she dominated global economic financial and political arrangements and monopolised the atomic bomb This new Companion to History is an indispensable guide to this critical period in US history It includes chronologies listing all the major events both foreign and domestic social and economic history with many tables based on inaccessible data scores of mini biographies listings of the major office holders and maps

Government and Business: American Political Economy in Comparative Perspective Richard Lehne,2012-03-23 In this thoroughly updated edition Lehne takes a comparative approach evaluating the U S political economy with respect to those of Great Britain Germany Japan and the EU The book provides detailed historical context for and a conceptual understanding of the business government environment and then clarifies the roles of the major actors and outlines the regulatory and policy frameworks Along the way Lehne probes some of the most crucial dilemmas facing government and business today

The American Economy Nicolas Spulber,1997-07-13 This work focuses on the economic challenges the American economy has met during the post World War II era and on the new challenges represented notably by the competing economies of Japan Germany and the entire European union that confront it as the twenty first century approaches The book shows how the transformations brought about by international competition fit the long term processes of economic growth and change with respect to structural mutations technological development the role of the government and the evolution of government business relations Nicholas Spulber presents a detailed critique of the thesis alleging that the American economy had experienced some kind of decline and argues that the economy will continue to move forward energetically and successfully if growth and change are primarily left to emerge from the impulses and incentives of the private economy

Technology and the American Economy United States. National Commission on Technology, Automation, and Economic Progress,1966

The Economist ,1878

Conversations on the Nature of

Political Economy Jane Marcet, 2017-07-05 Jane Marcet is not writing for the working classes but for women and men of the educated classes of the nineteenth century. She draws her principles and materials from the writings of the great masters who have written about political economy, particularly Adam Smith, Thomas Robert Malthus, Jean Baptiste Say, Jean Charles Luonard de Sismondi, and David Ricardo. Marcet consolidates the ideas of bankers as well as professional political economists. She makes their ideas accessible not only to the young people she identifies as her audience in the book's preface but also to the middle classes, political actors, and business people. She challenges the English classical school to take seriously the ideas of continental economists by inserting those ideas into a popular book. Marcet maintains distance from some of the central tenets of classical economics but engages in conversation with its masters. Sometimes she accepts criticism of their ideas but at other times she keeps her own counsel. The ideas of the masters will be immediately identifiable to those for whom political economy is not new, although a few of their more abstruse questions and controversies have been omitted. When the soundness of a doctrine appears well established, Marcet presents it conscientiously. Evelyn L. Forget's well-written introduction describes the life and background of the author as well as the book's history, bringing this timeless classic into the twenty-first century.
