Look to the North Star Victor Ullman, 1994 Fugitive Slaves and Spaces of Freedom in North America Damian Alan Pargas, 2020-09-08 This volume introduces a new way to study the experiences of runaway slaves by defining different spaces of freedom they inhabited It also provides a groundbreaking continental view of fugitive slave migration moving beyond the usual regional or national approaches to explore locations in Canada the U S North and South Mexico and the Caribbean Using newspapers advertisements and new demographic data contributors show how events like the Revolutionary War and westward expansion shaped the slave experience Contributors investigate sites of formal freedom where slavery was abolished and refugees were legally free to determine the extent to which fugitive slaves experienced freedom in places like Canada while still being subject to racism In sites of semiformal freedom as in the northern United States fugitives claims to freedom were precarious because state abolition laws conflicted with federal fugitive slave laws Contributors show how local committees strategized to interfere with the work of slave catchers to protect refugees Sites of informal freedom were created within the slaveholding South where runaways who felt relocating to distant destinations was too risky formed maroon communities or attempted to blend in with free black populations These individuals procured false documents or changed their names to avoid detection and pass as free The essays discuss slaves motivations for choosing these destinations the social networks that supported their plans what it was like to settle in their new societies and how slave flight impacted broader debates about slavery This volume redraws the map of escape and emancipation during this period emphasizing the importance of place in defining the meaning and extent of freedom Contributors Kyle Ainsworth Mekala Audain Gordon S Barker Sylviane A Diouf Roy E Finkenbine Graham Russell Gao Hodges Jeffrey R Kerr Ritchie Viola Franziska M ller James David Nichols Damian Alan Pargas Matthew Pinsker A volume in the series Southern Dissent edited by Stanley Harrold and Randall M Miller **The Houses of Buxton** Patricia Lorraine Neely, 2005 *The Queen's Bush Settlement* Linda Brown-Kubisch, 2004-02-20 The Black pioneers who established the Queens Bush settlement where present day Waterloo and Wellington counties meet are the focus of this extensively researched book The History of Blacks in Canada George H. Black Ice George Robert Fosty, Darril Fosty, 2007 The Colored Hockey League of the Maritimes was formed in 1895 in Halifax Nova Scotia Canada Comprised of the sons and the grandsons of runaway American slaves the league helped pioneer the sport of ice hockey changing this winter game from the primitive gentleman's past time of the Nineteenth Century to the to the modern fast moving game of today In an era when many believed Blacks could not endure cold possessed ankles too weak to effectively skate and lacked the intelligence for organized sport these men defied the established myths The Colored League was one of the most complex sports organizations ever created and was lead by Baptist ministers and church laymen Natural leaders and proponents of Black Pride these men represented a concept in sports never before seen Their rule book was The Bible Their game book the coded words and oral history derived from the experiences of American slavery and the Underground Railroad Their strategy the principles and teachings of American

Nineteenth-century Ontario Susan E. Houston, Alison L. Prentice, 1988-01-01 Nineteenth century educational reformers were fond of an agricultural metaphor when it came to the provision of more and better schooling even good land they argued had to be cultivated otherwise noxious weeds sprang up In this study of education in Ontario from the establishment of Upper Canada to the end of Egerton Ryerson's career as chief superintendent of schools in 1876 Susan Houston and Alison Prentice explore the roots of the provincial public school system set up to instill a work ethic and moral discipline appropriate to the new society as well as the beginnings of separate schools today the Ontario school system is once again the subject of intense and often bitter debate Many of the most contentious issues have deep and complex roots that go back to this era Houston and Prentice tell the story of how Ontario came to have a universal school system of exceptional quality and shed valuable light on an area of current concern **Boundless Dominion** Denis McKim, 2017-11-29 A study of the ideas especially

regarding providence politics nature and history that influenced the early Canadian Presbyterian worldview **Light of Nature and the Law of God** Allen P. Stouffer, 1992-06-01 Allen Stouffer's analysis of Ontario's response to the freedmen reveals a virulent strain of racism that helps to explain why British North Americans were slow to join their British and American counterparts in the North Atlantic antislavery triangle After exploring the Canadian churches mixed reaction to antislavery he applies cliometrics to draw a socio economic profile of Canadian antislavery's leaders and followers Employing British American and Canadian primary sources Stouffer has written this study the first book length examination of Canadian antislavery from a British North American perspective Earlier studies concluded that Canadian anti slavery was largely the result of Canada's proximity to the United States a proximity which precluded Canada's ignoring the situation While Stouffer recognizes the importance of the American influence he shows that the leaders of Canadian anti slavery were immigrants from Britain who had been deeply involved in antislavery in their homeland Bryan Prince's Underground Railroad 2-Book
