Looking Into Primary Headship A Research Based Interpretation:

Looking Into Primary Headship Geoff Southworth, 2002-11-01 This is both a study of leadership and a research methods text. It offers an analytical description of a primary headteacher at work over the course of one school year. Using a mix of participant observation and interviews, the book provides a portrait of this head's approach to his work, his background, beliefs, the school as a context, what he did, how he dealt with change and development, power, and the personal dimension of headship. The portrait is matched to the contemporary literature and an hypothesis is formulated about primary headship and is then used to critique existing ideas about school leadership. The book also suggests ways of developing heads and school teachers.

School Leadership and Administration Allan Walker, Clive Dimmock, 2012-11-12 This text calls for a broader approach to comparative educational administration, one which uses culture as the principle means of analysis. The articles collected by Allan Walker and Clive Dimmock detail the educational practices and outcomes of other systems while taking into account the mediating influence of culture. In this way, these essays stress the specific aspects of the cultures studied and map out common ground for the study of administrators' values, beliefs, and actions.

Primary School Leadership in Context Geoff Southworth, 2004 In this important new book, Geoff Southworth, a leading researcher in headship, specifically addresses how school size impacts on the role of the headteacher.
