use and authoritative guide is an invaluable resource for researchers of modern British history *Terror Attack Brighton* Kieran Hughes,2014-10-30 The Brighton bombing in 1984 was the most audacious terrorist attack ever on the British Government Certainly it was the most ambitious since the Gunpowder plot of 1605 The Provisional I R A detonated a bomb at the Grand Hotel on 12th October 1984 Most of the Government were staying at the hotel at the time The Conservative party was holding its annual conference in the town Five people were killed in the explosion and more than thirty were injured It came very close to wiping out most of the Government including the Prime Minister Margaret Thatcher The I R A s Patrick Magee had booked into the Grand Hotel under the false name of Roy Walsh about a month before He planted a bomb with a long delay timer hidden under a bath in one of the rooms He was given eight life sentences for the crime but released from prison in 1999 under the Good Friday Agreement He served just fourteen years behind bars It was one of two IRA bombs aimed directly at the collective Government of the day The other was in February 1991 when at the height of the Gulf War security alert the I R A fired a mortar bomb directly at Downing Street The War Cabinet was in session to discuss the threat from Saddam Hussein The bomb was only yards from hitting the Prime Minister and his senior colleagues The Grand Hotel bombing and the Downing Street bombing were different to the IRA s other attacks They were aimed directly at the heart of the democratically elected Government of the day particularly the Prime Minister and Cabinet Other IRA bombings either caused greater loss of life resulted in more injuries or were of a far greater financial cost For example attacks at Omagh in 1998 killed twenty eight the explosion in the City in London in 1993 cost one billion pounds and the Manchester Shopping Centre bomb in 1996 saw two hundred people hurt Devastating as these attacks were it can be argued that they were aimed at getting attention disrupting democracy costing the country money and bullying their way to the political decision making process *Attitudes Towards Europe* Colin Good,2017-09-29 An innovative collaborative research project conducted jointly at Durham University and the Institut für deutsche Sprache in Mannheim Germany It focuses on the study of public debates on economic and political integration of Europe in both Britain and Germany and how these debates have developed in the post war period up to the 1990s The following topics are investigated Euro discourse and the new media British national identity in the European context representations of Germany in the context of European integration in Margaret Thatcher's autobiographies European debates in post World War II Germany the European debate in and between Germany and Great Britain the career of the neologism Euro in German Press Texts and the metaphorization of European politics The study links to Internet implications providing the basis for further contrastive and comparative research on public discourse in the field of European politics *Labour's Crisis* Andrew Edwards,2011-09-30 Many books have focused on the rise of and success of the Labour party in Wales but this one focuses on its decline in an understudied part of Wales *Anglesey Towns and Villages* Geraint Jones,Gwenllian Jones Rowlinson,2015-07-15 A fascinating historical exploration of the towns and villages of Anglesey including the five main towns Holyhead Beaumaris Llangefni Amlwch and Menai Bridge **The art of**

the possible Chris Williams, Andrew Edwards, 2015-07-01 This volume explores some of the major transitions opportunities and false dawns of modern British political history It engages with the scholarly legacy of Professor Duncan Tanner 1958 2010 whose work was focused on the political process and on politics in government Chronologically its span runs from the first general election to be conducted under the terms of the Third Reform Act through to the 1997 referenda in favour of devolved assemblies in Scotland and Wales This was the period in which British politicians most obviously addressed a mass British wide electorate seeking national approval for policies and programmes to be enacted on a UK wide basis Aimed at scholars and students of modern British history this volume will also interest the general reader who wishes to get to grips with some of the latest thinking about British politics
