These two works leaving no stone unturned cover every aspect of conjugal life from the finding and selection of a suitable pair to procreation. With an introduction that situates the doctrine of conjugal love *rati-śāstra* and the texts that explain it in the history of brahminic scholasticism. **Turning Seasons** Andrew Schelling, 2017-04-11 For thousands of years India has excelled at erotic love poetry and the genius of its devotional poetry often harnesses great energy and mystical insight. It is in fact often hard to tell whether the poets are offering poems of spiritual longing using the garment of love poetry or writing erotic poems in the guise of devotion. Perhaps in a country where erotic sculpture routinely ornaments its many temples and the gods are known for their explosive sexuality this question has little meaning to these remarkable writers. In their devotional traditions eroticism and mysticism seem inseparable. This wonderful selection spans 2500 years and includes work originally sung or recited by their well-known bards Kabir, Mirabai, Lal Ded, Vidyapati and Tagore. There are also poems from the Upanishad from ancient Sanskrit poetry and Punjab folk lyrics. The poets have largely emerged from the ranks of the dispossessed: leather workers, refuse collectors, maidservants, women orphans. Their vision is of a democratic society in which all voices count much like American gospel and blues. Shaker songs or the grand vision of Walt Whitman. Often they faced persecution for speaking candidly or daring to speak of spiritual matters at all. The notes include profiles of these legendary lives. Several of these poets simply vanished, absorbed into a deity or disappeared in a flash of purple lightning. A few produced miracles; most of them have clouds of mystery around them. Andrew Schelling has drawn on the work of 24 other translators including Ezra Pound, Robert Bly, W.S. Merwin, Jane Hirschfield and Denise Levertov to build what will be the finest anthology of India's erotic and spiritual poetry for the general reader ever assembled. Love's labours lost. poetry of Hardy Yeats and Larkin in relation to their shared preoccupation with time change and loss the most ancient and fertile theme in lyric and reflective verse known to earlier English poets as mutability Though the importance of the socio political and ideological context is in every case acknowledged the literary history context is viewed as primary hence the introductory survey of foundational Renaissance and Romantic poets with whose work Hardy Yeats and Larkin were thoroughly familiar Although a preoccupation with the subject of time and change in the work of these three poets is a critical commonplace no one has ever isolated it for special attention or used it to link them either together or with their historical predecessors This is an entirely new approach to their work The critical methodology employed is evidential and analytical rather than theoretical focussed throughout on the meaning and the mood of each poem and the distinctive individuality of each poet
