Lowenfeld On International Arbitration:

Lowenfeld on International Arbitration Andreas F. Lowenfeld, 2005 **The Culture of International Arbitration** Won L. Kidane, 2017-02-24 Although international arbitration has emerged as a credible means of resolution of transnational disputes involving parties from diverse cultures the effects of culture on the accuracy efficiency fairness and legitimacy of international arbitration is a surprisingly neglected topic within the existing literature *The Culture of International Arbitration* fills that gap by providing an in depth study of the role of culture in modern day arbitral proceedings It contains a detailed analysis of how cultural miscommunication affects the accuracy efficiency fairness and legitimacy in both commercial and investment arbitration when the arbitrators and the parties their counsel and witnesses come from diverse legal traditions and cultures The book provides a comprehensive definition of culture and methodically documents and examines the epistemology of determining facts in various legal traditions and how the mixing of traditions influences the outcome By so doing the book demonstrates the acute need for increasing cultural diversity among arbitrators and counsel while securing appropriate levels of cultural competence To provide an accurate picture Kidane conducted interviews with leading international jurists from diverse legal traditions with first hand experience of the complicating effects of culture in legal proceedings Given the insights and information on the rules and expectations of the various legal traditions and their convergence in modern day international arbitration practice this book challenges assumptions and can offer a unique and useful perspective to all practitioners academics policy makers students of international arbitration **The Roles of**

Psychology in International Arbitration Tony Cole, 2017-03-15 The system of international arbitration is built on private contractual relations yet has been endorsed by governments around the world as a fair and reliable alternative to litigation in State courts As a private process however its authority and legitimacy derive entirely from the views and actions of those involved in the arbitral process whether arbitrators counsel or parties It is though increasingly clear that psychological factors complicate and in some cases radically change every arbitral proceeding In this context psychological insights are crucial for understanding how international arbitration genuinely operates and whether the legal framework currently applied to it is well suited to achieving the aims of ensuring a fair and reliable dispute resolution procedure This is the first book to focus on this important issue the insights into international arbitration that can be gained from contemporary psychology With contributions from nineteen internationally known figures in their fields arbitrators mediators lawyers law professors psychology professors psychologists and drawing from a longer term project on the role of psychology in arbitration this ground breaking volume addresses a range of topics including the following the decision making processes of arbitrators the ability of arbitration to serve as a genuine dispute resolution mechanism the impact of particular procedures on the arbitral process bias self deception and vested interests in judgment and decision making the role of arbitrators in managing the arbitral process cultural differences in the evaluation of arguments psychological influences on witness

testimony the impact of tribunal composition on arbitral decision making the influence of arbitration s professional context on arbitrators and legal counsel and methods for arbitrators and legal counsel to more effectively manage the arbitral process Informed by the behavioural insights in these essays counsel and arbitrators will be enabled to think critically about the underlying assumptions and the potential behavioural effects of a prospective arbitration while individuals researching arbitration will gain a greater understanding of the psychological context in which every arbitration occurs This book meets the increasingly recognized need for understanding the role of psychology in arbitral proceedings and forms an indispensable foundation for subsequent work in this area Its innovative and forward thinking analysis will be of immeasurable value to the international arbitration community as well as to institutions supporting arbitration and to academics in the field

Rethinking International Commercial Arbitration Gilles Cuniberti, 2017-05-26 Arbitration is the normal and preferred mode for resolving international commercial disputes It presents an essential advantage over national courts by offering neutrality of adjudication but is currently only available where both parties have consented to it This innovative book proposes a fundamental rethink of this assumption and argues that arbitration should become the default mode of resolution in international commercial disputes Decision-making in International Construction Arbitration Haytham

Besaiso, 2023-10-03 This book contributes to the empirical understanding of how arbitrators make their decisions on the substance of commercial disputes arising from international construction projects It is based on in depth interviews with 28 international construction arbitrators and on the analysis of dozens of international construction arbitration awards The combined experience of those who participated in the author s research amounted to hundreds of international construction arbitrations 300 cases in addition to several hundred international commercial arbitrations It presents the results of the first and largest research to be undertaken in this area and it will be useful to arbitration practitioners and scholars and to the wider audience of dispute resolution students practitioners and theorists In turn the book examines to what extent international arbitrators apply the law as the substantive norm providing an explanation for that and then offers insights into whether arbitrators in fact lean towards commercial and transnational norms to construe the parties contract before discussing to what extent international arbitrators take into account fairness considerations to reach their decisions on the merits of the parties claims The book also examines to what extent international arbitrators apply mandatory rules of foreign law Lastly it provides insight into the effect of arbitrators background characteristics on their decisions Written for arbitration practitioners arbitrators and legal counsel and scholars the book will be useful for both experienced arbitrators and those starting their arbitration career or studying for their arbitration qualification It will also be useful for project professionals involved in contract management and dispute resolution *International Arbitration and Private International Law* George A. Bermann, 2017-05-15 No field of legal scholarship or practice operates in the world of private international law as continuously and pervasively as does international arbitration commercial and investment alike Arbitration s

dependence on private international law manifests itself throughout the life cycle of arbitration from the crafting of an enforceable arbitration agreement through the entire arbitral process to the time an award comes before a national court for annulment or for recognition and enforcement. Thus international arbitration provides both arbitral tribunals and courts with constant challenges. Courts may come to the task already equipped with longstanding private international law assumptions but international arbitrators must largely find their own way through the private international law thicket. Arbitrators and courts take guidance in their private international law inquiries from multiple sources: party agreement, institutional rules, treaties, the national law of competing jurisdictions and an abundance of soft law, some of which may even be regarded as expressing an international standard. In a world of this sort, private international law resourcefulness is fundamental.

The Evolution and Future of International Arbitration Stavros Brekoulakis, Julian D.M. Lew, 2016-06-24. The School of International Arbitration of the Centre for Commercial Law Studies at Queen Mary University of London celebrated its 30th anniversary in April 2015 with a major conference featuring presentations by 35 international arbitration practitioners and scholars from many countries representing a variety of legal systems. This volume has emerged from that conference. What is striking is not only the range and diversity of the topics examined but also the emergence of new subjects for examination demonstrating that arbitration law and practice do not stand still but are constantly evolving. The issues and topics covered include the following: Evolution of case law and practice in international arbitration; The concept and autonomy of arbitral award; Parties in international arbitration; Parallel proceedings in international arbitration; Court review of arbitration awards; Geographic expansion of international arbitration; Counsel regulation and conflicts disclosures; The use of technology in international arbitration; Teaching and research in international arbitration. This superbly organised and edited volume like earlier conference volumes from the School of International Arbitration is sure to be welcomed and acclaimed and like them will prove of lasting value.

General Principles of Law and International Due Process Charles T. Kotuby, Jr., Luke A. Sobota, Center for International Legal Education (CILE) University of Pittsburgh School of Law, 2017-02-10. Article 38 of the Statute of the International Court of Justice defines international law to include not only custom and convention between States but also the general principles of law recognized by civilized nations within their municipal legal systems. In 1953 Bin Cheng wrote his seminal book on general principles identifying core legal principles common to various domestic legal systems across the globe. This monograph summarizes and analyzes the general principles of law and norms of international due process with a particular focus on developments since Cheng's writing. The aim is to collect and distill these principles and norms in a single volume as a practical resource for international law jurists, advocates and scholars. The information contained in this book holds considerable importance given the growth of inter-state intercourse resulting in the increased use of general principles over the past 60 years. General principles can serve as rules of decision whether in interpreting a treaty or contract, determining causation or ascertaining unjust enrichment. They also include a core set of procedural

requirements that should be followed in any adjudicative system such as the right to impartiality and the prohibition on fraud. Although the general principles are by definition basic and even rudimentary they hold vital importance for the rule of law in international relations. They are meant not to define a rule of law but rather the rule of law.

International Economic Law Andreas F. Lowenfeld, 2008-03-27 As conflict and cooperation among states turn to an ever greater extent on economic issues this fully updated and expanded second edition presents a comprehensive exploration of the legal foundations of the international economy. It not only examines the current status of the law but also explores the origins, political tensions and development of outcomes that are often difficult to comprehend. Lowenfeld examines the major elements of economic law in the international arena including the World Trade Organization and its antecedents, dumping, subsidies and other devices that alter the market, the International Monetary System including the collapse of the Bretton Woods system, the debt of developing countries, the law of foreign direct investment including changing perceptions of the rights of host states and multinational enterprises and economic sanctions. The book also contains chapters on competition law, environmental law and new chapters on intellectual property and the various forms of arbitration demonstrating how these subjects fit into the framework of international economic law. Professor Lowenfeld brings to his task a lifetime of practice and teaching experience to produce a book that will be of use to international lawyers and non specialists alike.

Procedure and Evidence in International Arbitration Jeffrey Waincymer, 2012-05-23 Central to the book's purpose is the procedural challenge facing arbitrators at each and every stage of the arbitral process when fairness arguments conflict with efficiency concerns and trade offs must be determined. Some key themes include how can a tribunal be fair and in particular be neutral if parties are so diverse. How can arbitration be made efficient and cost effective without undue inroads into fairness and accuracy. How does a tribunal do what is best if the parties are choosing a suboptimal process. When can or must an arbitrator ignore procedural choices made by the parties. The author thoroughly evaluates competing arguments and adds his own practical tips expertly synthesizing and engaging with the conference literature and differing authors' views. He identifies criteria that offer a harmonized approach to each stage of the arbitral process with particular attention to such aspects of international arbitration as appropriate trade offs between flexibility and certainty, the rights, duties and powers of arbitrators, appointment and challenge of arbitrators, responses to guerilla tactics, drafting of arbitration agreements including specialty clauses, drafting of required commencement notices and response documents, set off, fast track arbitration and other efficiency options, strategic use of preliminary conferences and timetabling, online arbitration, multi party, multi contract class arbitration, amicus and third party funders, pre arbitral referees and interim relief, witness evidence both factual and expert, documentary evidence, production obligations and challenges to production, identifying applicable law and remedies and costs.

Towards a Science of International Arbitration Christopher R. Drahozal, Richard W. Naimark, 2005-01-01 Most books on international commercial arbitration approach the subject through legal theory supported by anecdotal evidence. This

remarkable book is distinguished by its focus on the application of quantitative empirical research to the study of international arbitration. It collects together with commentary the existing empirical literature on the subject and also presents several studies published here for the first time. Beginning with a basic overview of the methods of empirical research—surveys, observational studies, experimental studies—the book goes on to reprint the existing empirical studies under six headings: why parties agree to arbitrate, arbitration clauses, arbitral procedures, arbitrator selection, rules of decision and applicable law, and arbitration awards. Written in an easily accessible, non-technical manner, *Towards a Science of International Arbitration* provides the starting point for future empirical research on international arbitration by collecting the existing empirical literature in one place and by suggesting possible topics for research. It will be of inestimable value to lawyers and others involved in international dispute resolution, whether as arbitrators, parties, party representatives, or in-house counsel, as well as to academics interested in methods of resolving disputes in international commerce.

Conflict of Laws and Arbitral Discretion Benjamin Hayward, 2016

International Commercial Arbitration: Commentary and Materials Gary Born, 2021-11-15

International Commercial Arbitration contains detailed commentary, case analyses, and practice pointers. Full annotations and footnotes provide invaluable research assistance, while clearly written analyses identify and discuss critical issues. Representative international arbitral awards and national court decisions are excerpted, and detailed reference is made to leading institutional rules. Detailed appendices, an easy-to-use Table of Contents, and an extensive index aid research and provide ready access to key materials. Co-publication with Kluwer Law International. North American sales rights only. Published under the Transnational Publishers imprint. For class adoption, a student edition is available for 85 00 978 1 5710 5175 2. Please contact the Brill sales department to arrange an order.

Dealing with Bribery and Corruption in International Commercial Arbitration Emmanuel Obiora Igbokwe, 2023-01-10

International Arbitration Law Library Volume 65

International commercial arbitration is by no means free from bribery and corruption. Although a plethora of legal scholarship clearly affirms this contention, a thorough study on the particularly important question of the authority and duty of international commercial arbitrators to investigate a suspicion or indication of bribery or corruption *sua sponte*—that is, on their own initiative—has been surprisingly lacking. This important book fills this gap *inter alia* by locating *sua sponte* authority in the position of arbitral tribunals in establishing the facts of a case and ascertaining and applying the applicable normative standards. In addition to providing a comprehensive examination of how the issue of bribery and corruption is dealt with in contemporary international commercial arbitration, the book also highlights the role of arbitrators in global efforts to combat transnational commercial bribery and corruption. Among others, the following critical issues are thoroughly investigated: arbitrability of issues of public interests, intermediary contracts, role of arbitrators in the fact-finding process, party autonomy versus overriding mandatory rules, *iura novit curia* in international commercial arbitration in the context of bribery and corruption, notion of transnational or truly international public policy, arbitrators' duty

to act as guardians of international commerce investigative tools available to arbitrators dealing with manifestly recalcitrant parties possible consequences of violating the obligation to sua sponte investigate and the view from developing countries The analysis leans primarily on Swiss law as Switzerland is one of the most important jurisdictions in international commercial arbitration Switzerland has also been involved in some of the most famous and controversial arbitration cases wherein bribery and corruption became an issue However the study also includes a comparative analysis of the relevant laws jurisprudence and doctrine of other major arbitration venues particularly England France and Germany Not only in the light it sheds on how and whether international commercial arbitrators have hitherto justified the trust States have placed in them regarding the protection of the public interests but also in the practical solutions it offers arbitrators faced with issues of bribery and corruption this deeply researched book equips arbitration practitioners and arbitration institutions with a hitherto lacking in depth analysis on the question of sua sponte investigation It also provides invaluable insights on how this issue might affect the future legitimacy and expansion of this dispute settlement mechanism Outside the field of arbitration the book also provides jurists legal scholars in house counsel for companies doing transnational business and public officials with highly enlightening perspectives on the interaction between international commercial arbitration and public interests

International Commercial Arbitration Gary Born, 2009 *International Commercial Arbitration* Third Edition is an authoritative treatise providing the most complete available commentary and analysis on all aspects of the international commercial arbitration process This completely revised and expanded edition of Gary Born's authoritative work is divided into three main parts dealing with the International Arbitration Agreement International Arbitral Procedures and International Arbitral Awards The Third Edition provides a systematic framework for both current analysis and future developments as well as exhaustive citations from all leading legal systems

Lowenfeld On International Arbitration Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Lowenfeld On International Arbitration PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant

information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Lowenfeld On International Arbitration PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Lowenfeld On International Arbitration free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Lowenfeld On International Arbitration Books

1. Where can I buy Lowenfeld On International Arbitration books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Lowenfeld On International Arbitration book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Lowenfeld On International Arbitration books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning:

Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Lowenfeld On International Arbitration audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Lowenfeld On International Arbitration books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
