**Salvation in Celluloid** Robert Pope, 2007-10 Much work in the field of theology and film lacks a really theological focus This book suggests a methodology based on the recognition of the imagination as the fundamental category in producing and interpreting film The argument is presented that the imagination holds theological significance when it is conceived of in certain ways As a result the book adopts the paradigmatic imagination an imagination which works within the paradigms of scripture or theological imagination one grounded in theological forms which is both noetic it is the image making faculty of the mind and almost ontological it is that which draws human beings into the future which they are able to construct or bring into being Once the theological paradigmatic imagination has been identified and justified its insights will be applied to Jesus films and Christ figure films asking whether or not they provide us with valid Christological understanding Films with redemptive or salvific themes are discussed as is the popularity of mythical stories and animation The final chapter will make the case that the engagement of the theological imagination with film is a method in practical theology

Past Watchful Dragons Walter

Hooper,2007-08-01 I thought I saw how stories of this kind could steal past a certain inhibition which had paralysed much of my own religion in childhood Why did one find it so hard to feel as one was told one ought to feel about God or about the sufferings of Christ I thought the chief reason was that one was told one ought to An obligation to feel can freeze feelings And reverence itself did harm The whole subject was associated with lowered voices almost as if it were something medical But supposing that by casting all these things into an imaginary world stripping them of their stained glass and Sunday school associations one could make them for the first time appear in their real potency Could one not steal past those watchful dragons I thought one could C S Lewis on The Chronicles of Narnia delete this note keep dragons sentence in bold
