Mining For Sustainable Development In Tanzania:

Mining for Sustainable Development in Tanzania Kassim Kulindwa, 2003 A study which analyses how macro economic reforms in Tanzania and the policy instruments applied to achieve the objectives are faring in the mining sector and assessing the impact of mining on the economy It examines to what extent the expanding mining activities can ensure a sustainable path for Tanzania and draws up a policy framework that sets out to steer the economy along a more sustainable development path

Governing Natural Resources for Africa's Development Hany Gamil Besada, 2016-09-13 Bringing together some of the world's leading thinkers and policy experts in the area of natural resource governance and management in Africa this volume addresses the most critical policy issues affecting the continent's ability to manage and govern its precious resources The narrative of the book is solutions driven as experts weigh on specific issues within the context of Africa's natural resource governance and offer appropriate policy recommendations on how to best manage the continent's resources This is a must read for government policy makers in industrialized economies and more importantly in Africa and emerging economies as well as for academic researchers working in the field extractive companies operating on the continent extractive industry and trade associations and multilateral and donor aid institutions

Liberalised Development in Tanzania Peter Gibbon, 1995 Presents two studies which examine economic and political developments in Tanzania in relation to the mining industry the expansion of the informal sector and the rise of community development and of local non governmental organizations Covers the period from 1960 to 1992 Includes a history of the mining industry from 1918 to 1992 and profiles of mining areas and mining villages Describes the role of the state and of non governmental organizations in the provision of education and health care in nine districts

Putting Tanzania's Hidden Economy to Work, 2008-01-01 Tanzania's annual real economic growth rate has in recent years been between 6 and 7 percent with Gross National Income equivalent to about US 3 40 per person A hidden economy could potentially have contributed an additional US 1 00 per person Forestry fisheries mining and wildlife make traditional contributions to the economy Hidden values and untapped potential remain uncounted Some 582 000 tourists visited Tanzania in 2004 contributing US 7 50 million to export earnings A recent single shipment of illegal ivory left Tanga valued at US 2 00 million Commercial fishing fleets operatin

[The World Guide to CSR](#) Wayne Visser, Nick Tolhurst, 2017-09-08 The World Guide to CSR is the first book to provide comparable national profiles that describe the evolution and practice of Corporate Sustainability and Responsibility CSR for 58 countries and 5 global regions Each regional and national profile includes key information about the relevant CSR history country specific issues trends research and leading organizations The purpose of the book is to give CSR professionals including managers consultants academics and NGOs focusing on the social environmental and ethical responsibilities of business a quick reference guide to CSR in different regional and national contexts The need for the book is premised on the fact that CSR professionals and researchers more often than not have a multinational remit and are required to benchmark

performance internationally but find that country specific CSR information is ad hoc limited or non existent Even where national CSR research exists it is often hidden in academic journals that practitioners cannot access or do not have the time or inclination to read The book is an edited volume with expert contributors from around the world all of whom have been screened and selected on the basis of their qualifications and experience in CSR Each regional country profile includes the following subsections CSR in context Priority issues Trends Legislation and codes Organizations Case studies Educational institutions References This unique resource will be an essential acquisition for all organisations who need to benchmark their CSR strategies throughout different regions and cultures and want the best possible intelligence on the key issues and concerns relating to corporate social responsibility in all of the markets in which they operate Peace Studies for Sustainable Development in Africa Egon Spiegel, George Mutalemwa, Cheng Liu, Lester R. Kurtz, 2022-10-26 This book presents a snapshot of a major challenge and shares subjective views on various areas of conflict in Africa and the diverse theoretical and practical efforts to achieve peace Following an essential review of several real world conflict contexts on the African continent and attempts to come to terms with them critically as a first step the book explores the lessons learned to date with regard to peace studies in Africa **Natural Resource Investment and Africa's Development** Francis N. Botchway, 2011-01-01 This book makes a significant contribution to the literature on natural resource law and governance by engaging specifically with the issues arising in the African region It covers a wide spectrum of issues that are key to the sustainable use of natural resources in the region thus making it an important resource for anyone interested in natural resource governance and economic development in the African region Philippe Cullet University of London UK This well researched book covers a wide spectrum of important issues that are central to investment in natural resources and ultimately economic development of Africa Francis Botchway and the expert contributors analyse the relationships between good governance and resource management as well as the existing commercial and financial agreements The environmental implication of resource exploitation and the international dimensions of the industry are also explored in this insightful study Each comprehensive and concise contribution highlights the importance of transparency and equity in investment and management of natural resources Natural Resource Investment and Africa's Development is essential material for scholars and students of development environmental law international economic law and dispute resolution as well as any international investor in natural resources **Religious Activism in the Global Economy** Sabine Dreher, Peter J. Smith, 2016-06-01 Protests of neoliberal globalization have proliferated in recent years not least in response to the financial crisis austerity and increasing inequality But how do religious groups organize themselves in response to these issues This book systematically studies the relationship of religious activism towards neoliberal globalization It considers how religious organizations often play a central role in the resistance against global capitalism endeavouring to offer alternatives and developments for reform But it also examines the other side of the coin showing how many religious groups help to diffuse

neoliberal values promote and reinforce practices of capitalism Drawing on a unique set of case studies from around the world the chapters examine a range of groups and their practices in order to provide a thorough examination of the relationship between religion and the global political economy *Economic Change Governance and Natural Resource Wealth* David Reed,2023-04-14 This volume analyzes the ways in which natural resource wealth has shaped authoritarian political regimes and statist economic systems in the countries of southern Africa in the post colonial period It consists of five essays The first sets out the historical framework and emergence of natural resources as the crucial driver of economies in sub Saharan Africa Three essays drawing on in country research focus on Tanzania Zambia and Zimbabwe They show how this explains the economic evolution of those countries in particular the impacts of economic and institutional changes on the bulk of the population the rural poor The final essay explores the nature of the changes and their neoliberal economic context and the ways in which their harmful consequences might be relieved Transnational Management Christopher A. Bartlett,Paul W. Beamish,2018-03 Transnational Management offers a uniquely global focus on strategic development organizational capabilities and management challenges **International Investment for Sustainable Development** Lyuba Zarsky,2012-05-23 International Investment for Sustainable Development critically examines the interface between sustainability development and the governance of international investment It challenges the conventional view that foreign direct investment is a miracle drug for developing countries and exposes serious shortcomings in the current international investment regime Composed of norms agreements treaties and regulations the emerging investment regime expands the rights of transnational corporations TNCs without commensurate rewards for the common good Drawing on both research and engaged advocacy the contributors ultimately map out a new way forward towards the creation and implementation of international investment rules that will promote global sustainability and equity *Tanzania Investment and Business Guide Volume 1 Strategic and Practical Information* IBP USA,2013-08 Tanzania Investment and Business Guide Strategic and Practical Information **Globalization and Challenges for Development in Tanzania** Lucian A.
