VIJITH,2020-12-08 Join in and explore the adventures faced and the life lessons learnt by children as they embark on a journey to rescue their sorcerer Uncle Zoran who is being held captive in his own castle **Catalog of Copyright Entries** Library of Congress. Copyright Office,1970 *They Took My Life and Left Me to Hang* Jamil V. Ellison,2007-03-21 Have you ever felt that no matter what

you did or what you said concerning anything that mattered your words weren't even taken into consideration. Let's say that you have children and you're trying to raise them the way you know the right way. Then you turn around and someone else is raising your kids and you know it's wrong but you have no control. Or maybe you take your kids to a friend's home for the week and never call or check. You come back to get them and you find yourself attending their funeral. It was neglect that wore DiPetris' childhood away. His life was turmoil, never having the chance to do anything for himself in a good way, no choice to make but bad. He had done things through operant learning, knowing that every action had a reaction and the anticipation of the reaction. Do something wrong and you get to meet someone that was what it seemed like. Being a part of DYFS has hindered him in so many ways. Never having their help or them being there for him. They took everything from him, including his dignity and purpose for living. They had the audacity to not allow his parents full parental control when DYFS wasn't doing anything for him. DiPetri felt dead to the world, never knowing what his next step was, never understanding what's in line for him. His life was not determined by his actions or behaviors but yet a mere piece of paper. He felt like a lab rat, so much neglect and research done on him and his life. He was just waiting until the end when enough is enough and his body can't take anymore and shuts down.
