Myths, dreams and mysteries, by mircea eliade Mircea Eliade, 1968 Myth and Religion in Mircea Eliade Douglas Allen, 2002 This is an interesting study with a great deal of information on Eliade's main themes and a detailed account of his understanding of myth Myths, Dreams and Mysteries ... Translated by Philip Mairet Mircea Eliade, Philippe Auguste MAIRET, 1968 **Myth and Modernity** Milton Scarborough, 1994-01-01 This book surveys selected modern theories of myth from philosophy religion anthropology sociology and psychoanalysis to demonstrate a common commitment to a dualistic ontology and or epistemology With help from the work of Maurice Merleau Ponty and Michael Polanyi the author proposes a new theory of myth which goes beyond these dualisms It argues that although the Enlightenment sought to banish myth it was itself animated by myths which it could neither recognize nor accredit Moreover it argues that myth is a primordial articulate grasp of the life world and is essential for providing a fundamental orientation to all human activities including theorizing The myths of Timaeus and Genesis are shown tacitly to shape modernity's most sophisticated theories in science and philosophy including the criteria for truth *Mythes, Rêves Et Mystères. Images and Symbols Mircea Eliade, 1991-06-25 Mircea Eliade one of the most renowned expositors of the psychology of religion mythology and magic shows that myth and symbol constitute a mode of thought that not only came before that of discursive and logical reasoning but is still an essential function of human consciousness He describes and analyzes some of the most powerful and ubiquitous symbols that have ruled the mythological thinking of East and West in many times and at many levels of cultural development **Myths, Dreams & Mysteries: the Encounter Between Contemporary Faiths and Archaic Reality** Mircea Eliade, 1972 A Short History of Myth (Myths series) Karen Armstrong, 2010-10-29 What are myths How have they evolved And why do we still so desperately need them A history of myth is a history of humanity Karen Armstrong argues in this insightful and eloquent book our stories and beliefs our curiosity and attempts to understand the world link us to our ancestors and each other This is a brilliant and thought provoking introduction to myth in the broadest sense from Palaeolithic times to the Great Western Transformation of the last 500 years and why we dismiss it only at our peril **Anarcho-primitivism , Structure and Creativity in Religion**
