A. Guerber,2015-07-23 Excerpt from Myths of Greece and Rome Narrated With Special Reference to Literature and Art The myths of Greece and Rome have inspired so much of the best thought in English literature that a knowledge of them is often essential to the understanding of what we read When Byron calls Rome says Thomas Bulfinch the Niobe of nations or says of Venice She looks a Sea Cybele fresh from Ocean he calls up to the mind of one familiar with our subject illustrations more vivid and striking than the pencil could furnish but which are lost to the reader ignorant of mythology Literature abounds in such poetic borrowings from the classics and it is impossible to enjoy fully the works of some of our best writers if we cannot immediately appreciate their imagery Again expressions such as the heel of Achilles are part of the common language but their meaning is lost upon those to whom the myths from which they are derived are unfamiliar But apart from the practical utility of the myths as necessary to the comprehension of much that we read and hear they have a great sthetic value

presenting as they do a mine of imaginative material whose richness and beauty cannot fail to appeal even to the colder sensibilities of this more prosaic age It would be difficult indeed to exaggerate the importance of these old world stories with their wonderful admixture of pagan faith and riotous imagination in correcting the tendency to mere utilitarianism in the education of the young and there is need to lay stress upon this because of the increased attention now being given to science and modern languages at the expense of the classics About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
