## Myths About Missions:

*Myths about Missions* Horace L. Fenton, 1973      *Myths about Missions* Horace L. Fenton, 1974      **Is the Commission Still Great?** Steve Richardson, 2022-10-04

Dismantling the Myths that Obscure God's Great Plan

The primary mission of the church is to glorify God by blessing all peoples of the world through the gospel of Jesus Christ. The Great Commission's task of global disciple making is the most ambitious project ever undertaken. Given the scale and complexity of global missions, it's no wonder that misconceptions abound even among invested godly people. Questions and skepticism about missions arise from both outside and inside the church. Is missions an outdated idea? Do missionaries do more harm than good? Are we succeeding or failing? Is it time for global believers to do the job in their own countries with minimal Western involvement? We don't need to fear questions like these. But we do need to seek and find solid biblical answers. Is the Commission Still Great dismantles the myths that obscure God's beautiful plan to make disciples of all nations. Misperceptions discourage God's people from joyfully participating with Him in reaching the world. Yet deepening our understanding of the call to missions restores perspective and motivates us to participate in God's grand design. Author and missionary kid Steve Richardson uses stories from Scripture history and his own ministry experience to impart timely lessons on modern missions. Richardson also draws from the wisdom of field missionaries sending agencies, pastors, and church members to address this all-important endeavor. Each chapter finishes with thought-provoking questions to facilitate purposeful discussion in families and small groups. Is the Commission Still Great will equip followers of Christ to be participants, not spectators, in the redemption of the world.

*The Missionary Kids* Holly Berkley Fletcher, 2025-08-19

Historian Fletcher incisively explores the dark underbelly of American evangelical missionary work via the experiences of missionaries' children. Robustly researched and sharply analyzed, it's an illuminating exposé with important implications for evangelical Christianity. Publishers Weekly starred review: "Neither a celebration of missionaries nor a hatchet job, this book is insightful and hard-hitting while leaving space for a spectrum of voices to be heard." Library Journal: "What do we learn about white evangelicalism from those raised by its heroes? From historian Holly Berkley Fletcher herself, a missionary kid comes this first of its kind examination of how the experiences of missionary kids illuminate broader currents in American Christianity. As sidekicks to their parents' and churches' ambitions, missionary kids (MKs) face questions many white Christians eventually ask about God's calling, sacrifice, faith, privilege, racism, abuse, and what belonging means. In *The Missionary Kids*, Fletcher reveals how MKs have intimate access to the movement's logic, longings, and ideals. With penetrating research, sly wit, and an empathic gaze, Fletcher lays bare complicated emotions and troublesome truths. She investigates how calling, multiculturalism, saints, and indispensability can distract white American Christians from their own traditions' sins and failures. Drawing on her experience as a Southern Baptist MK in Kenya, on conversations with other missionary kids, and on the work of psychologists, historians, missiologists, and researchers, Fletcher paints an intricate portrait of family life on the front lines of the missionary movement. From boarding school to war zones,

and from sexual assault by adult missionaries to fending for themselves so as not to distract from the work of the Lord MKs bear the weight of their parents choices and their churches ideals Fletcher delves into the missionary industrial complex that shapes the lives of missionary families listening to MKs speak of the vexing wordless longing for the places they ve lived For many years few people sought out MKs real voices God had called their parents to do great things so the kids were beside the point But the children of missionaries are beneficiaries of evangelicalism s rewards and victims of its failings And now they are ready to talk

Reid, 2024-06-03 Isobel Reid offers a concise account of the origins establishment and some internal dynamics of the Livingstonia Mission in particular those impacting missionary families as seen through the eyes of a young missionary couple at its Bandawe station This study not only demonstrates a general awareness of the role and initiative of the people of Northern Malawi among whom and with whom the Scottish missionaries lived and worked but also of the specific importance of interpersonal relationships between Scottish and Malawian women as in the case of Marie Martin and her Tonga women friends Race as the primary dividing line was thus subverted by mutual gender awareness From 1978 Isobel Reid a qualified nurse midwife with her doctor husband and young family lived for 18 months on Ekwendeni CCPA Mission Station before transferring to Mzuzu where Dr Reid was in charge of St John's Roman Catholic Mission Hospital for four further years A consequent academic interest in mission history resulted in an MTh Edinburgh 1999 which provided the basis for this book

**Myths and Mythical Spaces** Claudia Lichnofsky, Enriketa Pandelejmoni, Darko Stojanov, 2017-12-04 This volume addresses textbooks written in the Albanian language and in use in Albania Kosovo Macedonia and Serbia Political myths and mythical spaces play a key role in shaping processes of identity building concepts of self and other and ideas pertaining to the location of the self and nation within a post conflict context The Albanian case is particularly interesting because the majority of Albanians live outside the borders of Albania despite the existence of the nation state which gives rise to fascinating complexities regarding the shaping of national identities and myths surrounding concepts of self and other What textbooks teach is always of political interest as they represent society's intentions for its next generation This renders identity building processes via textbooks in this context a particularly fascinating topic for research here examined through the lens of myths and mythical spaces **On Being a Missionary (Abridged)** Thomas Hale, Gene Daniels, 2023-07-11

Coomans,2024-05-02 The spatial turn of missionary places Situated at the crossroads of missionary history imperial history and colonial architecture this volume examines the architectural staging and spatial implications of the worldwide expansion of Christianity in the nineteenth and twentieth centuries By focusing on specific architectural fragments analysing the intersection of Christian edifices in colonial and traditional urban settings or unravelling the social understanding of missionary places each chapter strives to understand the agency of missionary spaces Bringing together scholars from different disciplines and fields this book aims to centre those missionary spaces by approaching them not merely as *d cor* around and within which the missionary encounter was acted but by making them part and parcel of it Through its approach *Missionary Spaces* provides a new paradigm for scrutinising the spatial turn for missionary histories and contributes to the increased attention across the humanities to space place and location since the late 1990s Space does not occur as an historical given but as a social construction to be analysed while at the same time having explanatory value of its own This book focuses on Africa and the Chinese Region with contributions on Burundi China Congo Egypt Ghana Kenya and Taiwan

**Myth, Music and Ritual** Gabriela Chiciudean,Rodica Gabriela Chira,Emilia Ivancu,2018-12-14 Divided into two parts

this volume includes contributions focused on both myth and some of its contemporary reflections Part I and the connection between myth music and ritual Part II The fifteen contributions gathered here are authored by academics and researchers from Brazil France Poland Mexico South Africa and Romania They focus on a variety of subjects including folklore literature classical and traditional music science fiction philosophy and religion among others The volume operates with an awareness of the capital role the study of the imaginary with all its implications is playing in the contemporary world **Report of the Centenary Conference on the Protestant Missions of the World** James Johnston (F.S.S.),1889 **Charisma and Myth** Raphael Falco,2011-10-20 Charisma and Myth combines an interdisciplinary examination of myth with the newest developments in the application of charisma theory to history and social life Through scores of examples ranging from Inuit myth to Christian theology from Malinowski to martyrology Charisma and Myth argues definitively that the survival of myth systems mirrors the survival of such charismatic groups as modern street gangs the Anglo Saxon comitatus or Satan s fallen angels in Paradise Lost Even the smallest charismatic group generates its own set of myths and like larger myth systems depends on continual revolutionary change not as might be expected on the stability of its myths to survive and to achieve longevity As this innovative study shows group leaders must learn first to foster and then to manage the mild chaos and changing symbols of their myths Charisma and Myth challenges myth theorists from the nineteenth through to the twenty first century and adds a missing component to our understanding of how and why myths continue to grip our imaginations
