Myths of Northern Lands Narrated with Special Reference to Literature and Art H. A. Guerber, 2011-01-01 The aim of this handbook of Northern mythology is to familiarize the English student of letters with the religion of his heathen ancestors and to set forth as clearly as possible the various myths which have exercised an influence over our customs arts and literature As Norwegians Danes Swedes Icelanders Germans English and French all came originally from the same stock and worshiped the same gods so these tales formed the basis not only of their religious belief but also of their first attempts at poetry They are the classics of the North and deserve as much attention at our hands as the more graceful and idyllic mythology of the South The most distinctive traits of the Northern mythology are a peculiar grim humor which is found in the religion of no other race and a dark thread of tragedy which runs throughout the whole woof These two characteristics touching both extremes of the scale have colored Northern thought and have left their indelible imprint upon all our writings even to this day The mythology of Greece and Rome growing as spontaneous and luxuriant as the tropical vegetation came to its full fruition and began to decay before the introduction of Christianity But Northern mythology of slower growth was arrested in mid career before it had attained its complete development A glossary and complete index have been added to adapt this book for general use in libraries and public schools Author and publishers sincerely trust that this little work will be as kindly received and as well appreciated as has been the case with its

predecessor *Myths of Greece and Rome* the first volume of this series *Myths of Greece and Rome* H. A. Guerber, 2015-07-23 Excerpt from *Myths of Greece and Rome* Narrated With Special Reference to Literature and Art The myths of Greece and Rome have inspired so much of the best thought in English literature that a knowledge of them is often essential to the understanding of what we read When Byron calls Rome says Thomas Bulfinch the Niobe of nations or says of Venice She looks a Sea Cybele fresh from Ocean he calls up to the mind of one familiar with our subject illustrations more vivid and striking than the pencil could furnish but which are lost to the reader ignorant of mythology Literature abounds in such poetic borrowings from the classics and it is impossible to enjoy fully the works of some of our best writers if we cannot immediately appreciate their imagery Again expressions such as the heel of Achilles are part of the common language but their meaning is lost upon those to whom the myths from which they are derived are unfamiliar But apart from the practical utility of the myths as necessary to the comprehension of much that we read and hear they have a great sthetic value presenting as they do a mine of imaginative material whose richness and beauty cannot fail to appeal even to the colder sensibilities of this more prosaic age It would be difficult indeed to exaggerate the importance of these old world stories with their wonderful admixture of pagan faith and riotous imagination in correcting the tendency to mere utilitarianism in the education of the young and there is need to lay stress upon this because of the increased attention now being given to science and modern languages at the expense of the classics About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **General Catalogue of the Books Except Fiction, French, and German, in the Public Library of Detroit, Mich** Detroit Public Library, 1899
