Nabokov Others Patterns In Russian Literature:

Nabokov and others William Woodin Rowe,1976 *Nabokov & Others* William Woodin Rowe,1979 Historical Dictionary of Russian Literature Jonathan Stone,2013 Russian literature is most celebrated for its Romantic and modernist poetry and 19th century novels While literary traditions of varying sorts have been part of Slavic and Russian culture for over a millennium it is only since the 18th century that they came to resemble literature from the West The Historical Dictionary of Russian Literature contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 100 cross referenced entries on significant people themes critical issues and the most significant genres that have formed Russian Literature This book is an excellent access point for students researchers and anyone wanting to know more about Russian literature Patterns in Russian Literature II William Woodin Rowe,1988 Reference Guide to Russian Literature Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public **Nabokov's Canon** Marijeta Bozovic,2016-05-31 Nabokov s translation of Pushkin s Eugene Onegin 1964 and its accompanying Commentary along with Ada or Ardor 1969 his densely allusive late English language novel have appeared nearly inscrutable to many interpreters of his work If not outright failures they are often considered relatively unsuccessful curiosities In Bozovic s insightful study these key texts reveal Nabokov s ambitions to reimagine a canon of nineteenth and twentieth century Western masterpieces with Russian literature as a central rather than marginal strain Nabokov s scholarly work translations and lectures on literature bear resemblance to New Critical canon reformations however Nabokov s canon is pointedly translingual and transnational and serves to legitimize his own literary practice The new angles and theoretical framework offered by Nabokov s Canon help us to understand why Nabokov s provocative monuments remain powerful source texts for several generations of diverse international writers as well as richly productive material for visual cinematic musical and other artistic adaptations *Imagery in Vladimir Nabokov's Last Russian Novel ([Dar]), Its English Translation (The Gift), and Other Prose Works of the 1930s* Nassim Winnie Berdjis,1995

The Cambridge Companion to Twentieth-Century Russian Literature Evgeny Dobrenko,Marina Balina,2011-02-17 An overview of the main literary schools authors and works in modern Russia and the Soviet Union **Autobiographical Statements in Twentieth-Century Russian Literature** Jane Gary Harris,2014-07-14 The fifteen essays in this volume explore the extraordinary range and diversity of the autobiographical mode in twentieth century Russian literature from various critical perspectives They will whet the appetite of readers interested in penetrating beyond the canonical texts of Russian literature The introduction focuses on the central issues and key problems of current autobiographical theory and practice in both the West and in the Soviet Union while each essay treats an aspect of auto biographical praxis in the context of an individual author s work and often in dialogue with another of the included writers Examined here are first the

experimental writings of the early years of the twentieth century Rozanov Remizov and Bely second the unique autobiographical statements of the mid 1920s through the early 1940s Mandelstam Pasternak Olesha and Zoshchenko and finally the diverse and vital contemporary writings of the 1960s through the 1980s as exemplified not only by creative writers but also by scholars by Soviet citizens as well as by emigrés Trifonov Nadezhda Mandelstam Lydia Ginzburg Nabokov Jakobson Sinyavsky and Limonov Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Authorship in Nabokov's Prefaces Jacqueline Hamrit, 2015-01-12 Whereas literary criticism has mainly oscillated between the death of the author Barthes and the return of the author Couturier this work suggests another perspective on authorship through an analysis of Nabokov's prefaces It is here argued that the author being neither dead nor tyrannical alternates between authoritative apparitions and receding disappearances in the double gesture of mastery without mastery which Derrida calls exappropriation that is a simultaneous attempt to appropriate one's work control it have it under one's power and expropriate it losing control by loosening one's grip The intention of this is to approach through one's experience of reading and interpreting the experience of self effacement and impersonality pertaining to writing cf Blanchot Prefaces are considered to be suitable places for the deconstruction of the classical image of Nabokov's arrogance through the unearthing of his reserve and vulnerability This work provides an account of the mere intuition which therefore does not pretend to be a conclusive and definitive interpretation of another image of Nabokov whose undeniable talent for deception seems in accordance with a need for discretion and secrecy

Nabokov's Early Fiction Julian W. Connolly, 2009-05-07 This book traces the evolution of Vladimir Nabokov's prose fiction from the mid 1920s to the late 1930s While individual works by Nabokov have attracted extensive commentary the precise contours of Nabokov's development as a writer of fiction have received little attention Julian Connolly traces this development by focusing on a crucial subject the relationship between self and other in its various forms including character to character character to author author to reader At the core of Professor Connolly's analysis is the discovery of a powerful structure of bifurcation in Nabokov's work between the character dimensions of a protagonist's identity and its latent authorial dimensions As Nabokov's works grow more sophisticated the author manipulates the relationship between these two dimensions creating a series of memorable characters who seek to attain the status of authentic author by shedding that aspect of the self which functions as a character Julian Connolly's investigation into the relationship between self and other in the early fiction provides an original model for approaching all of Nabokov's fictional writing and constitutes a major contribution to Nabokov scholarship

Nabokov's Otherworld Vladimir E. Alexandrov, 2014-07-14 A major reexamination of the novelist Vladimir Nabokov as literary gamesman this book systematically shows that behind his ironic manipulation of narrative and his puzzle like treatment of detail there lies an aesthetic rooted in his intuition of a transcendent realm and in his consequent redefinition of nature and artifice as synonyms Beginning with Nabokov's discursive writings Vladimir Alexandrov finds his world view centered on the experience of epiphany characterized by a sudden fusion of varied sensory data and memories a feeling of timelessness and an intuition of immortality which grants the true artist intimations of an otherworld Readings of *The Defense* *Invitation to a Beheading* *The Gift* *The Real Life of Sebastian Knight* *Lolita* and *Pale Fire* reveal the epiphanic experience to be a touchstone for the characters metaphysical insightfulness moral makeup and aesthetic sensibility and to be a structural model for how the narratives themselves are fashioned and for the nature of the reader's involvement with the text In his conclusion Alexandrov outlines several of Nabokov's possible intellectual and artistic debts to the brilliant and variegated culture that flourished in Russia on the eve of the Revolution Nabokov emerges as less alienated from Russian culture than most of his emigre readers believed and as less modernist than many of his Western readers still imagine Alexandrov's work is distinctive in that it applies an otherworld hypothesis as a consistent context to Nabokov's novels The approach is obviously a fruitful one Alexandrov is innovative in rooting Nabokov's ethics and aesthetics in the otherworldly and contributes greatly to Nabokov studies by examining certain key terms such as commonsense nature and artifice In general Alexandrov's study leads to a much clearer understanding of Nabokov's metaphysics D Barton Johnson University of California Santa Barbara Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Achievements of Vladimir Nabokov Stephen Jan Parker, 1984

Discourse and Ideology in Nabokov's Prose David H. J. Larmour, 2003-08-29 The prose writings of Vladimir Nabokov form one of the most intriguing oeuvres of the twentieth century. His novels which include *Invitation to a Beheading*, *Lolita* and *Invitation to a Beheading* have been celebrated for their stylistic artistry, their formal complexity and their unique treatment of themes of memory, exile, loss and desire. This collection of essays offers readings of several novels as well as discussions of Nabokov's exchange of views about literature with Edmund Wilson and his place in the 1960s and contemporary popular culture. The volume brings together a diverse group of Nabokovian readers of widely divergent scholarly backgrounds, interests and approaches. Together they shift the focus from the manipulative games of author and text to the restless and sometimes resistant reader and suggest new ways of enjoying these endlessly fascinating texts.

Encyclopedia of the Novel Paul Schellinger, 2014-04-08 The Encyclopedia of the Novel is the first reference book that focuses on the development of the novel throughout the world. Entries on individual writers assess the place of that writer within the development of the novel form, explaining why and in exactly what ways that writer is important. Similarly, an entry on an individual novel discusses the importance of that novel, not only from analyzing the particular innovations that novel has introduced and the ways in which it has influenced the subsequent course of the genre. A wide range of topic entries explore the history, criticism, theory, production, dissemination and reception of the novel. A very important component of the Encyclopedia of the Novel is its long surveys of development of the novel in various regions of the world.
