Dupée, 2008 Traveling India in the Age of Gandhi is a study of armchair travel writers who journeyed to India during what has often been termed the Age of Gandhi placed between 1914 1948 Most of the travel writers surveyed understood this era to be a unique time in world history in India and elsewhere on the globe The lingering trauma of World War I the rise of radical state ideologies in Russia Italy Japan and Germany world wide depression in the 1930s along with a host of other unsettling political cultural and technological realities revealed a world of bewildering complexity and uncertainty For many of the travel writers surveyed in this work India was the main drama in a shifting global landscape Moreover many viewed it as the ultimate travel experience a journey that tested one s capacity to fully engage the earth s most compelling forms of human diversity and suffering Although a few notable figures are included most of the authors in the study constitute a breed of largely forgotten travel writers This work is an attempt to extract the core of their observations impressions and conclusions concerning what they saw and experienced particularly concerning Indian aspirations for independence and India as the world s most exotic human landscape      *The Athenaeum*, 1832      *Conquest of Violence* Joan Valerie Bondurant, 2020-09-01 When Mahatma Gandhi died in 1948 by an assassin s bullet the most potent legacy he left to the world was the technique of satyagraha literally holding on to the Truth His experiments with Truth were far from complete at the time of his death but he had developed a new technique for effecting social and political change through the constructive conduct of conflict Gandhian satyagraha had become eminently more than passive resistance or civil disobedience By relating what Gandhi said to what he did and by examining instances of satyagraha led by others this book abstracts from the Indian experiments those essential elements that constitute the Gandhian technique It explores in terms familiar to the Western reader its distinguishing characteristics and its far reaching implications for social and political philosophy      *The Fakir. A Yoga journey* Calle, Ramiro, This is the most entertaining and most profound novel of Ramiro Calle and it has already run to 12 editions in Spanish Hernan the protagonist of this exciting novel has flown to India with the purpose of finding a meaning to his life and discover the true nature of being In his intense journey through India dotted with surprises and full of dangers he makes the acquaintance of many sages and finally he meets Suresh the Fakir who teaches him the millenary techniques to connect with the Cosmic Consciousness After receiving the unusual teachings and methods from Suresh the Fakir Hernan will never be the same as his mentor will teach him how to get rid of the physical and mental wraps to find the Absolute      Author - Title Catalog University of California, Berkeley.
